Miss Jennie Staples who has been in Toronto since last spring came home last week on a visit.

Miss Bella Morrison and sister Lizzie visited friends in town last week and this.

WOMEN AS INVENTORS.

Some of the most valuable as well as important inventions have been patented to women, among which may be numbered the first cook stove, a permutation lock having 3,000 different combinations, a machine for making screws (invented by a little girl) which revolutionized that industry, and the valuable Burden process of making horse-shoes, which resulted in a saving over the old process of many millions of dollars per year.

The first patent to a woman was granted in 1808, and since then the number has increased to many thousands.

These facts are interesting, not only because indicating the rapid and almost marvellous growth of woman's intellect, but also from the fact that the inventive genius of woman in trades fields, in which one would scarcely credit her with any interest much less knowledge.

We would not be surprised that a hat-pin, corset, glove-fastener, etc., should be invented by women, but when we learn that such inventions as telescopes, making marble from lime-stone and dams and reservoirs, are evolved, people begin to be interested.

In Canada, also, women are becoming interested in inventions as is evidenced by the large number of women applicants seeking patents through Marion & Marion of Montreal.

GLENELE COUNCIL

The Council met August 10th as per adjournment, all the members present, the Reeve in the chair. Minutes of former meeting read and approved. Communications read as follows: from C Ramage and Municipal World accounts for printing and for stationery; from S. J. Council adjourned to meet at Diemert's hall, Ayton, on Thursday, the 26th day of September.

AFTER FIFTY YEARS. TWO BROTHERS MET UNEXPECTEDLY AT ROLAND.

There was a rather unusual meeting on the platform of the railway station in the little town of Roland a few days ago, when two brothers named Barr, aged 71 and 78 respectively, looked into each other's faces for the first time in half a century.

Over fifty years ago the younger of the two left England to seek a home and fortune among what was then the forests of Canada. He settled near Meaford, Ont., married, and raised a family there.

The elder brother emigrated direct from England to Winnipeg a number of years ago.

The younger brother came out on one of the excursions last week to visit his daughter, Mrs. J. Bowes. The elder one came from Winnipeg on Monday, and the two met at the station.

Time had made great changes, and the freshness of early manhood had disappeared, both being grey-haired old men, so they had to be introduced to each other. The meeting was very affecting. They stood for a minute, and neither moved nor spoke; then they stepped forward and clasped hands, while the tears rolled down their cheeks.

Spectators were affected, and turned away at sight. At last each could speak the other's name, and finally they went away arm in arm to visit their friends to gether, where they sat up far into the night recalling scenes of their boyhood days and singing old familiar hymns they used to sing in the days of long ago. They sat together for their photographs on the following day.

Special Session of the Bentinck Council for the year 1901.

Council Room, Allan Park, Aug 22, 1901 10 o'clock in the forenoon.

The Council met at the above time and place in Special Session on the call of the Reeve.

Members all present, the Reeve in the chair.

The Reeve stated to the Council that he had called the present meeting on the request of J. P. Telford, Esq., Solicitor for the National Portland Cement Co. of Durham to ask Council to allow said Co. to cross the Garafaxa Road south of the town of Durham with a branch or switch to connect the Works of said Co with the Grand Trunk Railway and build and construct Steam or Electric Railways in the Township of Bentinck. By-law granting the request of the Co introduced, read a first time and numbered 8 for 1901.

Moved by Mr McLean, seconded by Mr Torry that By-law No 8 be now read a second time. Carried. By-law No 8 for 1901 read a second time accordingly.

Council went into Committee of the whole on By-law. Committee rose and Council resumed with the Reeve still in the chair. The Reeve presented By-law as passed in Committee of the whole.

Moved by Mr Leslie, seconded by Mr Cronin that By-law No 8 for 1901 giving certain powers mentioned therein to the National Portland Cement Company, Limited, of Durham, as passed in Committee of the whole be now read a third time. Finally passed. Signed by the Reeve and Clerk; sealed with the Seal of the Corporation and engrossed in By-law Book. Carried unanimously.

D CAMPBELL, Clerk.

NOTICE.

Notice is hereby given that the Municipal Council of the Township of Glenele will at the meeting to be held on Saturday, 21st day of September

or at some subsequent meeting of said Council, proceed to pass a By-Law for the stopping up and sale of the original allowance for Road between Con's 14 and 15 of said Township, and extending from Lots No. 5 in said Concessions to Bell's Lake.
