VOL. XXIII. NO. 30

DURHAM, THURSDAY, JULY 25, 1901.

WHOLE NO. 1218

**SAFE FOR SALE.**—A Taylor safe in good order will be sold at a bargain Apply to Mr. John Cameron.

**NO MISTAKE** you make if you send that far away friend of yours the REVIEW for a year it only costs you one dollar, we pay the postage. From this date to January 1st 1902 only 40cts.

**LOST.**—On Monday, July 22, between Orange Hall, S. Line Glenelg and "Watson's Hill" Upper Road, a Robe. Finder will oblige by leaving at REVIEW office or Gordon's store.

**INDIANA FARMS.**—If you want to buy a farm cheap, and on easy terms, in a country where here is a market for everything that grows, 92 miles from Chicago, write to Mr. M. A. Dilts, Winamac, Indiana, for his list of Indiana farms.

**THE QUICK DOLLAR.**—This is what the publisher likes, Reader, if your label is slow please oblige us at the very first opportunity by a remittance or better still a call. Money left at Darling's Drug store will be duly credited. There are a number who have overlooked this little matter.

**RETURN WANTED.**—The party who found a lady's black waterproof coat on Saturday evening July 6, on the Durham Road near Allan Park, will please return it to the lady whose name is in the purse in the pocket of the coat or leave it at this office. A suitable reward is offered in preference to further steps.

**SUCCESSFUL STUDENTS.**—Last week's papers contained the lists of successful Normalites at the recent examinations. We are pleased to notice the following names from this part and congratulate each on "getting through". Mr. Cameron McIntosh has graduated from the Normal College at Hamilton. From Toronto there is Miss Cassie Puthurbough, Aberdeen, Miss Gertrude McLeod, and Miss Flora McMillen, Priceville. Mr. John Maxwell, Dundalk. From Ottawa there is Miss Julia M. Weir, Glenelg and from London Miss Kate McCormack, Glenorauden.

**THE LATE THOMAS BELL.**—We regret to be called upon this week to use the word "late" in connection with the above well known Egremont. He was prostrated with typhoid fever about 10 days ago, and the attack proved fatal on Sunday morning last. He was buried on Monday in the little Ebenezer graveyard on the S. Line Glenelg, amid sincere mourning of a large number of friends and neighbors among whom he was warmly respected. Rev. Mr. Varley, Priceville, conducted the services. Rev. Mr. Campbell also being present. He was about 66 years of age, unmarried, and leaves as chief mourners his aged father, now bordering on 100, and his brother William.

**CORNER STONE LAYING.**—Rev. Mr. Graham's Dornoch congregation, is all on the qui vive this week for next Tuesday they will make a record date in their history by having laid with appropriate ceremonies the corner stone of their fine new church. Large full sheet posters were issued from this office this week announcing that Rev. Dr. Sorerville O. Sound will lay the stone, that surrounding clergyman will be there in force, and that on the platform at either afternoon or evening service would be found Mackay and Horsely, N. Grey, Binnie and Jamieson, S. Grey, Richardson and Lucas, E. Grey, and McFarland of Markdale. A splendid tea at 6. Music of the best and admission to all only 25 cts.

**A STATESMANLIKE MOVE.**—It will be seen by our advertising columns that the Government of Ontario proposes holding a timber sale by public auction on the 17th September next. Some of the berths are those which were intended to be sold on the 15th March last, but were withdrawn as the prevalence of smallpox prevented prospective buyers from examining and estimating. Several townships in the vicinity of Sault Ste Marie are also offered. These townships have been surveyed for a great many years, but being inaccessible were not required for settlement. Now owing to the good land in the vicinity of Sault Ste Marie being all taken up and the construction of the Algoma Central Railway giving miners and settlers easy access to these townships a number are going in and the timber is exposed to danger from fire. It is therefore considered expedient to dispose of the pine timber so that the townships can be thrown open for sale or settlement and that the Province may get the benefit of the value of the timber.

