Dromore.

The weather continues warm and dry and the farmers are beginning to think that the turnip crop is going to suffer if we don't get rain soon. The hay crop is coming in fast and will not be as heavy a crop as was spoken of at one time.

Last Saturday Wm Nelson managed to get the remainder of his new barn raised. The Haas Bros have the contract, needless to say it will be done right. It was raised with block and tackle.

Mr and Mrs T Leggett, of Kingston, are at present visiting Mr L's old home and many friends around here.

Mr and Mrs Shewan, of Toronto, are at present visiting the Laughton family.

Mr R Taylor and Mr J Laughton, who have been for some time in Owen Sound, returned home Saturday.

Mr J Lothian, of this place and Mr J Moore, of Normanby, took in the sports at Flesherton on the first and report a warm time.

Miss G Kennedy, of Toronto, was a welcome caller on a few of her many friends around here last week.

Mrs R Kenwick took a trip to Belgrave last week to witness the induction of her brother Mr J Hastie into the ministry of the Presbyterian Church of that place.

Quite a number from around here took in the trip to the Model Farm last week and report an instructive time.

The Egremont Sunday School Convention will be held in Fairbairn Church on July 10th, afternoon meeting at 2 p. m., evening meeting at 8 p. m. A good program is being provided.

The annual picnic of S. S. No. 13, Mr Jas Coleridge, teacher, will be held on the 9th inst and every arrangement is being made for a good time.

GREY PRIZE LISTS.—Have you got one? They were issued in June from the REVIEW office about 2 months earlier than they have been for years.

Pricewater.

During the most of last week the weather was extremely hot. The thermometer stood 125 in the sun on Thursday last, 27th of June and 80 in the shade. Wednesday the 26th was sultry, a number of farmers were delivering hogs for Cook at Ceylon, one man had three died from the effects of the heat and several lost one or two. There is no danger if water is applied frequently on the way to cool them off.

Road-making is about done. It is an unthankful business to the boss for in doing his duty he is counted as mean and hard to please, but it is a poor rule that that don't work two ways. Those that are grumbling should get a chance at the next road-making to be overseers then they will have the opportunity to return the compliment on the new boss.

Rev Mr Graham, Dornoch, preached two excellent sermons in the Presbyterian Church Sunday before last.

Mr Chas McDonald, of Brace, visited his numerous friends in this neighborhood lately. Mr McDonald had the misfortune of losing his partner in life a few months ago, for which he has the sympathy of his friends in this part.

C C James Esq., of this town, is spending a week or two in the vicinity of Guelph. He will be accompanied home by his daughter Miss Fanny, who is teaching in that district.

Arch Butters left for his native land on Tuesday the 26th of June. We heartily wish him a safe return.

We are sorry to hear that Mrs Allan McLones is not improving much in health. She is at present with her daughter Mrs Graham of this town.

Alex McLeod is preparing to move onto his new property at the mills and will be moving some of these days.

A number of our neighbors attended the Farmer's Institute excursion to the Model Farm on the 26th June and were well satisfied with it not for the heat.

A large number of the ratepayers and others of our school in this place assembled one day recently at the school and presented our long and faithful teacher Mr Blakestone with a beautiful certificate and easy chair before taking his departure from us as teacher. Mr Blakestone has served here for the last 9 years. Miss Grant was made the recipient of a beautiful Bible. She manifested herself during her term as teacher in the Junior department to have won the favor and love of the little ones under her training.

Last Sunday the Gaelic communion was dispensed in the Presbyterian Church in this place when a good many of that language were present on the occasion. English communion next Sunday. Rev Campbell, of Dromore, will preach on Friday at 11 in the morning.

EB McMillan an old and much respected resident of Pricewater, but now of Toronto, is visiting friends in and around town for the last few weeks. Mr McMillan came to Pricewater in the year 1859 and kept hotel here for a number of years. He looks hale and hearty for a man of his years.

Ludayig McLeod, of Orillia, is visiting friends in Artemesia this week. Mr McLeod was an old resident of Artemesia.

A grand picnic will be held in Sullivan's Grove two miles and a half north of this town, under the auspices of the Ancient Order of United Workmen on Wednesday the 10th day of July when an excellent time is expected to be spent in the various amusements of the day. No charge will be made as it is free to all and promises to be the best of the season as Workmen always are a Liberal Society. Refreshments will be provided. Music and speeches by noted singers and speakers. So young men and maidens, wives and husbands are invited to come along and enjoy a good afternoon's amusement free. Young wives try and convince your young husbands that they do not really love you as they promised at the altar, until they unite themselves with the A O U W Society, then their love towards you sinks down deep into their very souls when they have made provision for you to meet the day of possible calamity.

Our schools are all closed. Teachers went home on their way rejoicing that they had 7 weeks of holidays. No doubt there are some lonely hearts, who will be longing for the 26th August to come. The pleasant evening drives has to be suspended for a time, but nevertheless could the dumb animals speak their query would be why are we at rest for so long a time.

Mr McArthur will be leaving for the Old Land this week.

Peter F McArthur, son of Commissioner McArthur was made Field Sergeant at the recent drill at Niagara. Peter will make a good officer.

Misses McLean, from Tiverton, are visiting at their friends in this place for the last few weeks.

We are pleased to see John Simpson able to be out again after a long spell of sickness from grip.

Married at the manse, Pricewater, by Rev J A Macdonald M. D. on June 26th 1901 Colin McLean, of Artemesia to Janet Ferguson, daughter of Mr Arch Ferguson of the township of Protton. The many friends of the young couple wish them a long and a happy life together as both are highly respected.

