Hopeville.

Arrived too late for last week. On the 26th of June the corner stone of the new church at Hopeville was laid by the Rev. Mr. Kenning in the presence of a large crowd of people. During the same day quite a number went to Dundalk to attend the law-suit of Hall V. Ferguson and is now finally settled. We understand some other little disputes are settled at home and all is quiet again here. Our roads have been well improved by statute labor. Mr Matthews who formerly lived in Egremont but now of Proton, went into Egremont last week and took for himself a wife being a Miss Plaster daughter of Mr. John Plaster, of New England. Congratulations.

(This Week's Budget.)

Returned home from Toronto Miss Sarena Scarlett. From Little Current, Mr H. Allan and daughter and were accompanied back by Mrs D McKechnie and family. Miss Proctor, of Toronto is visiting friends here. Mr Geo McLeach, evangelist, is here in place of Rev Mr Kenning who is away on a missionary tour. Struck our town, License Inspector Harris. Mr and Mrs John McArthur, of Pricerville, have been in our village visiting friends. Last week at the Latter Day Saint church, 15th con. Proton, by Elder James McLean, Mr Thomas Campbell to Miss Ida Wilson. The church was well filled. After the ceremony the wedding party

drove to Mr. Hugh Wilson's, father of the bride, where a pleasant time was spent. Mr and Mrs Campbell have settled down on their farm near Swinton Park.

An accident at Sageman's gravel pit 10th con. Proton, while the men were doing the statute labor, the large gravel pit being high, a slide came down catching Mr William McDonald fast. It took 20 minutes to dig him loose. He was considerably bruised about the legs, but is not dangerously hurt.

Our sick people we mentioned before are all improving excepting Miss Haw, daughter of Albert Haw, who, we are sorry to say is very poorly.

The latter part of last week we had a good rain that freshened up the crop.

Aberdeen.

Mr Dougal McDonald, Aberdeen, left Monday for Cayton, where he has secured employment with Mr. Collinson.

Thos. Morton and Wm. Scarf are each to raise a new barn this week. Mr. Morton in both cases being the framer.

Miss Clara McDonald leaves this week for town. Her smiling face will be missed in our burg.

Mr Peter Thomas is engaged this week with Mr Harry Alexander of Welbeck.

Fred Lunney has engaged Mr Sam McCracken for the haying and harvest.

RURAL PLAIN.

Intended for last week.

Quite a few of our citizens departed in different directions by rail otherwise, for different points to celebrate Dominion day.

Once more the sound of the mower, in the meadow fall upon the ear of the passer-by, and reminds him that the tall timothy and the blooming clover, are doomed again to fall before the swiftly moving knife of the latest improved mowing machine.

The pioneer looks on in satisfaction and recalls to mind, the way the hay came down when he came to the bush. Then the "Arm-Strong" mow was the only one in use, and the sound of "to-whet" "to-whet", on the grassy blade, was the only one to be heard in the meadow, but in the 20th century it is different, and who shall say how they'll cut their hay, ere the 20th one shall pass away.

The sound of the mower is not the most musical sound to be heard in this district. Above the tall grass which muffles the mowers sound can be heard at intervals, which are always growing shorter or the sound of wedding bells, and as they reverberate through the nesting meadows, and the tall trees, a sound echoes back, which carries joy and gladness to every listener. We selected a site, to listen one morning very early and quite distinctly detected the names of "tone and lynch" blended with those sounds.

Our beef ring has again commenced operations for the season, and the heart of every patron of same, was light, as he went for his first week's allowance. Some of our farmers who were loath to join the ring at first could not be induced to drop out.

Mr. Pat Morris' new barn is now ready for his hay. Just one week elapsed from the date of raising until it was boarded in shingled and ready for use.

The C. M. B. A. picnic held in Ayton on the 27th, was a decided success, although the crowd was not as large as the grounds would accommodate. The day was uncomfortably warm and was in a measure responsible for some staying at home.

TRUTH SEEKER.

Henry's Corner.

Intended for last week.

Walter Ferguson is getting things ready for a new house this summer.

Henry Tucker's little girl went to Toronto Hospital a few weeks ago, and has suffered the loss of her arm in an operation considered necessary for some disease.

Jack Wilson lost a good horse about two weeks ago, and himself last week got thrown from another horse and had his wrist broken. Misfortunes never come singly.

Quite a number from here took in the Guelph excursion and liked it. The violent storm last Friday brought some welcome rain, but the wind worked mischief unceasingly Peter Reid's barn, which was also struck by lightning, a cow of John Whitmore's was killed in the bush and fruit trees enfeebled. One of Willy Brown's smaller buildings was sent careening over the fields, and windows in the school house were broken by the hail which was of unusual size.

A stranger of the boy persuasion arrived at John Lawrence, jr's, on Thursday June 27. Congratulations.

Mr and Mrs. Thos. Brown and Mr. and Mrs. Philip Lawrence visited friends in Glenelg the beginning of last week.

Mr. and Mrs. Andrew Henry drove out to Varney to hear Rev. Mr. Sharp's farewell sermon a week ago Sunday last.

John J. Henry, Hepworth, was visiting his mother for a few days.

J. Moreland Matthews, well known here, has crossed the divide between bachelorhood and benedictinehood. The happy bride was Miss Plaster and we hope their lives may ever be cemented by love and happiness.

Varney.

Mr and Mrs Clark called on Mr and Mrs John Carson on Monday evening last.

Miss Maggie Bareley, of Collingwood, spent a few days with her cousin Mrs. R. J. Eden last week.

