

BOOTHVILLE.

Oct. 15.—Gibbert McQueen one of Notawasaga's enterprising farmers, took a round trip through the counties of Grey Bruce and Wellington during the Fall Fair ending up with Priceville's World's Fair. Mr McQueen and his mother left home the last week in September, called at Thornbury and spent two hours at Meaford. G. says that is the best fruit country he ever travelled through though apples are scarce this fall and high prices are being paid for winter kinds. Good fall apples can't near fill the demand but plums are a drug on the market. They drove to Owen Sound in time for the N. Grey fair but as fast horses are the main show and the rain had spoiled the race tracks it was something of a failure. The grain, especially the fall wheat, was good.

They directed their steps to Tara then, spending a short time there. Then made for Bungeyne, Port Elgin and Paisley, visiting for a week among friends and taking in some of the fairs there. Stock and horses seem to be of the best classes in general, especially draft horses and Durham cattle. They went then by Clifford to Harrison and that down anything they had seen yet in heavy and light horses, large and fat cattle, and the most exhibits of pigs, sheep and grain.

Now winding their way homeward by Mt Forest they took in the best show of the season the last one and the best, as here G. saw the best Durham Bull of his travels owned by Mr John Fairbairn of Exeter St, and the dearest-priced cow he had met, one costing \$400.00, owned by Geo. Stull, who also had some fine calves. Some of the finest sheep he ever saw were at Priceville and he goes home with the conclusion forced upon him that we must stop growing wheat owing to the pest of the Hessian Fly, Peas on account of the bug. More oats and barley will receive more attention to stock raising will make more money easier and fatten the land as well.

Mr Robinson Haw of Port Hope, visited his son George here and a number of friends and relatives.

Mr A. McDonald passed through here with a large drove of cattle, asking five head in Boothville. He is buying for a man down country.

Miss Victoria McKechnie visited here last week.

Miss Both and Mr McKenzie visited Brownsville friends.

Sandy McLean lost a valuable horse a week or so ago.

Mr and Mrs Geo Lawrence visited at Noble Wilson's last Sabbath.

The ratepayers of S S No. 14 held a meeting to decide on a new school and consider the material of which to build it. After discussion cement was decided on even though it entailed waiting for a year to get the best.

We are sorry to record the death of Mrs James Calder who died on 13th inst. Mrs Calder has been ailing for about five months and in spite of all that loved ones or physicians could do the great reaper death, claimed his victim. Mrs. Calder was 42 years 6 months 26 days old.

She leaves behind her to mourn her loss her husband, three sons, two daughters and two sisters Mrs Malcolm McPhail, Mrs Archie Clark, and also three brothers Archie McCaig, Neil and Findlay. Much sympathy is felt for the bereaved husband and children.

Mrs Calder was a member of Fairbairn church and was a woman of a quiet and gentle temper and we believe would do her enemy a good turn. Her friends acknowledge the kindness of the Rev. Mr Campbell, Drumore, in visiting her during her sickness. Rev Mr Campbell and Rev. Morrison Cedarville, officiated at the house while the Rev. Mr Morrison accompanied the funeral to Mount Forest cemetery.

Jesus can make a dying bed, Feel soft as downy pillows are, While on His breast I lean my head And breathe my life out sweetly there.

Among the friends from a distance were: Arch McCannel, Arran, Arch and Alex Calder, Arthur, and Laughin McMillan, and a number of others.

Mr and Mrs Ronald are home from their wedding trip and settled cozily in their new home. We welcome Mr and Mrs Ronald to our neighborhood.

Mrs James and Mrs John M Marshall, Gleneg, visited here last week.

Miss Flora Clark and Miss Flora McCannel visited friends around here last week.

Miss Florence McKeenzie is engaged with Mrs John Marshall, Springbank for two months.

"When wandering o'er hills and dales low sweetly the echo will come back when she calls, Georgie."

John McQueen was to Durham on Saturday in the interests of the cement school house. We have yet to learn of the result.

Bos McIntyre of Balsam Valley visited Boothville short time ago and her step is as light as any young girls and judging by the merry laughing we heard that evening she is as comical as ever.

