A line Ready Made Suit for \$5.00 at McKechnie's.

At a meeting of the Session of Durham Presbyterian Church held on Friday last, the resignation of Dr. Gun as teacher of the bible class was accepted and a resolution put in the minutes expressing the sense of the worth of his services in that important work.

For upwards of thirty years he has had charge of the class and has been most enthusiastic in his interest in the young people. In these days of eager restlessness it has been the privilege of only the few to maintain the interest during as long a period. For the present Rev. W. Farquharson will take the charge of the work as he has done during the past few weeks.

Rev. Mr. Farquharson is in Ottawa this week attending the meeting of the General Assembly. The Presbyterian pulpit will be vacant in the morning of next Lord's day. The important subjects to be brought before the Assembly in addition to the great Mission Reports will be the Century Fund and the question as to whether an Elder is eligible to act as Moderator of Presbytery. Schemes will also have to be devised to overtake the additional work thrown on the church, by the great increase of population in Northern Ontario and the North West, as well as in other new parts of the Dominion. The great demand for ministers is making a shortage in the supply for congregations in Ontario so that vacant charges have to wait sometimes a year and even more before their pulpits are filled. Besides that, the field in the States is proving attractive to many of our men who have found good charges there.

**THE WEATHER.**—We call attention this week to the excellent weather report furnished weekly by the kindness of Dr. Gun. Kept in a diary these reports would furnish an excellent epitome of the year's weather.

**CREDIT AUCTION SALE.**—Of Farm Stock and Implements, in Durham, on the old Rombough farm, just to the south of the town, on Thursday June 27th, 1901. For further particulars see next week's issue and posters.

**H. BURNET.**

**C. O. F.**—The local court of this body about 82 strong met at the Court room on Sunday last and marched to the Methodist church, where the pastor Rey. Wray R. Smith preached an appropriate sermon. The band preceded them with suitable music on their return, though no doubt it grated harshly on the ears of the Presbyterian body at that moment seated at the communion table. This is much the largest parade ever held in Durham.

**VOLUNTEERS OFF!**—Captain Snider with a very much reduced company, left for Niagara on Tuesday morning. The order for vaccination almost at the eleventh hour, was the chief reason of the failure to get a full company. Some have just got it done and the chances are that the hospital staff will be kept more than busy with vaccination patients. The company have been supplied with the new Lee-Enfield rifles, and the Oliver equipment, this last being a well devised plan for the loading of the soldier in such a way that the weight of kit and outfit is well distributed over the body while on march.

**TORONTO THE TRAGICAL.**—Such a title would well beset Toronto last week. The Aurora bank burglars, Jones, Rice Rutledge were on trial, and while on their way home from court to jail in a hack in charge of three policemen, only one of them armed, a confederate, still at large, flung a hat box into the hack containing two revolvers. These prisoners were handcuffed together but the two outside ones had each a free hand, and as the free left hand belonged to a left-handed man, they quickly grasped the revolvers and turned on their keepers. Constable Boyd refusing to throw up his hands was shot dead as he grappled. Stewart, the other constable inside, with presence of mind flung his hands up and told them to get out which they did. Still handcuffed they boarded a street car and struggled with the motor-man for possession of Stewart before this having got in good work behind. Other help arrived and they were hammered into submission, all badly bruised and Jones, the centre man fatally wounded by Stewart. Next day they were sentenced to 21 years for bank robbery, but death released Jones. Stewart's evidence made it plain a charge of murder would follow, and Rutledge, on the way to dinner in jail, rushed from his guards up a stairway and flung himself 30 feet, headforemost, on a grating below. This ended him and now only Rice is left to answer for the death of one innocent man shot in the discharge of duty. Rutledge was a native of Streetsville and as a boy, was clever and not likely to be criminal. After his first fall, however, his career went rapidly downward, and associations with other prisoners in the States led him from bad to worse. The fight against society and law can have only one end, proving the truth of the good book's dictum "the way of the transgressor is hard."

Miss McCannel, of S. S. No. 1, Normanby, has arrangements made for a grand school picnic to-morrow, Friday, in Carson's bush. We have to thank her for a warm invitation to be present and to occupy the chair.

The Town Council had a special meeting on Saturday night and passed some by-laws relating to the sidewalk construction of 1900. The multiplicity of by-laws of late has greatly added to the work of Clerk Anderson, and the council was entirely justified in increasing his salary by \$24 a month which is a very moderate increase.