1st July passed away quietly here as there were no amusements. Some went to Flesherton and some elsewhere.

MORRISON—McGARR NUPTIALS.

A recent issue of the Guelph Herald contains the following notice of the marriage of Mr. Wm. Morrison, of Guelph. The Review extends warmest felicitations to the young couple on their union:

"In the Church of Our Lady, Guelph, Wednesday morning, June 28, there was solemnized the marriage of Mr. William Morrison, of Guelph Township, Grey County, and Miss Margaret Josephine McGarr, second youngest daughter of Mr. P. McGarr, of Puslinch. The nuptial mass was celebrated by Rev. Geo. B. Kenny, S. J., in the presence of the relatives and intimate friends of the happy couple. Miss Margaret Gribbon, cousin of the bride, was the bridesmaid, and the groom was attended by his brother, Mr. M. P. G. Morrison, of Durham.

The bride was attired in white organdie with valenciennes lace, insertion and white satin ribbon. She wore a white Leghorn hat and carried a bouquet of cream roses and carnations. Her going away gown was of blue broadcloth. Miss Gribbon was gowned in blue and white Batiste with insertion and trimmings of lace and white silk. Her hat was of white chiffon trimmed with blue and she carried a bouquet of pink roses and carnations. The groom's gift to the bride was a beautiful gold watch and chain. Many other presents attested the popularity of the bride among her numerous friends.

At the residence of the bride's father a sumptuous wedding breakfast was subsequently partaken of, at which many good wishes were offered for the happiness of the newly wedded pair. In the evening over one hundred of the friends of the bride gathered at her home. There was a good old-fashioned dance in which all the young people joined with much zest and the morning hours had gone before the music and merriment ceased.

The bride is one of the most amiable young ladies in Puslinch and Mr. Morrison is a progressive, popular farmer in Guelph. The couple will visit the Pan-American exposition and other points in New York State on their honeymoon.—Guelph Daily Herald.

COUNTY COUNCIL.

WEDNESDAY AFTERNOON.

Council met at two o'clock, the Warden and all the members present but Mr McDonald, who had been called to Owen Sound. Minutes of Tuesday were read and confirmed.

Dr Sproule, M. P. for East Grey, was present on behalf of Lieut. Col A G Campbell of the 31st Grey Regiment, to support the request for a grant to the non-commissioned officers and men of the 31st Battalion, and also a grant to the Band of the regiment, to assist in defraying cost of the instruments.

Mr Hampton, a member of Wellington County Council, was also present, and was heard by the Council with reference to a grant to aid in improving the county line between Protton and West Lather.

The clerk presented a large number of accounts—from members of the county and others—the former to cover their time and mileage in tours of inspection in their respective divisions, looking after the bridges; the latter were, many of them, for repairs to bridges on the various township and county boundary lines, and which are being looked after by the County Council.

Mr Preston presented report No 2 of Finance Committee, which was on motion adopted. It recommended the payment of the election accounts of the Clerk and Deputy Returning Officers in Township of Sydenham, incurred by the bye-election in Division No 8 on the 14th inst. There were nine polling places, and the fees amounted altogether to \$82.30. The Treasurer's estimates for 1902 were dealt with and passed, as sent in by Mr Parker, in this report. The total amount of the estimated expenditure is put at \$31,507.00.

Mr McKinnon, Chairman of Roads and Bridges, presented report No 1 of Road and Bridge Committee. It recommended the payment to H Palmer of the sum of \$145.00 for two bridges on townline of Sydenham and St Vincent; of Messrs Anderson's account for lumber for bridge at Scone, county line of Grey and Bruce, \$72.00, county of Grey's share, half of this amount, \$36.00. The payment of the sum of \$88 in full settlement of claim for damages by Arnold Bros, owing to defect in bridge on townline of Bentinck and Sullivan was confirmed. Several small amounts for

general repairs to bridges was covered in Mr McKinnon's report and a by-law to confirm a by-law of the Township Council of Artemesia, closing up certain roads, was recommended for passing.

Mr McArthur, Chairman of Special Committee, appointed to draft a reply to the Reseve of Markdale's address of welcome in the Council, presented draft of reply, which was accepted by the Council, and ordered to be sent to the Reeve.

Mr Watson, Chairman of Education Committee presented Report No 1 of said committee. It recommended that Public School Inspector Grier's report on the schools in his inspectorate be printed in the minutes, and that he be allowed to change the place for holding departmental examinations from Kimbly to Heathcote, there being a case of smallpox at the former place. It also recommended that a petition in the nature of an appeal against a by-law passed by Protton Council, dealing with S. S. No 11 of that township, which altered the boundaries of said section, be allowed, and that arbitrators be appointed to settle the matter. The applications of the Board of Education of Owen Sound for \$1228.22 as the county's share for extra maintenance; and of the High School Board of Meaford for \$551.13 as the county's share for maintenance, was recommended for passing. The report was adopted by the council without amendment.

The various reports of the several members of the council as the result of their tours of inspection were ordered to be referred to the Road and Bridge Committee, and will doubtless be the foundation for a future interesting closing up of certain roads in that township. An idea of the number of bridges may be had when it is stated that John McDonald, of Chatsworth, a Commissioner for No 8 Division, covered in his report on the bridges in his part of the division no less than twenty bridges. It is a blessing to have plenty of pure water flowing across the fields, but it costs money to keep up the bridges required in consequence. By-law 600, to confirm by-law No 599 of Artemesia, closing up certain roads in that township, was introduced and passed its second reading.

Council adjourned till 7 p. m.
