Mulock Garden Party owing to rain
was postponed from last Friday to
Tuesday of this week, when a large and
enthusiastic gathering assembled at the
grounds of Mr. Neil McLean. We
really cannot find room till next week
to say more about the largest garden
party ever held there.

CEMENT.—The three cars of Cement
from the Peninsular Works, Michigan,
are at the station and the interesting
work of making building blocks will
soon commence. The contract for
stone crushing has been let to Mr.
Walker of Markdale who begins this
week,—is begun now if we mistake not.
Several cars of tools, wheelbarrows,
scrapers, enormous shovels, etc., are at
the station for the use of the gang who
are to build the switch and trolley line
under the supervision of Contractor
Gibson, who owns the tools and has lots
of experience. Mr. Gilbert McKechnie,
Treas. of the Company, went to Detroit
Tuesday, to attend a meeting of the
Board and to be present at the opening
of tenders for the machinery required
for the Cement works. Some surprise
is expressed at meeting in Detroit, but
no doubt as a centre of long distance
telephone communication, which may
be needed with manufacturers in the
States it has advantages and there may
be other reasons. Over 300 loads of
heavy stone have been dumped on the
grounds and on the whole the work is
developing with accelerating speed.

DEATH OF MRS. TELFORD.—At Leith
on Monday morning Elizabeth Murray,
relict of the late William Pattison Tel-
ford, passed away. Mrs. Telford had
gone to Leith to spend the summer
with her daughter, Mrs. Ross. She had
reached the advanced age of 87, and
for a year her health had been failing.
After going to Leith she met with an
unfortunate accident, breaking one of
her legs, and this undoubtedly hastened
the end. Her husband, who predeceas-
ed her fourteen years ago, was one of
the most highly respected residents of
the section, and is well remembered
for his marked clerical attainments.
Sixty years ago Mr. and Mrs. Telford
left Roxburghshire, Scotland, where
both were born, and arrived in Canada
after wearisome week's upon the Atlan-
tic. They settled first in Galt, where
they lived for seven years, and then
removed to Sydenham. During the
fifty-three years of deceased's residence
in this section remarkable changes
have taken place, and she watched the
development of a wilderness, in all that
the word implies, to a thriving town
and successful farming community.
During the past decade she has resided
with her son, Mr. W. P. Telford, sr.,
Seven children survive—Mrs. Wm. Ross,
Leith; Mr. W. P. Telford and Lieut-
Col. J. P. Telford Owen Sound; Mrs.
Wm. Gibson, Seattle, Wash.; and Mr.
John P. Telford of Durham. Mrs. Tel-
ford was a member of the Presbyterian
church at Annan, and of Division street
Presbyterian at Owen Sound. The
remains were interred at Annan cemetery
yesterday afternoon beside those of her
late husband, the funeral being one of
the largest seen in that section for
some time.—O. Sound Times.

BORN.
TRIBBLE.—In Williamsford, on the 25th
to Mr. and Mrs. Jas. Tribble, a son.

MORRISON.—In Glenelg, on July 31st to
Mr. and Mrs. Duncan Morrison, a
daughter.

WILSON.—In Sullivan, on Saturday,
July 27, to Mr. and Mrs. Neil Wilson,
a daughter.

Mr. G. Miller, of Hanover, has bought
out D. Campbell's livery business and
as he comes with some experience will
no doubt get a share of the business.

FROM SHOP TO RESIDENCE.—Mr. M.
Kress has the inside torn out of his old
kitchen and will have it transformed in-
to a residence on the lines of his neigh-
bor Mr. Sparling we suppose.

20 MILLS.—This is the rate struck by
the Council for 1901 at the meeting on
Monday night. Without pretending to
exact knowledge of town finances, we
think this is a very favorable rate.

Dr. Park, specialist in Eye, Ear, Nose,
and Throat diseases, will be at his
mother's residence in town after arrival
of evening train on the 17th inst., re-
maining till the 19th inst for consul-
tation.

The School Board have engaged Mr.
Cameron McIntosh to take the Princi-
pal's room during the Model term. Mr.
M. has just passed through a very
successful term at the Normal College,
Hamilton and we predict for him suc-
cess.

WHEAT.—This is the way we feel
like writing it as we peruse the special
issue of the Manitoba Free Press sent us.
On every page is evidence of the great
staple crop and the steps being taken to
reap, market and transport it. The C.
P. R. proposes to run one loaded train
every 24 hours!

LACROSSE.—Durham team last week
was defeated by Markdale on O. Sound
grounds, by the narrow margin of 3 to
2. This leaves the contest for supre-
macy between Markdale and the County
team will be played off soon.
Durham team is handicapped by these
long weary drives and we have still the
notion that under absolutely equal
conditions our boys can lick either of
the others. Some dissatisfaction is ex-
pressed that one of Durham's team was
not allowed to play though in similar
situations other teams had been allowed.
We don't know the merits of the
case. Markdale won, and Durham is
out. Lacrosse isn't much of a game
anyhow!

A party of moneyed men from New
Hamburg were in Palmerston last week
on their way to Durham to inquire into
the projects of the cement works to be
established there, with a view to invest-
ing. The party included Jacob Ratz,
David Ratz, J. C. Petticoat (who, it is
understood, took about \$10,000 stock),
and several others, all or nearly all of
whom made investments.—Ex.

The Guelph Herald of last week says:
Ald. Thorp left today on his annual
driving tour. He is accompanied by
Mrs. Thorp and his daughter, Edna.
They will go north visiting Fergus, Ar-
thur, Mount Forest and Durham. At
Durham Mr. Thorp will inspect the marl
beds and the cement works now in
course of construction by the National
Portland Cement Co., of which he is a
shareholder.

