GRAND CONCERT.—Will J. White a comic singer, and D. McGregor a cele-brated Baritone singer will give a musical entertainment in the town Hall, Durham, on Thursday evening, Oct. 17, under the auspices of the South Grey Teachers Association. Come and enjoy the treat. More next week.

Ncah was one of the earliest advertis-ers and advertised that he would set sail on a certain date. Those who didn't believe in advertising failed to get tick-ets and during the eventful forty days were left out in the rain without an um-brella or bathing suit. As most of them could not swim they took to the trees and became monkeys.

MAKES FOUR DEATHS.—The death oc-curred at the General Hospital, Toronto yesterday afternoon of William A. Mcauley, the fireman who was seriously scalded in the C. P. R. wreck at Proton Station on August 10th, which resulted in the death of three others of the crew, namely, Wm Campbell, Jno Lancaster, and Wm McGraw. Mcauley's injuries were most painful, the flesh having dropped from his limbs in pieces. He lingered in terrible agony. Mcauley was only 21 years of age, and was a son of roadmaster Mcauley, of the C. P. R. A post-mortem examination was held at the General Hospital last night. The remains will be interred at Chatworth on Sunday, and arrangements are being made for a special funeral train.—Ex.

OIL AT HEPPWORTH.—The attention of the Grey & Bruce Oil & Gas Company and the public, has been directed to No. 2, gas well, capacity five hundred thou-sand cubic feet per day. To-day it was discovered that oil was blowing out of well No. 1, in the village of Heppworth, this being forced up by the volume of gas. Upon another examination, it was discovered that the well was filling up with oil and salt water to a depth of four hundred feet. A pump will be put in to test the output of oil. It prom-ises to be a great producer so far as can be ascertained at present. The oil is of a very superior quality, and the strike has created quite a stir in this locality.

PAID FOR REVIEW.—All units taking part in the royal review at Toronto will be allowed an advance of 50 per cent, on account of pay and rations.

At the termination of the mobiliza-tion, officers commanding brigades in-cluding cavalry, field artillery, infantry, rifles and army medical corps, will for-ward to headquarters, Ottawa, with the least possible delay, the least possible delay, the pay sheets and claims of the units under their respective commands accounting thereon for advances receiv-ed.

Applications for the Canadian gener-al service medal for service in the Fen-ian Raids of 1866 and 1870, and the Red River expeditions of 1870, will be con-sidered until further orders.

#### PERSONAL MENTION

Buy Sanford's unshrinkable under-wear, the best made, for sale by C. L. Grant.

Mr. Robert Colville, while haying a friendly wrestle with Jas. Gray, slipped and in the fall got his shoulder blade broken.

FINGERS OFF.—Mr. Charter Smith had two fingers shortened last week by contact with a saw and will have to nurse them awhile.

DEBATING CLUB.—There is some talk of forming in town a literary and deba-ting club for the winter and we think if a suitable room can be procured the idea should tak- shape at once. There is a lot of talent lying around loose which should be encouraged.

Messrs T. Barclay and T. Noble have started business as an implement firm in Caldere's old premises, handling the Maxwell machinery. Their extensive experience of men and machines should make them highly successful. Watch for their announcement in the REVIEW.

A RARE WINDOW.—We omitted last week an intended referenceto the taste-fully draped window in Darling's Drug Store. The arrangement of a centre mirror and the attractive display of goods was as unique as it was much ad-mired. Mr. Darling is an artist at this work.

FACTORY WON.—A message from O, Sound announces that the case of the young lad Cameron who got his hand injured in the Furniture Factory and claimed damages therefor, has been de-cided against him. This will be a stimulus to the careful handling of ma-chines, though hard on the boy.

Lord Kitchener, harsh man, has for-bidden the use of pianos in mobile col-umns in the future. It appears some of the officers, leading what were supposed to be flying columns, took with them kitchen ranges, pianos and harmoniums. No wonder the Boers always escaped when chased; they left their pianos at home.