Mr. John Hill of Balachava leaves towards the end of the month for a protracted visit to Devonshire, England, and will also visit France and other parts of Europe before his return. This will be Mr. Hill's ninth trip across the briny deep.—O. S. Sun

The Canadian Poultry Review says: "Mr. T. G. Holt, Durham, whose poultry house was destroyed by fire last fall, has a new building that he thinks is about right, and of which we should be pleased to have a description. His barred Rock eggs have hatched well; from six settings he has sixty-four chicks."

**SUDDEN DEATH.**—The uncertainty of life was exemplified again when word came to town on Saturday last that Mrs. A. C. McKenzie, of Montreal, daughter of Rev. Alex. Stewart of this town, had died suddenly of heart failure. The remains were brought to Durham on Monday and taken to the house of her sister-in-law Mrs. A. McKenzie from whence they were taken to the New cemetery. The sorrowing husband and children, the sister here and aged father, will have the heart felt sympathy of the community in their sudden bereavement. The remains were accompanied to Durham by the deceased's husband and son. A brother-in-law, Mr. Cole, Michigan, was at the funeral, a friend from Fergus and a large number of town and country sympathizers. Rev. Mr. Stewart's son Rev. Joseph Stewart, Rochester, came up on the evening train.

**FROM FAR IDAHO.**—We were pleased last week to receive a letter from Mr. Joseph Stephenson, who, with his wife, lately left North Egremont to remove near his son, Thos. and family in Idaho. He is highly pleased with the looks of the country so far, and (writing on May 27) had an invitation to go and pick all the strawberries he wanted. Many here will be glad to know Thomas is doing well, has 210 acres under crop, on a soil Mr. S. thinks will grow anything. He encloses a blade of spring wheat, 11 inches long, plucked from an ordinary field, which would soon be in head. While a fine place when you get there he describes the journey as a very rough one, about 600 miles through rocks and mountains.

**A JUNE BRIDE.**

Mr. J. N. Grieve, Sault Ste Marie, Mich., came to town last Saturday and has been a guest at Mr. and Mrs. S. Arrowsmith's since. If we say he comes as a robber we ask our readers to form no hasty conclusions while we explain the contemplated theft which is to be consummated to-day, Wednesday, in the presence of a clergyman and consenting friends. There, you know it all now. Mr. Grieve became acquainted with Miss Arrowsmith in Michigan, and now comes to charge acquaintance-ship into the more ripened connection of matrimonial union. Thus to lose one of Durham's fairest damsels is not matter of regret however, as Mr. Grieve is a good Canadian working for Canada under the Dominion Government as emigration Agent in Michigan. For several years he represented North Perth in the Dominion house, and was well acquainted with Dr. Landerkin being of the same stripe in politics. He is still serving his country in another capacity and has been the means of placing many settlers in our North West. Mr. and Mrs. Grieve have our heartiest good wishes in their union.

**AFTER THE EVENT.**

As the above shows it was written before the event. It is now over and on one of the brightest and most delightful of summer days the happy couple have become one. Rev. Mr. Farquharson performing the ceremony in the presence only of immediate relatives.

The bride was attired in a cream bengaline dress trimmed with cream silk and carried a bouquet of lily of the valley and Horeas, the latter a beautiful flowering plant, being the gift of Mrs. Parker to the bride. The travelling dress was of navy blue broadcloth, trimmed with Persian applique. The bride was the recipient of many valuable presents from friends in Michigan and elsewhere. They left by train Wednesday evening for Owen Sound, from which point they go by boat to their new home, and again we throw a handful of editorial rice after the happy couple.

**CEMENT PROGRESS.**

Mr. W. L. Falkingham, was in town on Saturday making provision for a few boarders this week out at the Falls where work begins this week. After a few days of engineer work, it is expected that a force of 200 men will be employed at the building of the great dam necessary to give the power. To cook for these men is no light task, but the country will breathe freer and the men will get fat for we learn that the experienced Jack Saunders is to be installed in charge.

It is expected work will begin this week also in town, on the site purchased by the town council. The selling of stock has been very successful and everything points to the busy summer we expect.

The council on Tuesday night met and completed arrangements with Mr. Burnet. At the close of their meeting a deputation waited upon him and passed over the check for \$2800, of which amount the Company pays \$1500, leaving a net sum of only \$1300 for the town to assume.

Mr. S. Lawrence, Jr., has completed, or is about completing a contract for the poles necessary to convey the power from the falls as well as for the trolley. The deeds have been made out for the Wilder's lake property and Director Gilbert McKechnie is endeavoring to place a contract for 300 cords of stone. He is also looking after about a million of brick.

These and similar steps are all preliminaries necessary at the inception of this vast enterprise.

50c. will get the Review from now till Jan. 1, 1902. Who would be without it?
