Mis Mind a Blank for Four Years.

#### WAS A PRACTISING LAWYER.

Vancouver, B. C., Dec. 17 .- As curious a case of memory lost and found da has ever been encountered in Canda has developed in New Westminster City, twelve miles from here. On Tuesday last a coarsely-dressed man of 35 entered Dr. Kendall's office. The visitor said he had been a practising lawyer in Aberdeen, Miss., and left his home on Aug. 21st, 1897, to go to his office. Then all was a blank, until awakening, as it self standing in the street outside the doctor's office. He examined his calloused hands with curious surprise and amusement. Investigation disclosed that he had for several years been working as a longshoreman apon the Fraser River under a name that now carries to him not the least significance.

Dr. Kendall, being fully impressed with the truth of the visitor's strange story, called into consultation Dr. Boogs, and careful inquiry into each detail available of the strange case of lapsed memory was carefully presented in sequence in a paper reviewing the facts read before the Medical Association in convention at New Westminster last night. The subject did not attend. what town he was in, and on being | cal rites. told New Westminster, he gazed in amazement and asked what part of Mississippi it was in.
