The anniversary of the opening of Balny Beach, the Owen Sound summer resort, will take place on July 1st, 1901, when a monster celebration will be held. We have to thank John H. McLaughlan, the manager, for a complimentary season ticket on the Steamers Mazaepa plying between Owen Sound and Balny Beach.

**CAUSE THEY'RE GOOD.**—A penitentiary publication recently said: "Why is it that from the first inception of our paper till the present time we have never had an editor to sojourn in our midst. Other professions have been represented, of preachers we have had enough to furnish to any African chief for a year; doctors in sufficient numbers to depopulate a State and enough lawyers to establish a good sized colony in Hades. But editors—none!"

**NO. 1, NORMANBY.**—Last Friday in delightful weather, Miss McCannel, the popular teacher of S. S. No. 1, No. 1, Normanby, held the annual picnic in Carson's bush and it was very largely attended. Rev. Mr. Campbell occupied the chair while an interesting program was gone through with. Three past teachers of the section were present, Messrs Kerr, Redford and McDonald, and we beg to assure Miss McCannel and the section that it was not to our liking that we had to play truant that day and thus prevent a fourth one from being present, who ante-dated them all.

In addition to the teachers an address was given by Mr. Wm. Allan, Mr. Jas. Watson and niece Miss Alice sang a duet, and fine instrumental music was supplied by Mr. and Miss Ball. Mr. Gilmour, the popular reciter, helped along and a variety of contributions furnished by Arthur Backus, Ethel Foe, Jimmy Marshall and O. Thompson interspersed with songs by the children and music by the efficient choir. Quite a number from Priceville, Yeovil and other places were present and ample provision for the inner man was there for all, while swings, football and other amusements filled in a pleasant afternoon. The football match was won by N. East Normanby team against Yeovil, 1 goal to 0.

Social evening in the Epworth League next Monday night.

**FISHING TACKLE.**—The best variety and Quality at half prices at Darlings' Drug Store.

**GARDEN PARTY.**—Dornoch Presbyterians intending a garden party at Mr. Louis Smith's, on the 28th of June, for which good preparation has been made in the way of speakers. The Dornoch string band is to be present also. See Posters.

A Kansas weekly paper states in its "local happenings": "Mrs. Jones called this morning and laid a dozen of eggs on our table. Many thanks." There's no telling what those Kansas women will be up to next.

**SOCIAL EVENING.**—The Y. P. S. C. E. are having a social evening in the Presbyterian Church on Friday of this week. A programme, delightfully informal in preparation. The society is particularly anxious that all the young people of the congregation in town or country shall be present.

**NO LONGER M. D.**—Dr. Shepherd, well known here, is in trouble. At a meeting of the Ontario Medical Council lately a charge brought against him about a year ago for alleged malpractice was declared proven and in spite of a pathetic appeal for leniency and a chance to redeem himself, he was suspended by a vote of 21 to 6. He has given notice of appeal from their decision.

**GAELIC SERVICE AT THE ROCKY.**—Rev. Mr. Matheson, Priceville, will exchange pulpits on Sunday next with Rev. Mr. Graham, Dornoch, service at Dornoch at 11 a. m., at the Rocky at 2:30 p. m. He will also hold a short gaelic service at the Rocky after the English one. All who are desirous of attending the gaelic service will be at the church in good time to get a seat. It will begin at 4.

## CEMENT PROGRESS.

Ten or twelve teams are this week drawing stone for the foundation of the building of the National Portland Cement Co. Some hundreds of cords are needed. Mr. John Kinnee has the oversight of the work and the stone is being drawn from Mr. Jas. Burt's place, the proprietor with commendable liberality, giving it free.

Communication is in progress with brick making firms for the enormous supply needed, and delivery of these will begin in a short time no doubt.

The Directors meet in Durham on Tuesday next to make arrangements for a start of engineers and workmen, and of this we shall take due note as the work progresses.

Since writing the fore going we learn that the stone required is largely of the small rubble kind, which is crushed to form with cement the rock-like substance, cement-concrete, which we have frequently referred to in past issues as forming the solid foundations of the immense machinery at Cement city. We imagine the hills of this district have an adequate supply!

Chief Engineer Bogardis and two other of the Company's engineers are on hand this week, and a gang has been started at the Falls finding out the depth and quality of the rock preparatory to the building of the dam.

The surveying and building of the Grand Trunk switch into the grounds is one of the first operations, and Director Gilbert McKechnie is conducting negotiations as to that.

In fact what between looking after stone and teams, arranging for brick, building switches etc. etc., Gilbert's head and hands are more than employed, but as his heart is all right our busy local Director will prove equal to the occasion, but assuredly he is finding the job no sinecure.

In view of the early closing of the stock-sheets. All those who wish to get stock at par would do well to apply at once. \$50000 went on last week at outside points, and this week it is expected that sum will be exceeded.

Durham's cheap power, superior marl, and ideal site so commend the institution that stock is taken where other propositions would fail to win confidence.

## CRICKET.

At a meeting held in J. P. Telford's office, on Monday last, the Cricket Club was reorganized for the season. The following officers were elected: Hon. President—Dr. Jamieson, M. P. P. President—Jno. S. Robertson. Vice President—Dr. Hutton. Captain—J. P. Telford. Sec'y-Treasurer—Jas. G. Park. Committee—D. B. McFarlane, N. McIntyre, Jr., A. W. H. Lauder, A. McDougall, Jos. Burnett.