The Presbyterian S. S. picnic is to be held in McGirr's bush, on Thursday afternoon, August 1.

The Garden Party at Mr. Neil McLean's 3rd Con., Bentinck, takes place on Friday evening Aug. 2. The expectation is that this one will be fully equal to other years which is saying a good deal.

**GOOD.**—Inspector Hugh MacKay informs us that the last case of diphtheria has been stamped out of town. The trouble was never serious but it is satisfactory to note that it is cleaned out at last.

**JUNIOR LACROSSE.**—Mount Forest Junior team, some of them husky fellows, came up on Tuesday and played a friendly game with Durham Juniors. The play resulted in a tie each side scoring one goal. Fred Glass scored 1st goal for Durham in 14 minutes, Mt. Forest theirs in 10 more. There was some rough playing.

**WELL DONE.**—"Highest on the list and second in West Kent, Master Robert Mills, 12 years old, 867 marks. He wrote on the Entrance from S. S. No. 2 Tilbury East and was taught by Mr. C. Ross McColl." This is the flattering record we copy from last week's Tilbury News of a son of Mr. Robt. A. Mills, formerly of Dornoch, and his old schoolmates there will be pleased to read it. Well done the Valetta boy.

**SUDDEN DEATH.**—Miss McNally, a daughter of Mr. Wm. McNally, near Traverston, died last week from diphtheria after a few days' illness. A few days before she was visiting relatives here and in good health. She was about 19 years of age and was an attractive and amiable young lady whose loss will be greatly deplored even outside of her own family and relatives who have the sincere sympathy of the community.

**MORE ROOM.**—This is the urgent cry at the Furniture Factory, and so tenders are asked for the erection of an addition which is to fill up the present North West gap. The large extra space this will give them is to be used as store rooms. The factory is doing a most excellent business this year reflecting credit on the management from foreman Caton downward. We believe they have secured the whole of Crawford's cut, both at the Aberdeen and Durham mills.

**A UNIQUE SALE.**—27 Western Ponies from the prairies were brought to Durham last week and sold by Auction at the Knapp Hotel in town. They were small, some of them scraggy and looked "tough" after their long ride. Prices ranged from \$15 to \$40 and quite a number of our townsmen invested in the "bloods." That they will be hardy is sure, and they were wild enough to give no little circus fun in the attempt to control them in the ring. They will make "mice" little drivers, but being imported in hundreds there is a danger, if bred from, of deteriorating the horse supply of the district.

**AN ANXIOUS TRIP.**—Dr. Gun left on Saturday last for Quebec to meet Captain and crew of the steamship Virginian the vessel which on its last trip came to Boston and from which about a month ago the tragic death by drowning of Cecil Gun occurred. His object is to get particulars that will clear up the mystery of the deceased, for while there is much to fear there is still room to doubt that the deceased was the much loved wandering son of the Durham home. A brief cablegram a few days ago from a cousin in London is not reassuring though it does not shut out hope. A personal interview with his ship associates will likely settle the matter and it is fondly hoped the anxious friends may receive encouraging news.

**ENUMERATORS PAID.**—The enumerators of "District 66, Grey S." have all been paid in full for their recent services in the Census. The slight breeze that occurred when it was discovered a system of allowances instead of a per day system was to be made the basis of payments, vanished into thin air when it was discovered that so well and expeditiously had the work been done, that in most cases the allowances justified the days and more. Each account seems to have been judged on its merits and though the individual checks are not as large as those of 1891 a very equitable and just settlement has been made. The work seems to have perfectly satisfied the "powers that be" in Ottawa, and to us this is particularly gratifying as we were cognizant as Commissioner to the faithfulness with which the responsible and exacting duties were generally performed.

**PERSONAL MENTION**

Town papers delayed slightly to receive the "Notice" of ratification of By-laws.