THE LATE JOHN R. SMITH.—Mr. Thos.
Smith received word last week of the
death of his brother, John R. Smith, of
Brussels, on Sunday, July 28, aged 67
years. He was at one time a resident
here and in a business partnership with
his brother in the tannery and harness-
making business, and on the dissolution
of the partnership in 1876 left for Brus-
sels. He was a prominent member of
Durham's first Town Council, and was a
member of the Masonic fraternity and
of the A. O. U. W., which latter body
conducted his funeral on Tuesday of last
week. He was twice married, his first
wife being Miss McKechnie, a sister of
our townsmen, N. G. & J. McKechnie.
Two children, born of this union are
both dead and a family of 5 or 6 by his
second marriage survive him.

JAS. G. PARK.—It was with deep re-
gret we learned as we went to press last
week that Mr. Jas. G. Park had breath-
ed his last, after a brief illness of about
ten days, and after giving hope of rally-
ing to his friends. His demise at an
early age with a useful career before
him is a loss to more than his family
with whom in their grief there is tender
sympathy. For some months back he
was employed in the Registry office and
Dep. Registrar W. Lauder informs us
that he was a most efficient and oblig-
ing clerk whose place will not be easily
filled. Notwithstanding an infirmity
which gave him weak bodily health, he
was a public-spirited young man taking
an interest in athletic clubs and other
combinations, where his advice was
highly valued. He was a member of
the Board of Durham Public Library
and had an intelligent grasp of men
and books and public questions. He
was the youngest son of the late Rev.
Wm. Park the first Presbyterian Min-
ister of Durham who died about eleven
yrs. ago, and leaves to mourn his loss
his mother a sister and two brothers,
Dr. Park, well known here, and William
in Arizona. His funeral took place on
Saturday, many fine floral offerings and
a large attendance testifying to the
esteem in which he was held.

SAFETY CONFIRMED. CECIL GUN WRITES HOME.

Had all the incidents of the past few
weeks been put in a novel, the average
reader would have been apt to criticize
it as too highly colored to resemble truth.
But to use the old adage again truth
has proved stranger than fiction!

First came a letter from Mr. McKen-
zie of Oregon, confirming the telegrams
we published last week and narrating
the information he had received from
the Boston people. This showed that
the lad reached shore all right, and of
course he didn't signal to the captain of
his arrival! He fell in with kindly
people, who assisted him appropriately
and saw him on his way without asking
questions as to his destination. This
ended the matter for the time. The
news gave intense relief of course to the
relatives and was most gratifying to
the townsmen.

On Monday last a confirmation dearer
than all came in the shape of a post
card directed to his father written from
Duluth last Friday by himself in which
he states he had just arrived from Boston
and expresses regrets to his mother
that he had not written before. Not
the faintest reference to the incident
that has stirred all hearts here! for af-
ter giving directions where to write he ends
with "All's Well!"

We hope that the young man and his
relatives here may soon rejoice to-
gether in a happy reunion.

TO THE WEST.—The picture drawn
by observers of Western Wheat fields of
50 or 60 million bushels yield; of de-
mands for 20000 extra men to reap the
fruits of the earth, led thousands this
week to take the Western trip and
Tuesday morning Durham sent its
contingent. Amongst the number we
noticed Messrs A. McMillan of Scotch
Town, Geo. Ewan, Rocky Saugeen, who
goes to his brothers in Lumsden, Geo.
McDonald jr.—Walker, and—Hunt of
Hutton Hill, Herb. Ball and T. Bedford
from the factory are among the number,
Jas. and Arch. Wilson, M. Kenny,
Albert Davis and others with quite a
sprinkling of ladies. Of course all the
men we have named are not harvesters
but to all we wish a pleasant trip, a
successful harvest of dollars, and a safe
return.

ALLISTON'S PERIL.—The authorities
of the town of Alliston are face to face
with a possible outbreak of smallpox.
One of the barbers of the town has been
sick for a couple of weeks part of which
time he has been attending to his busi-
ness. Within the last few days he was
found to be a victim of the dread disease
and was at once placed under quaran-
tine. The resident doctors are busy
vaccinating the people and every per-
son is being taken to guard against
an epidemic.—Ex.

STAR GAZING.—Last Thursday night,
Rev. Mr. Zeller, a German clergyman,
of Neustadt was in town visiting Mr.
Knapp and his friend Inspector Camp-
bell. The latter gentlemen invited us
to a treat no less than a peep through
Mr. Zeller's telescope, a fine instrument
largely made by himself and magnify-
ing 20 diameters. Jupiter and Saturn,
(almost directly south at 9.30 p m) were
viewed and four of Jupiter's moons
were plainly observed as well as two of
the dark bands on the planet. Saturn's
ring is in a good position to see just
now and looked just like the pictures.
A peep at the mountains and depres-
sions of the moon, the double star in the
handle of the "dipper", and a cluster
near Cassiopeia in the north east were
interesting and the little group who
took this trip a few million miles thru
space thanked Mr. Zeller very warmly.
Mr. Z. is an enthusiastic amateur as-
tronomer, with an inventive mind, and
very willing to communicate all he
knows of the starry hosts.

after a few days with her grand parents
in Normanby she has come home and
is now confined to the house with
symptoms of typhoid fever. We hope
it may be a light attack allowing her
still to enjoy a well-earned holiday.

Mr. Thos. Swallow, sr., and family
except To'n, left Tuesday morning for
Winnipeg, where in future they will
make their home, his son William be-
ing in business there. Genuine regret
is felt by their townsmen on their
leaving, but the best of good wishes
will follow them to their future home.
The geniality of the "Honorable T." will
be missed by many who dearly
loved a chat and joke with the shrewd
and kindly old gentleman.
