Holstein Liberal Association.

An enthusiastic and representative gathering of the liberals of the township of Egremont, met here on Friday last in Roberts' Hall when the usual routine business of reading the minutes, and presenting of reports were transacted, after which, on nomination Mr Herman Haw. of Dromore, was elected Pres., for the liberal association of the township. Vice Pres., Mr Alex. Murdoch, Robb, P. O. Sec., Mr Walter Hastie, Dromore. Pres's for the sub-committees of the 6 wards were also elected. After which Mr Geo. Binnie the liberal candidate, addressed the association at some length, and showing the beneficial results which had accrued to the Prov. under the wise and beneficent legislation of liberal reform Gov. under Sir Oliver Mowat, Mr Hardy and now G. W. Ross, the latter occupying as warm a place in the hearts of the people as any of his predecessors. Mr Binnie is meeting with a good reception wherever he goes, and backed up by enthusiastic friends, and willing workers success is assured.

It is expected that this township will give a good account of itself this time, and no doubt it will as Mr Binnie is highly thought of here as evidenced by the strong unwavering votes accorded him, by the representative nominating delegates on more than one occasion. A successful farmer himself and taking a large interest in all work pertaining to farming and in matters that are acknowledged to be of great value to farmers.

A motion pledging the candidate, the undivided support of all present was unanimously agreed to, by each one rising to his feet with simultaneous precision. After votes of hearty thanks to the retiring Pres. Mr Calder, and Sec., J. Campbell were duly honored, and replied to by both gentlemen. Mr. Haw. Pres. elect, thanked the members for the honor bestowed on him, and pledging himself so to act as to merit their approbation as far as possible. The Pres. of the various committees made short speeches expressive of their determination to so conduct themselves as to assure the success of the election of their candidate. A meeting was thereafter held by them to arrange for future meetings.

Good feeling, enthusiasm and unanimity prevailed, which speaks well for a successful issue. Com.

Dromore.

The weather during the past few days has been rather stormy and we imagine our fine weather is past for a while together with good roads. But we should not grumble as we have had a fine winter, and this little storm should not discourage us supposing the roads are not just the best.

Miss May Litster, of North Keppel, is at present visiting her aunt and cousins the Lothian family.

Miss Benie Garson, of Toronto, is visiting the parental home at present.

There came to the home of Mr and Mrs Tom Renwick last Thursday night a bouncing baby boy. Both are doing well.

Miss Eliza Wilson, teacher, at Swinton Park, spent Saturday at home here, and was unable to get to her duty on Monday.

Miss Maggie McMillan, of Priceville, who has been visiting her brother Mr C. McMillan here returned to her home last week.

The home of Mr Wm. Renwick was brightened on the 26th of Jan. when Mrs. Renwick presented her husband with a fine little girl. Pleased to say all are doing well.

Mrs Anderson, of Stonewall, Man., and Mrs Spicer of Dundalk, were visitors at the home of Mr and Mrs John Renton last week.

Mr J. Wilson Jr. had the misfortune to have two of his ribs broken while trying to stop a horse from going out of the stable which will give him a rest for a few days.

Mr. C. L. Drumm our tinsmith took his departure from here last week for Holstein, and quite a number of the neighbors turned out to help him move and of course Charlie gave the boys a little fun at night. We wish him every success in his new place of business.

The worst storm of the season was on Monday. The roads are blocked and no mail.

Well Mr. Ed., we have very little news to write this week, only that there is an abundance of snow here and we feel that will be no news to a good number of the readers of the Review, as we fancy everybody will have plenty of snow now, if not let them apply to P Stern, Dromore, who has a lot to dispose of very cheap.

Our mail failed to get out 2 or 3 times last week, but we hope the weather will be more moderate this week and that it will not only allow the mail to get out but also let the women of our town get their visiting done. They are almost two weeks behind now I am told, and if another stormy week should come right away, it might become serious with them.

We are sorry to say our Farmers' Institute meeting came on the worst week of the season, however notwithstanding the bad roads and stormy

weather, the speakers were able to get here in good time, but there was so few expected them that not many were out to meet them, and a meeting was almost thought impossible, as none of the officers were present except Mr. D. Hamilton. About the middle of the afternoon about 40 interested farmers gathered, and it was thought well to have at least one of the gentlemen speak. Mr. Tompkins of N. B. was introduced by Mr. Orr, who had been billed to speak on sheep, but thought it better under the circumstances to speak on cheap food for stock raising, touching on the raising of clover, corn, and turnips, approved of sowing turnips on the level instead of the drill, 24 in apart and 15 between turnips, one turnip weighing 20 lbs was better than two weighing 10 lbs each. The food was better, approved of early sowing, about the last week in May, cultivate well. The corn, he thought, was another cheap food (not for silo) although he did not say anything against the silo, but had no experience with it, but did not think it was the cheapest food, fed in the field or taken to the barn. Clover, hay, and mixed grains, such as wheat, barley, peas and oats, he had got good results. Mr Tompkins left a good impression among the few farmers that heard him. The evening meeting was well attended notwithstanding the bad roads. Mr. R. Kenwick ably filled the chair for the evening. Mr. Orr spoke on fruit raising to some extent, but took up the codling moth. This insect was one of the worst with which they had to deal with. The first step to find a remedy for any insect was to find out its method of feeding, whether it would bite or suck the food. The codling moth could be stopped by bandaging the trees and removing the bandages every 10 days and killing the moths. Keep this up until the end of Sept. and your apples would be almost free from moths. He had tried other remedies but this was the most successful.

