VOL. XXIII. NO. 34

DURHAM, THURSDAY, AUGUST 22, 1901.

WHOLE NO. 1222

Scholars, buy your School Supplies at Darling's Drug Store.

Mr. Laidlaw, it will be noticed, is selling out his bicycle business.

The latest practice books and all kinds of School Supplies at Darling's Drug Store.

Rev. Mr. Forest will preach at Rocky Saugen on Sunday afternoon next, 2.30 p. m.

Thanks to the band said or thought many of our citizens on Tuesday night for sweet music.

The English church Sunday School picnicked last Thursday in fine weather at Aberdeen.

BICYCLE SALE.—I have a number of second hand wheels from \$8.00 up; about one half of their value.

No service will be held at Aberdeen on Sunday next. The Sunday School Picnic in connection with Trinity Church was a decided success.

SEND IT TO DAY.—We are offering the Review to Jan. 1, 1902 for 25c. Have you a friend who would appreciate its weekly visits? Give us his name and address on a post card to-day.

DOBNOCH.—On Sunday next in the absence of Pastor Graham an elder's prayer meeting will be held in the morning. Evening service will be taken by Rev. Mr. Nelson, Desboro, at 7.30.

We are much pleased to know that the family of Dr. Gun have received two letters from their son and brother, Cecil, who is employed on the lakes and will be able to pay them a visit at the close of navigation.

MORE MEN.—Bills are out asking for 200 men to work on the switch and tracks in connection with the Cement works. The Manitoba harvesters who failed to find employment out west will please take notice.

BALLET GARDEN PARTY.—The annual Garden Party of the Town congregation will be held on the fine grounds of Mr. B. Warner on Thursday evening of this week. Should the weather prove unfavorable, it will be held the following night. It will be conducted on the same lines as last year. The band will be in attendance and other attractions.

LAST NOTICE.—All notes and accounts due me must be paid at once to save cost.

LACROSSE.—Last Friday was well packed with important matches in the national game. Markdale and Owen Sound played off the final contest at Shelburne and the County town carries off the pennant having beaten their opponents by the crushing score of 11 goals to 3. Markdale will now join hands with Durham and say "wait till you see us next year." Same day Orangeville came to Mt. Forest to settle matters in their group, and did it too by beating the home team by 5 goals to 1. However we fancy this cant count for the last quarter of the game was not played. Shelburne will assist in urging this objection, for should Mt. Forest beat Orangeville in a full time match then Orangeville and Shelburne must try "who's who." The Juniors of Mt. Forest and Durham tried conclusions same day and Durham boys came home, but not with victory a score of 6 to 3 being piled up against them. They complain, and justly too, of a piece of sharp practice they detected. After agreeing to play with 11 men each, they found that a 12th man had been quietly worked in.

BICYCLE BUSINESS.—For Sale at a Bargain.

CONGRATULATIONS.—Mr. F. Grant has passed the Part II Matriculation Examination very successfully, standing first in the list of the County. Mr. T. Firth has passed both Part I and Part II of the Senior Leaving, taking honors in the former.

ENTERPRISE.—Mr. Jno. Cameron showed us the other day a copy of the "Muskoka Times and Tourist's Guide" dated at Toronto and Port Carling and issued from the office of the McLean Publishing Co. during the summer months. The constantly increasing volume of tourist traffic to the beautiful lakes warrants the issue of this little society paper.

A NOVEL OUTFIT.—Saturday last an object of interest on our streets was a great travelling residence wagon from De Witte, Nebraska, in which a family party have been touring for some months back. By various adjustments and combinations it makes a miniature residence. About 12 feet long and 6 feet high it is roomy and when the canvas sides are strapped down and the "back door" or "front door" shut, it is rain proof, dust proof and fly proof. Economy of space has been studied and beds and bunks fold away into small space, while water tanks and other conveniences are ingeniously supplied. They have been visiting Com. Ries, of Bentinck, who is a relative. A splendid looking team hauls them around with no time-table anxieties or ticket limits to bother them. They have relatives near Aytton and were at one time residents there, and we believe they may become so again. Their name is Sparling.

