CASH and ONE PRICE

CARD OF THANKS.

Priceville, Feb. 6, 1902
 EDITOR OF REVIEW.
 Dear Sir,—
 I have been in Priceville at my own home for the past three weeks, and I wish to thank the people of Priceville during the illness and death of my sister. I am glad to think that we have so many kind and loving people in our village. I am also pleased to think they have here in the village a young doctor, who is kind, thoughtful and clever. I have also formed the acquaintance of our new Presbyterian minister, who indeed don't fear storms when it is necessary to visit the sick. I am real pleased that we have some kind loving people, who have possession of the mill departments, and hope there will be no more fires. I hope to live to see the day that our village will have a magistrate who will be a terror to evil doers and a praise to them that do well. Our village would then be complete.
 (Miss) KATE McKINNON.

RURAL PLAIN.

Arrived too late for last week.

Once more Mr. Editor we will send you a few items which have transpired since our last appearance. The weather has been fine and the roads good, so much so that even the chronic kicker on weather has been satisfied, however last Sunday appeared to change the preceding order of things, and as it was the day viz. ("Candlemas' day") proverbial among a great many old country people, for the coming out of the bear, it was looked forward to by some with much anxiety, as it is supposed to serve as a foundation stone, whereon to predict for the balance of the winter. I presume you know the story, Mr. Ed. as also most of our readers do. Well if the bear possesses as much sense as they give him credit for he stayed in last Sunday.

The preceding good roads have been utilized to great advantage by many in hauling saw logs, wood etc., to town, and by many others in pleasure drives sleighing parties and such like.

Mr. John Seeling has had 10 teams drawing logs steadily from his bush farm on the 18th, to his saw mill in Neustadt.

Mr. John Diebel has hauled over 3000 bushels of wheat from Neustadt to Ayrton, for Noah Wenger.

The Maas brothers have sufficient brick piled up which they hauled from Caesruhe where with to build a fine residence next summer.

Mr. Thos. Casey with the aid of a few neighbors were not long in piling up 20000 bricks hauled from Drey, out of which Tom intends erecting a dwelling that will grace the corner lot.

Mr. Maurice Foley has on hand sufficient of the same material to build a commodious kitchen to the rear of his already existing house. These together with prospects of Pat Farrelley's new barn and Pat Finegan's house, are in themselves sufficient to insure a lively summer in the building line.

Messrs McGraw and Lynett, blacksmiths, of Durham, spent Sunday Jan. 20th, in our midst.

Mr. James Driscoll of Whitewood, Ass. N. W. T. is spending a few days visiting his aunts and cousins here viz., Mrs. Hawkins and family and Mrs. Doyle and family. Jim left the parental roof 10 years ago when but a lad of 17, and he is authority for the statement, that they gave him 10 days to go and come on, we don't know how long it took him to go, but it was 10 years before he came. In that time he went West and located in Assa., where he conducted a large cattle and judging from outward appearance has prospered in the N. W. Success to all who venture.

Since writing last week's budget the storm has raged continually and we found it impossible to get our budget mailed, but very little has transpired since then, and what has happened is known only to those who were active participants at the deal.

We learned however that one of Normanby's oldest pioneers had succumbed to the inevitable in the midst of the storm in his little shanty on the 15, Com. of Normanby. The subject was Mr. Michael Burns, who had attained a very old age and was being cared for by his daughter Mrs. Waite. We are not in possession of Mr. Burns' autobiography, and consequently unable to write a long obituary item, however we hope that he is gone to a land where he will enjoy eternal life in a mansion, in exchange for his cabin on earth, and where storms and trials are unknown.

A small shooting affair took place on Friday last at the home of Mr. John Glasser. While his son Adano about 18 years of age was practising with a gun which he made himself, part of an exploded shell flew backwards and struck him in the eye, splitting the eye ball. Dr. Brown was sent for and dressed the wound and at present it is doing favorably.

Mr. and Mrs. Mike Ryan, of Mildmay, were stormed in at his brother's home on the 13 con for five days. Mike finally tackled the drifts and sent his wife and child home by rail via Harriston.

SWINTON PARK.

Intended for last week. The storm has blocked most of the roads around here.