Jas. Ireland has received a very large shipment of boots and shoes and other goods to meet his growing trade. Call and see the sacrifice prices on former stock.

**PASSED FINALLY.**—The town Council met Tuesday evening and finally passed the by-laws 405 and 406, relating to the Cement requirements. Clerk Anderson has them registered this morning and the matter is now legally on first-class footing. Pleased to know it.

**PROPERTY SOLD.**—The old Dalglish property has been sold by Mr. C. L. Grant, the agent here, to Mr. Thomas Black. He has in it the making of two fine residences and as he also bought the Sharp lot alongside has ample lawn space or room to build more. We congratulate Mr. Black on his purchase.

**AT MARKDALE.**—Thursday, our lacrosse team tries conclusions with their Markdale rivals. Of course our boys are going to win and the part of Durham that does not go with them, wishes them all success and reminds them that Durham expects every man to do his duty, and will have something to say to them if they come home victorious.

**GARDEN PARTY.**—Very successful was the garden party at Mr. Jas. Ireland's on Tuesday. The evening proved a delightful one and a large crowd was present, and as they were evidently in a purchasing mood and the viands attractive, the proceeds must have been satisfactory. A program was provided and addresses were given by Rev. Wray R. Smith, Mr. Geo. Binnie and Rev. D. L. Campbell, of Dornoch, the latter having a fine address on "Cheerfulness." Some singing by young people of the Band of Hope, was a delightful feature and Mr. Farquharson very highly eulogized the work Miss Stewart is doing in this connection. Mr. and Mrs. Ireland were obliging hosts and everyone had an "At Home" feeling. Much disappointment was felt at the absence of the band which had been expected.

**PUBLIC NOTICE.**

Notice is hereby given that a By-law was passed by the Municipal Council of the Town of Durham, on the 23rd day of July A. D. 1901, providing for the issue of debentures to the amount of \$1300.00, for the purpose of purchasing a site for the buildings of The National Portland Cement Company, Limited and that such By-law was registered in the Registry Office, of the South Riding, of the County of Grey, on the 25th day of July A. D. 1901.

Any motion to set aside or quash the same or any part thereof, must be made within three months from the date of registration and cannot be made thereafter.

WM. A. ANDERSON, Clerk.  
Dated the 25th day of July A. D. 1901.

**A MOVE ON.**

Director Gilbert McKechnie went to Toronto on Monday to attend a meeting of the Board of the National Portland Cement Co. He returned on Tuesday and with him came two of his conferees, Pres. Cowham and Vice Pres. Barlow Cumberland. Mr. Gibson, a Grand Trunk contractor is also of the party, and he is this afternoon Tuesday over the route surveyed for switch and trolley line.

We understand the "Trunk" is ready to build both at a cost of 15 cts. a yard for cuts and fills or rent at a fair valuation an extensive kit of working tools to the company if they decide to do the work themselves.

We may be "out," but it seems to us if the 15 ct. rate is approximately near a fair thing, than let Mr. Gibson go ahead with the lines and the energies of the company can be profitably spent in preparation for the buildings, at the three points, the power House, the Mill, and the Lakeside.

We are inclined the more to urge this course as we are informed the amount of stock decided as necessary to start on has been more than secured, and a call on the Durham stockholders is to be made soon.

This will be gratifying news to the large number in town and elsewhere who not being conversant with the intricacies of first steps, have been inclined to chafe at the apparent slowness of operations. This delay, necessary as it may have been, is we hope at an end, and as the reason is now well advanced we may expect to see a compensating hustle in the coming months.

**THE LATEST DRESS MATERIALS.**

A very valuable feature of the August DELINEATOR is that which illustrates by photographic process the latest dress materials, accompanying the illustrations with a running comment, so as to guide those who wish to have the fullest knowledge of materials before going shopping. This is one of the features of a practical character that makes THE DELINEATOR so highly esteemed by women. The same number also goes very fully into the subject of trimmings and other dainty accessories of dress.