THE DECREASE EXPLAINED.—We have been forcibly reminded that the West has gained at the expense of the East in the counting of heads from two chatty, gossiping letters received this week from an old pupil, Mrs. Jno. Morice, Lumsden, (nee Annie Fee), and her husband. No wonder the population of Ontario decreases when we read that Messrs. Ad. Little and John Hewitson are building fine residences, and the former expecting his parents next day; that A. and G. Mutch have bought a Masey Harris Thrashing outfit and have engaged Marquis Hoelien as engineer; that Mr. J. Pettigrew has a caboose ready for boarding his own name, as he moves from place to place, thrashing; that Thos. Derby is harvesting with Hugh Miller; that Geo. Cummings, Jeweller, has moved into his new store; that Chas. Keith is building a granary and may build a residence too; that Nelson Burrows has sold his house to Samuel Matheson, and will move to his farm; that Jas. Brown has put up a fine residence on the ranch, (We wonder why?); that Mrs. Alex. Martin and Mrs. Alex. Jamieson and son of Mt. Forest are visiting in Lumsden; no wonder the writer says "Makes us all feel as if we were back in Normanby, when the Pettigrews, W. Picken, Mr. and Mrs. Jno. Morice, Mr. and Mrs. Adam Little, Mr. and Mrs. J. Pettigrew all get together." When one thinks that in addition to names mentioned there are Campbell's Ewen's, etc. all from Durham or near it, no wonder S. Grey shows 1500 less population than it did 10 years ago. Writing on the 14th Mr. Morice says "Harvest will soon be all the go, as some on light land have started. Scores of men are wanted here, some farmers fear they won't get help enough. Some have been helped out by hail and the next trouble is the frost, which with so much wet weather, may come too soon. Wages run from \$30 to \$45 per month and the wheat will average 30 to 40 bush to the acre. We have 25 acres of oats on high land which will average from 50 to 60 bush. On heavy land the grain won't be in for 2 weeks yet and the frost will likely catch some of it. Browns have about 700 acres of Wheat and Oats. We have done little at the hay yet, but intend to commence to-morrow as we intend to put up 600 or 700 tons. Regina show is going on now and Mr. Brown is there. The cattle are fat at present, fine pastures following the rain. Adam Little got first prize for his 3 month old calf and third for his hens."

Mr. Jas. MacIntosh has had hard luck in New Ontario. He was not long up there till he was taken ill and has had to spend some time in the hospital. We trust he may soon be restored to vigorous health.

Rev. Mr. Stewart conducted the prayer meeting at the house of Mr. Milligan South Line, Bentinck, on Tuesday evening, and those present say with much of his old time vigor. This prayer meeting has been regularly held for 22 years from house to house showing a faithfulness worthy of emulation. Not often now Mr. Milligan with his 87 years can listen to a speaker older than himself by about three years. Mr. Geo. Turnbull, a lay of 67, drove the aged clergyman to and from the meeting.

Since the big down pour on Monday last our big hill may well receive the attention of the Board of Works. It was bad before, it is worse now.

LIGHTNING'S WORK.—During the thunderstorm of Monday last, a cow belonging to Mr. Pasco Saunders was killed; a serious loss to him.

Tuesday night's train was 2 hours late being delayed by a wash out at Weston an electric storm having prevailed there that day. We had our big storm on Monday afternoon.

AN ICEBERG'S WORK.—The Steamship "Islander" en route from Skagway to Victoria collided with an iceberg in the labyrinth of islands near Alaska and went to the bottom. Over 30 lives are lost, and \$200,000 of gold dust being brought out of the Yukon is lost. The mishap occurred at 2 a. m. and only 16 minutes elapsed from the stroke till the vessel went down. There is a rumor that Sir Mackenzie Bowell was on board.

PRESSING THE WORK.—Mr. Gibson, the contractor is making good headway with the switch for the Cement Co. Three gangs having been at work, part of the track will soon be ready for the gravel. The stone crusher has been an interesting sight to many round here and Mr. Walker has already a big pile on hand. We understand the wheeled scrapers could not be worked in the cut: too many boulders. More men is now the cry.

The Methodist Garden Party last Thursday evening was treated to beautiful weather and a fine crowd. Attentive waiters and fine viands were at the service of the visitors. At the close of the crowd, or most of it adjourned to the church where a brief impromptu concert of a high class character was carried out, the performers being Miss King, of Mt. Forest, and Mrs. D. D. Stratford, both skilled vocalists, who happened to be visiting here. Rev. Mr. McGregor also spoke briefly, and the pastor made a fine chairman.