The Salem Methodist church tea-meeting came off last Monday evening having a small attendance on account of it being such a rough night. Dromore choir was there, you all know they are good stuff. The social held the following Wednesday evening was well attended.

Some of our young people took in Mr. Drumm's party last week and report having a good time. Mr. H. Ball giving excellent music while Billy didn't forget to put them through.

Wonder how the three young men made out that went northward last Monday night? We believe A. got the worst of it as he lost one of his mitts. Pretty cold Art.

Some of the Swamp College boys took in the party at Dan Robinson's last week and report a good time.

What we would like to know:—If the young men of Dawson were found yet? We believe that someone found a blanket belonging to one of the colts. Please return it to Boothville to the owner.

Mr. Fred Ranciman happened with what might have been a serious accident the other day while going to Dromore. The Bronchea became breechy, jumping over the top of the other horse and all went into the ditch. Fred had a large time getting them out.

We believe that some of the ladies of Swamp College were out to Dundalk taking advantage of bargains last Saturday.

We hear wedding bells ringing around our town.

We would like to know how George and Sandy got home from B's gate the night of the scotch concert. Good job that Sandy was strong or George would have overpowered him.

Holstein.

Mrs. Trux is very ill at present. Mrs. Pettigrow's second youngest daughter, Gertie, is very low.

Mr. Cameron who has been butter-maker in the creamery here for a number of years has been put out through his tender being high. Still we are glad to learn he has secured a good position in the creamery at Kenilworth. His services are much sought after.

The smallpox scare has died off with the exception of the ones who got vaccinated. They still remember it.

Ice is the principal industry in town now with the exception of the mill. Mr. Jno. Brown loaded two cars of stock Wednesday for Toronto.

GLASCOTT

After the ten days storm we are able to crawl out of the snow banks and talk about all the people who got lost in their own fields. The latest is about two young men, who started out to see their "gal" a distance of 9 miles, but they must have travelled 20. After wandering through fields they called at the home of a kind Irishman who warmed them and fed their tired horses, and sent them on their way rejoicing, but their trouble was not all over as the next man was roused from his peaceful slumbers to pilot them to the desired haven. And what then? That all we know. Hope they got home.

Joe Sproule is the happy papa of a bouncing fine baby boy. Congratulations Joe.

Mr. and Mrs. John Morrow, of Eloc, Manitoba, are visiting at Chas. Boyle's. Mr. M. was formerly of Grand Valley, Mrs. M. was formerly Miss Nichol, of Glenelg. Mr. M. has purchased a threshing outfit from the Sarnia company.

Sam Scott is rushing out logs to Berkley. He don't stop for every storm, but had to last week.

Frank Boyle's new horse gets lots of exercise these times. After next week we will tell you more.

Live Stock Market Toronto.

The receipts were heavier at the cattle market this morning than they were on Tuesday or Thursday, but the good demand for all classes of cattle made the trade continue at the good prices which had been in force all week. There were 66 loads received, and these included 1,084 cattle, 978 sheep and lambs, 902 hogs and 20 calves. There were advances in the prices of butchers' cattle and sheep today and the trading was strong in all classes except hogs.

Export Cattle—Were in strong demand and sold well at the firm prices which they have brought all this week. Choice ones sell at \$4.40 to \$5.55 per cwt and medium ones at \$3.50 to \$4.50 per cwt. Butchers' Cattle—Were selling well at firm prices. Picked lots for export sold at \$4.70 to \$4.90 per cwt, choice ones at \$3.50 to \$4.50 per cwt, and common to fair ones at \$3.35 to \$3.50 per cwt.

Feeders and Stockers—Were steady, selling at the prices of the early part of the week \$3 to \$4.50.

Sheep—Were steady and in good demand. They will be wanted at the present price for probably another week. Export ewes sold to-day at \$3.50 to \$3.75 per cwt.

Lambs—Were firmer, selling at \$4 to \$5 per cwt.

Veal Calves—Were steady, selling at \$2 to \$3 each. They are much in demand.

Hogs—Were steady, selling at \$6 per cwt for choice ones and \$5.75 per cwt for lights and fats. The market for hogs has a weak tendency.