Mr James and Miss Nellie Gadd of Hampden were visiting the parental home Sabbath last.

Mr and Mrs Wm. Clark called on the Allan family one day lately. Miss Tracy Gordon was visiting at her sister's Mrs R. J. Eden's this week. Mr and Mrs Wm McCalman sr., are away attending the funeral of their sister,

in-law Mrs Alexander McCalman of Flesherton who died very suddenly from an attack of inflammation of the bowels. She leaves a husband and three children to mourn the loss of a loving wife and mother. We extend our sympathy to all the sorrowing friends.

Our L. O. L. No. 689 intend celebrating the 12th of July in Durham. A large crowd and a good time is expected.

The Varney S. S. picnic held on the 1st of July was fairly well attended and a very enjoyable time was spent at the picnic grounds, after which a foot ball match was played between Normanby and Varney, which we hear resulted in 2 to nothing in favour of Varney.

Mr C Gadd, who has been very poorly of late is recovering slowly.

Maple Park.

Well Mr. Ed., there has been no news appearing in the newsy columns of the Review from Maple Park of late, so we thought we would let the people know that we are still on the war path.

Councillor G. Wright was letting road jobs in his neighborhood last week. W. Stewart and J. Ferris were the main contractors.

Mr. Will McCormack accompanied by one of the fair sex took in the trip to the Model Farm, last week and reports a good time.

Misses Sadie and Mary E. Ferguson, visited their sister Mrs. Colin McLean on Sunday.

Mr. Peter McDougall accompanied by his sister Mary L., visited the McCormack family one evening last week.

Mr. George W. Graham, teacher of Boothville, visited at Mr. D. Ferguson's one evening last week.

Life Insurance agents were around last week, trying to get John E. Ferguson to insure his life, but Jack thinks his life is in enough danger now without getting it insured.

Road work is the order of the day in our burg. Mr. A. Ferguson makes an A. 1. pathmaster, so Chas. Moore says.

Mr. Wm. Froom attended the horse racing at Flesherton, on the 1st and came in 2nd in the farmers' trot with his fine driver. W. says it pays to have a fast horse.

Mr. Robt. Ferris visited in the Park Sunday.

Mr. Jos. Maxwell visited in the Park one Sunday lately. Wedding bells are ringing.

A New Map

of the COUNTY of GREY

At very considerable expense, the undersigned has prepared and had Lithographed a complete map of the County of Grey, showing Towns, Villages, Churches, Rural Schools, Rivers and Streams, &c. The map is in size about 5 by 6 feet, is well Lithographed, and shows the Townships in distinctive colors.

It will be mailed express prepaid, to any address, on receipt of price, \$5; or on application from any responsible party, will be sent for inspection. A call solicited from Trustees in and near the town.

Dated Durham June 17 '01 J. P. TELFORD Barrister, Durham.

OBITUARY.

Glenelg has lost another of its old pioneers in the person of Mrs. Wm. Greenwood sr., who passed away at her home at Edge Hill on June 29th 1901.

The deceased was a native of Cornwall England and emigrated with her husband to Canada in 1845. Her husband died of cancer in 1877 and she has thus been a widow for twenty four yrs.

Although over 82 years of age she was still hale and hearty till last February when she was taken with a lingering illness which lasted till her death.

She leaves to mourn her loss eight children, four sons, John and Wm. of Zion, Thomas and Daniel of Edge Hill; four daughters, Mrs. M. Cameron, of Hottineau, N. D., Mrs. Jas. Dunsmoore, of Hamilton, Mrs. A. Hooper, of Bunesan, and Mrs. D. J. Davis of Gatesville, Mich. She also leaves two sisters Mrs. John Wanless, of Toronto, and Mrs. B. Hunter, of Londesboro, Ont., and two brothers Wm. and Daniel Kinsman of Toronto.

Rev. Wray R. Smith, of Durham, Methodist church conducted services at the house and grave and the remains were laid to rest in the English church cemetery on July the 1st, in the presence of a large number of friends and relatives.

WEATHER BULLETIN.

Table with columns: Temperature, Min., Max. Rows for June and July.

Rainfall for the week 1.28 in. Hours of sunshine for the week 51.3

Severe thunderstorms on the 4th and 5th with a rainfall of one inch on the 5th.

General direction of the winds Southerly and moderate but very variable.

In the month of June the rainfall was excessive from Lake Superior to the Pacific Coast and in the middle section of Quebec, reaching 10 inches at Winnipeg, 6 in. at Kamloops and 5 1/2 at Victoria, but deficient in Ontario and the Lower Provinces.

The range of temperature however was quite different, being below the average from Lake Superior westwards being 60 at Winnipeg and 64 at Victoria but above from Algoma eastwards to the Atlantic, reaching 82 at Halifax, 82 at Montreal and 97 at Toronto.

However all grain, crops and hay are reported as looking well and only requiring heat to bring them on to maturity. Cattle also are reported as looking well, but not expected to be ready for export for some time yet on account of the luscious nature of the grass this season.

In Manitoba light frosts and even flurries of snow were reported to have occurred in the middle of June—a fall of 4 inches on the 7th at Brandon—but no damage in consequence reported save to some tender fruits and vegetables.

Throughout Ontario and Quebec generally the grain and root crops are reported as looking well and promising good returns. So also in the Lower Provinces, where the abundance of rain and sunshine have caused a rapid growth of grain and root crops, although in some sections down by the sea severe thunderstorms followed by sharp frosts and even light snowfalls have done some damage.