Ontario made a clean sweep at the Pan American in fruit, capturing every med-al offered. The Ontario Experiment Stations' exhibit won the silver medal for the best exhibit by any society, while two or three individual Ontario fruit growers won the medals for best exhibits by an individual. The Ameri-cans are getting their eyes opened with regard to Canada. It isn't all snow and ice as some of them used to think.

Many are now taking advantage of the act passed by Local Legislature last Session where land grants are made to the volunteers who served in South Africa, and also to the volunteer Militia who served on the frontier in 1866. Notwithstanding absolutely misleading statements to the contrary, such appli-cants have decided advantage over ordi-nary locatees. Among these advantages are the following: No taxes for ten year except School taxes; the land can be held ten years without performance of settlement duties; Locatees under the Bill are entitled to all the minerals found on their lands, which is not the case with the ordinary settler. Those who have not made application should do so at once.

### Happy Holstein

#### Still Another Record Made.

Tuesday, October 1.—Today it is es-timated nearly 8,000 people were on the Egremont Agricultural Society's fine grounds to see and be seen, to examine the handiwork of women and men, to look at and admire splendid samples of farm stock, and farm products and to have their patriotism and military en-thusiasm roused by a troop of uniformed mounted infantry, comprising the well-known returned South African hero, Fred Campbell, and all drilled by Lieut. J. J. Greaves.

The Directors were wreathed in smiles, Secretary Petrie and Assistant Secretary, W. J. Sharp were as urbane and obliging as ever. Constables Car-son, Queen and others had nothing to do. The crowd ate grapes, compared the show with other years, drank ginger ale, revived old reminiscences or made new friends, passed kindly remarks about the pastry and made admiring re-marks at the ladies' work, laughed at the comical outfits and admired the music of the Durham Band.

The horses were splendid specimens, and here as in Durham, Jno Fairbairn loomed up big and was especially proud of getting first for his fine team over an apparently equally fine team of W. R. Bowman's. Dickson and T. Caldwell, veterans in the ring, had to step out of first place. There is no mistake this is a growing show.

The cattle classes were well repre-sented and the practiced eye of Mr. H. Tucker, Ceylon, took in their merits. No less an authority than Judge H. Brigham assures us the sheep classes were most creditable, though he would like better classification. The swine didn't seem up to the mark. The poultry were not numerous, but con-tained some promising specimens.

In the hall there was a most exten-sive display of quilts and floor mats: Durham cannot compare with it. Grain was in more abundance, and some say better than South Grey show. The roots bear everything anyone had seen this year, while the apples were fair.

C. Drumm, the Dromore tinsmith, had two fine-looking ranges in the hall, and his enterprise drew many com-ments. Flowers and fine arts were represented. Mr. M. Richardson, M. P., Dr. Jameson, M. P., and Mr. G. Binnie, Liberal Candidate, were meet-ing and making friends. Mr. Lambert, of the Rep., Mr. Kennedy of the Con-fed., Mount Forest, and the Review man represented the Press.

Dr. Mearns, Hanover, was an inter-ested visitor during the day, and made some new acquaintances.

Dr. Hutton made the acquaintance of the 'World's Fair' for the first time.

The prize for the best-looking young lady belonged to Dromore but editor Lambert ran off before settling it, and the prize was not awarded. Mt. Forest mustn't have been in it.

The weather was superb and with this factor right Egremont show cannot be a failure. Secy. Sharp says, and we believe it is true that no threshing can take place within 10 miles of Holstein on Show Day.

The receipts today were very satis-factory, and a great crowd welcomed the concert at which Miss Whelpley and Miss Jean Lenwick appeared as stars, other notable performers being Kenny, a comedian from Toronto, Dr. Brown and Stanley Stewart. Mr. Jas Swans-ton was chairman. Miss Sharp ac-companied Miss Whelpley, who also sang several acceptable pieces with Dr. Brown.

Mr. Klempp and his assistants were more than busy, and the churches did a rousing business in good meals.

Sec'y Petrie has our thanks for press favors.

The "World's Fair" in the first year of the century was a grand success. Congratulations to the Directorate.
