A man named George H. Kent had been cured of Bright's Disease after the doctors had given him up to die, and the Free Press reporter, after a most thorough investigation, pubshed the whole story in detail, giving credit to Dodd's Kidney Pills for Pills and nothing else saved your life the most miraculous cure.

The following sworn statement was given by Mr. Kent in order to substantiate the almost incredible statement made by the paper in its | Pills that we have christened our account of the case:

I was taken sick and confined to my bed on December 28th, 1893, and was successfully treated for La Grippe, then Pleurisy, followed by Kidney Troubles, and latterly Bright's Disease. lost the use of all my limbs, my entire body became swollen to a terrible size, and my skin became as hard as and similar to leather, the pores all having closed up, and I suffered the most agonizing pain. I was subject to periodical spells of utter prostration and insensibility, to a state of absolute coma. I was also a victim of dangerous convulsions, in which my facial expression and other muscles would become severely contorted and tense.

2. My regular physician attended to me, and, though medical consultations were held over my case by two city doctors, nothing could be done. My case grew gradually worse, and latterly I was given up as hopeless. My wife, friends and neighbors were certain from what they saw and were told by the visiting doctors; that I would die in a very short

3. My wife was casually reading a newspaper about this time, and saw a description of a similar case in which a patient gave testimony of the relief and cure that had been effected on him by Dodd's Kidney Pills. I started to take them right away, and from the first pill I discovered a change for the better. After the first box I was wonderfully improved, and at the end of the fourth I was sure I was to get well again. I continued taking them until the seventeenth box. and I can now positively declare that I am perfectly cured and able to do a day's work with any of my comrades in the shop, and Dodd's Kidney Pills undoubtedly cured me, because from starting to take them I took no other medicine whatever.

AND I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the ACT RESPECT. ING EXTRA JUDICIAL OATHS. Declared before me, at the City of Ottawa, in the County of Carleton, this 16th day of February,

A Commissioner, etc. The Free Press in the article published in 1895 stated most positively that Dodd's Kidney Pills and nothing else were entitled to the credit of having saved the dying man's life, and this was most emphatically endorsed by Mr. Kent in his sworn statement. The Free Press also said without qualification that the cure of Mr. Kent was an absolute and permanent one. And while Mr. Kent could not make a sworn statement (Sgd.) A. W.