### BETWEEN THE LACROSSE NETS

#### DURHAM OPENS THE LEAGUE SEASON WITH A DECISIVE VICTORY.

Last Thursday afternoon lovers of the national game in town were delighted to see some really good play between the Durham Senior team and a team from Markdale; more delighted still to find victory perch triumphantly on our boys by the score at the head of this article.

The visitors had some good material and before the close of the season may pull together and make a better showing. Their shooting is perhaps the weakest point about them, though with such a Goal-keeper as Arthur Laidlaw, it is pretty hard to establish a record.

The game was called for 5 o'clock, but it was 5:44 before the ball was faced and play began as if both sides had set their heart on victory. An unintentional blow from some Durham stick cut the head of one of their opponents before the game was a minute old, but Dr. Mahan, of the Durham team, fixed it up. It was soon evident that in combination our boys were right "in it," for after 4 minutes play, the ball made a sweep through the hands of Whitney, Winkler, Munro, and A. McIntyre tracing a big letter S faster than we write it and falling into J. Collinson's care was sent into the net amid the plaudits of the crowd.

The second goal was made in 4 a minute, the ball traversing almost the same course as the first, the winning shot being fired by C. Briggs, with Markdale wondering what struck them. With commendable promptness the referee had them at work again, Markdale feeling something "had got to be did" and after 10 minutes play, the longest of the match, the visitors got their first goal, the score being made by McMillan after some good play with some vicious checking.

The 4th goal was won by Durham after 5 minutes play and seldom surely was a neater throw made than that which won it. After a series of scrimmages in which the white, almost invariably, came out with the ball, it was caught by Winkler who was standing with his back to the net. The Markdale goalkeeper was no doubt watching for him to turn but wasn't aware till a second later that Winkler had eyes in the back of his head, for with splendid judgment and skilful hand he flung it over his shoulder and up. Had he waited to turn he might have failed.

Quarter time was called and Durham was happy with 3 to 1.

In the 2nd time stretch 5 goals were made, Markdale getting the first one, each of the others were made for Durham by Briggs whose unerring hand and eye passed in 9 in all.

The visitors entered into the second half with spirit winning two goals, when their luck left them, for the 7 remaining goals were won by Durham, Alie McIntyre scoring two, Winkler two and Briggs three.

Dr. Mahan was "point" Euclid's definition of point is "position without length or breadth." We believe Markdale boys who ran against this "point" admit the definition would hold for Dr. Cover point Glass was the mysterious man, that is, the thing you thought he wouldn't go as if he were everywhere, and if you reached he wouldn't be because you thought he would, he would be sure to do the opposite. T. W. Collinson, A. Meredith and C. McIntyre were good defence men, though for that matter, the boys in these matches where needed and back into their place again like an elastic band. That's what they were an elastic, athletic band of players.

Durham team is all right but what's the matter with Durham town? With such a reasonable admission fee, 15c. there should have been four times the crowd. The boys in these matches represent the town and we hope at the next league match to see a warmer interest taken in this manly sport. Expense has to be incurred, and the least the town should do is to encourage them by their presence and gate receipts. By the way, it seems too bad that so many will take the vantage ground of the railway track to escape gate fees and yet see the match that others support by paying for. Something should be done to induce or compel a cessation of the practice.

The following table will show in brief the various goals.

Game	Place	Time	Made by
1	Durham	4 mins.	Joe Collinson
2	"	"	G. Briggs
3	Markdale	10 "	McMillan
4	Durham	5 "	D. Winkler
5	Markdale	5 mins.	Milliner
6	Durham	2 "	Briggs

#### THE GENERAL ASSEMBLY.

Rev. Dr. Warden, the efficient General Secretary of the church at Toronto was unanimously appointed Moderator.

A great interest is being taken in the discussions and work of this body at present about closing its annual meeting in Ottawa. The report of the Committee on Sabbath observance aroused such an interest as betokened there was valiant defenders of the Day of rest amongst the clergy present. Pleasure was expressed that labor bodies were cooperating with the churches in securing the better observance of the day. The two great evils looming up were a growing materialism which put commercial interests before sanctity or rest and another equally noticeable, the growth of the holiday spirit, desiring on Sunday equal facilities for excursions, &c., as on week days.

The million dollar fund has been a great success, reaching nearly a million and a half.

In view of the large influx into Canada of a foreign born population, an influx sure to increase, much attention is being given to strengthening the Home Mission work in the North West and British Columbia, and a proposal was made to have an organization of women on the lines of the W. F. M. S. to attend to Home Mission Work.

Fraternal greetings were conveyed by delegates from the Methodist and Congregational churches.

The next meeting is to be held in Bloor St. Church, Toronto, in June 1902.

Missionary MacKay's death was, of course, a sad theme, and resolutions of condolence and sympathy are to be sent to his family and the Formosan church.

A proposal to send a deputation to the Foreign Mission Fields on a tour of inspection as it were, was introduced, but on being opposed by Dr. Fraser Smith, (late of India) the motion was lost.
