THE GREAT WINTER FAIR. GUELPH AT ITS BEST.

Last week thousands of Ontario farmers, their sons, wives and daughters, met at the Royal city to spend a few days among the great agricultural features, somewhat roughly known as the "Winter Fair".

The Poultry Department is an increasingly important one, and not only the best breeds of birds are discoverable, but the best means of feeding are shown amongst them.

Wellington county and Guelph in particular, has long been known as the home of Fat cattle, and they were here in all their loveliness or ugliness just as you view it.

The Mercury gave faithful reports of the work done, and we think the Institute could not do better another year than make arrangements with the publishers for a wide distribution of their paper during fair week.

The exhibit of public men is not the least important. Here is Hon. John Dryden where he ought to be, in the chair, at the Public Meeting. The practical and successful Dominion Minister of Agriculture, Hon. Sydney Fisher, Pres. Mills, of the ever-growing Guelph "O. A. C." and Hon. G. W. Ross, premier of the province were there; and last but not least the Gov. General, Lord Minto, with other prominent men from the Maritime provinces and from the United States.

Time is too short to tell of hog-killing contests, the dairy contests, the sheep exhibits. There is only one thing for our farming community to do, and that is, join the Farmers' Institutes, read their bulletins, attend all their winter meetings and go to Guelph next summer and winter.

The following extract is from "Saturday Night":

"Considerable attention is being directed to the Provincial Winter Fair in Guelph, and incidentally the Ontario Agricultural College is being talked about by the city newspapers. Such a large and well-managed institution should be more in the public eye than it is. More than anything Ontario is an agricultural country, and has attracted to its classrooms young men from all over the continent, even as far south as Argentine, deserves to be heard of at other times than during political contests or a winter fair.

THE LITTLE YELLOW LABEL Tells, or ought to tell correctly, the date to which you are paid.

The price of the Review is \$1 a year in advance—\$1.35 if not so paid. The amount is small to subscribers—to the publisher, many smalls count up fast.

For \$1.60 We will send Review and Weekly Globe to Jan. 1, 1902.

The Sunday School anniversary in connection with the Presbyterian Sabbath school will be held in the church on Christmas eve Dec. 24th when a good time is expected.

Sleighting is not very good yet: weather cold and bleak.

A number from town and locality attended the marriage of Mr D McLachlin and Miss Cairns, of Ceylon and report a good time. Miss Cairns was one of Priceville's girls some years ago, and at that time she was married to Mr McLachlin.

The special Paris correspondent of The Delineator recalls the prophecy of a well-known Frenchman on the subject of evolution of dress, that before many years women will be wearing altogether masculine attire. One is unable to understand upon what this theory is based, for the Parisienne of to-day was never more thoroughly feminine, having made no concession even for the rainy days.

Once upon a time a certain man got mad at the editor and stopped his paper. Next day he sold his wheat four cents below the market price. Then his property was sold for taxes because he did not read of the sale. Soon after he was arrested for trespassing on property because he did not see the notice in the paper. Later he was heavily fined for hunting out of season and paid \$10 for forged notes that had been advertised for two weeks and the public had been warned not to negotiate them.