Mr Tompkins' evening address was on the Farmer's Institute, its benefits, a subject he loved to speak on. He had been much benefited by them and strongly urged every farmer to join.

Both gentlemen were able speakers and handled their subjects well.

Dromore choir was not the smallest feature in the evening, and received warm compliments from Mr. Tompkins and a hearty vote of thanks.

HOPEVILLE

Intended for last week.

The anniversary services were held in the Methodist Church, on 16th con. on Sunday the 26th Jan. and a tea-meeting Monday the 27th, but on account of the very bad storm on Monday the party was not overly large, but on the following Wednesday evening they had a well filled church. Everything was up to the standard and a good tea-meeting was realized, thus leaving the church in a good financial standing.

Miss Glenister, of Toronto, is visiting at her uncle's here.

Messrs Wm and Robt Dingwall attend the sale of cattle at the Government farm at Guelph last week.

Mr and Mrs Keuning have got leave of absence for two months. They are going south into the States where they will be free from the cold Canadian winter and where they can work as missionaries among the people of the sunny south.

Durham School

Intending students should enter at beginning of term, or as soon after as possible.

Staff and Equipment.

The school is equipped for full Junior Leaving and Matriculation work, under the following Staff of Competent Teachers for that Department:

THOS. ALLAN, Principal.

MR. MORRISON, B. A. (Specialist), Asst. Prin

MISS LICK, B. A., Classics and Moderns.

FEES: \$1.00 per month

Wm. Johnston, Chairman.

C. L. Grant, Secretary.

—Senator Landerkin has quite recovered from his recent illness and leaves for Ottawa in a few days.

—Mr. Jas. McMullen and Mr. Wm. Gibson, Lincoln, were last week made Senators, and will next week begin a legislative experience in the Upper Chamber which now consists of 38 Liberals and 43 Conservatives.

—Hon. David Mills has been appointed to the Supreme Court Bench, a position all will admit he is eminently fitted for.

—Hon. Chas. Fitzpatrick has been installed Minister of Justice in place of the Hon. David Mills. Hon. H. G. Carrol succeeds him as Solicitor-General.

TO CONSUMPTIVES.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease CONSUMPTION, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for CONSUMPTION, ASTHMA, CATARRH, BRONCHITIS and all throat and lung MALADIES. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address. REV. EDWARD A. WILSON, Brooklyn, New York.

GLASCOTT

Beautiful winter weather. February has come like a lamb, hope it will stay that way. [Raging lion now-Ed.]

Mr Wm. Kirk and family moved into our burg this week, and are now going to make their home on the Duncan farm.

Mr Hugh Baird has purchased from Jim Goodwell, the timber on his swamp lot, and has a number of our lake boys taking it out. He knows where to get good men.

Ice harvest has commenced on the lake. E. Hunt, Will Jack, Thos Jack and C. Boyle are at it. Others will be at it soon.

Through the blizzard on Monday night, a little girl came to the Post Office. She had neither boots nor hat, so Mr and Mrs R English took her in and attended to her wants. She is doing well.

R T Edwards, wife and family, and Joe Boyle, wife and babe, spent a very pleasant evening last week with Mr and Mrs Thos Jack. We don't fall asleep when R T is around.

Mr and Mrs J Clark of Aberdeen visited Mr and Mrs J Boyle one day last week.

Chas Boyle sold a pair of steers this week, rising 3 years, that weighed about 2400 lbs. That is the kind of cattle to raise; if that black cow had been as fat.

A few of Mr and Mrs J Boyle's friends spent a pleasant evening last week in their home. Rev. Mr and Mrs Graham were also present.

J Boyle and R English have been under the weather lately with an attack of la grippe, but under the skillful treatment of the family Dr who administered medicine by the bowl, they are on their feet again.

While some of the boys south of the lake were breaking in a colt the other day, the lines slipped out of Will's hands and the colt went round the lake at full speed. No harm was done.

BORN.

ENGLISH—On Monday, Jan. 27, to Mr. and Mrs. Richard English, Glascott, a son.