What might have been a serious runaway happened on Priceville show day. Mr Archie McKinnon Edith and Maggie Campbell when coming home just before dark and while giving the horse a drink at a creek near Mrs McKinnon's the cart wheel broke and the horse, a spirited one, made a dash and gave them a cold bath. Maggie found herself tangled in the lines and made a quick march to the top of the hill. Edith, tired worse she getting badly bruised. Mr Campbell and hired man went next day to gather the fragments but they are still looking for the cushion.

A Dominion Campaign on a small scale may soon be looked for as there are 13 vacancies to fill in the House of Commons.

Premier Ross has announced plainly that another session of the Legislature is to be held early in January. He will now be blamed for putting off the evil day, while had he not had a session, he would have been guilty of rushing to the people before his time.

CANADIAN STORE CATTLE IN BRITAIN.

When Hon. Sydney Fisher, Dominion Minister of Agriculture, was in Great Britain last summer he made strong representations to the President of the Board of Agriculture in regard to the importation of store cattle from Canada, asking that in this matter Canada be treated in the same way as Ireland as an integral part of the British Empire and not as a foreign country. He also addressed a number of meetings of farmers and others interested in this trade, and since his return the agitation has been kept up in the Old Land. The Scotch farmers want Canadian cattle and have exerted every influence to have the present law of restriction repealed but without success. The British stock breeders demand protection against Canada, although they are more than willing to welcome Canadian buyers of pure bred stock who pay big prices for the best animals. That the policy of protection will be continued as long as the Right Hon. R. W. Hanbury is President of the Board of Agriculture is shown by the following from the Edinburgh Evening Despatch of October 9th.—The Right Hon. R. W. Hanbury, M. P., President of the Board of Agriculture was in Edinburgh to-day. In the forenoon he received in the City Chambers a deputation representing all parts of Scotland in favor of the removal of the restrictions on the importation of Canadian cattle. Mr Hanbury on this occasion was accompanied by Sir Jacob Wilson. The deputation which was a very large one, included Bailie Brechin, Glasgow; Mr W. Smith, Balzeordie, Glasgow; Mr W. F. Bell, Lathrie Bank; Mr A. Hutcheson, Beechwood, Perth; Mr Nathaniel Dunlop, Clyde Trust; Mr Henry D. McCrombie and Mr Milton, of Kemnay. The case for the deputation was stated by Mr Bailie Brechin, who commented upon the careful examination made of all Canadian store cattle landed in Glasgow, and upon the fact that they had not had a single case of pleuro. They thought the time had now arrived when these restrictions should be removed, for if the farmer were to be remunerated for his trouble, outlay and care it was to be from the feeding of Canadian Cattle. Free trade should be allowed in cattle as in many other things. Mr Wm Smith said that all they asked was the right possessed by every tradesman in Scotland save themselves—the right to buy their raw material cheapest and best. If, he said, the three great industries of Edinburgh were compelled to buy their raw material in the United Kingdom alone, the breweries would soon be out of existence, Scottish whiskey would be practically annihilated, Canadian cattle, he claimed, were the soundest and healthiest that passed through the farmers' hands. Mr W. F. Bell claimed that if disease once existed in Canada there had been no trace of it for years. Mr A. Hutcheson, Mr N. Dunlop, Mr McCrombie and Mr John Mitchell, Newburgh, also spoke in support of the plea of the deputation, all eager to show that Canadian store cattle were absolutely free from disease.

Mr Hanbury, in replying to the deputation, pointed out that this matter was provided for by an Act of Parliament passed so recently as 1896, and he believed there would be a distinct majority in the House of Commons who would make it impossible for any Government to pass a measure repealing that Act. He pointed out that it applied to live animals from all over the world, and Canada was on exactly the same footing as any other country. Any alteration, therefore, must effect every other country that could supply them with store cattle. Then there was the perfectly insuperable difficulty that they could not reverse their treaties at a moment's notice. He thought he was taking what in the end was the best course for farmers, and certainly for the consumer at large, when he said that so far as he was concerned his mind was very clearly made up. He did not think there was any possibility of his yielding to this demand as long as he was Minister of Agriculture. He hoped that by thus speaking out strongly he would bring home their minds and the minds of breeders that so far as he and this Government were concerned, and so far as all Governments were concerned the policy of 1896 was the established policy of the country.

As he closed he was greeted with cries of "Rubbish" and "Have another election."
