The man that of the castles on the beach at Galilee Himself longed to see kindled. Luke me!"

I remark first that this is true in regard to all scientific exploration. You know that the first discoveries in astronomy and geology and chronology were used to battle Christianity. Worldly philosophy came out of its laboratory and out of its observatory and said: "Now, we will prove by the very structure of the earth and by the movement of the heavenly bodies that the Bible is a lie and that Christianity as we have it among men is a positive imposition." Good men trembled. The telescope, the Leyden jars, the electric batteries, all in the hands of the Philistines. But one day Christianity, looking about for some weapon with which to defend itself, happened to see the very old sword that these atheistic Philistines had been using against the truth and cried out: "There is none like that; give it me!" And Copernicus and Galileo and Kepler and Isaac Newton and Herschel and O. M. Mitchell came forth and told the world that in their ransacking of the earth and heavens they had found overwhelming presence of the God our Bibles; these steamships, they began to shake itself from the Koran sailors, rushing from city to city all Bibles. Commentary.-1, Day of Pentecost The meaning of Pentecost is "fiftieth." It occurred fifty days after the Passover, and was the second of the three yearly feasts held by the Jews, The first, the Passover, commemorated Israel's deliverance from Egyptian bondage, and pointed to the Lord Jesus, our Saviour. The second, Pentecost, fifty days after, marked the giving of the law on Sinai and pointed to the baptism of the Holy entrance into Canaan, their peaceful home, and points to our inheritance and abiding home. PRACTICAL SURVEY.

When? Pentecost was a feast instituted in commemoration of the gift of the law at Mount Sinai, on the fiftieth day after the departure of the Israelites from Egypt. Lev. xxiii. 15-16. The feast of the Passover was instituted to commemorate the passing over, by the destroying angel, of the houses of the Hebrews that were marked by the blood of the paschal lamb and the escape of God's people from Egypt -the land of bondage. MASSAGE OPERATOR ARRESTED.

New York Report says: The body of man found late last night in house in Ninth avenue has been identified as that of Rev. Dr. Edward S. zelten, Pa., who recently had a conference with J. Pierpont Morgan in reference to the threatened strike in the iron and coal regions of Pennsylvania.

The coroner says that the identification can hardly be questioned as papers found on the body seem to prove it. The police are working on the theory of murder. Kirk Stanley, a massage operator, in whose rooms the body was found, is under arrest as a suspicious person. A great deal of mystery surrounds the case. Decomposition had ad-

London Wool Sales.

London, May 15 .- The offerings at the wool auction sales to-day numbered 12,294 bales. The selection was better and competition was more spirited. The home trade secured the bulk of the offerings. Germany bought a number of superior scoured, and merinos of low grade were irregular. Crossbreeds were steady, while fine lambswool was steady for fine grades and slow on others, with prices in buyers' favor. New South Wales, 4,000 bales-
