Trade was at about steady figures at the Toronto Cattle Market this morning. The bad weather rather deadened the trade, but the price managed to maintain themselves at yesterday's figures, and even to make slight advances in some instances. Export cattle and butchers' cattle were both a trifle stronger than yesterday. Other cattle were steady and featureless. Sheep and lambs and hogs were all steady.

The market receipts were 70 loads, which included 1,148 cattle, 398 sheep and lambs, 1,460 hogs and 30 calves. Export Cattle—Were a little firmer, selling at \$4.30 per cwt for medium cattle. Butchers' Cattle—Were also firmer, selling at \$4.40 to \$4.55 per cwt for picked lots and \$3.75 to \$4.40 per cwt for others; common to fair ones sold at \$3.50 to \$3.80 per cwt.

Sheep and Lambs—Were steady, selling at \$3.50 to \$3.75 per cwt for export ewes and \$1 to \$5 per cwt for lambs. Calves were steady, selling at \$2 to \$10 each.

Hogs—Were steady, selling at \$6 per cwt for choice ones and \$5.75 per cwt for lights and fats.

W. C. T. U. NOTES. SUCCESSFUL PROHIBITION.

What is the best way to secure the effective prohibition of the liquor traffic? Just now, that is certainly a burning question in this land. It is not the first time in human history that men have been in desperate struggles with gigantic evil. All along the ages this has been rather the normal state of man. Great and permanent victories have certainly been won in the long past—but how? What has been the mightiest weapon used to gain those victories?

Prayer did more to deliver Hezekiah and the people of Judah than all other forces put together. And who will say that it cannot do more to secure the triumphant success of prohibition than all other forces put together.

Prayer has been the mighty hammer that has broken to pieces many a powerful tyranny in the world. It has been a consuming fire that has burnt to ashes many a strong fortress of evil. It has been a sharp sword that has cut to pieces many a hideous monster of wrong. Has this power been used in the long war with the liquor traffic? Yes, and in so far as it has been used, with tremendous effect. Has it been used to the fullest possible extent? No. And that is exactly our weakness in this fight.

On one occasion, the disciples failed to cure a demoniac. Christ told them the reason why: "This kind goeth not out but by prayer and fasting." The demon of the liquor traffic can be expelled from the heart of our national life only on the same terms. We have failed because, like the disciples, we have trusted too much to our own strength, and have underestimated that of the enemy.

Are there not at least five hundred thousand godly men and women in this land who would be willing to adopt Hezekiah's plan of dealing with this awful enemy?

And would not that spirit of earnest prayer be the best possible preparation for the men and women to vote, or influence others to vote—on the right side, when the ballot decides this momentous question?

And would not that spirit of earnest prayer be also the very best security, too for a prohibitory law enforced as well as a prohibitory law enacted?

A people humbly and heartily depending on God for success would be a people most valiantly resolved to put down this iniquity, and see that it is kept down.

We will assuredly not do our best unless we cry mightily and constantly to God for deliverance, and if we do, we shall not cry in vain.—Montreal Witness

I think our Tp. council is somewhat too economical for the sake of a few dollars to give their printing to a man of a neighboring township whose paper the Egremont people never see. The REVIEW never failed to print the whole of the meetings very promptly and especially at election times gave every detail and correct figures.

PRICEVILLE.

The weather gave a decided change during the week, and a large quantity of the snow has disappeared by the late thaw, and roads are in a bad condition for travelling. Those who were complaining of scarcity of water will have enough and to spare now, also our sawmill in town will now find the benefit of the thaw as the water in the mill pond was very low. Mr. McLeod has a large quantity of first class logs in the mill yard which he bought during the last couple of months. He is also well patronized by a good share of custom work.

Merchants and our business men are beginning to open out spring and summer goods as the present weather indicates an early spring. We see that Barber McPhail has put up an elegant sign in front of his shop.

We heard that Bob McMeekin rented Alex. McArthur's farm at the pond above Priceville and that he will be moving there in a few weeks.

The Sacrament of the Lord's supper will be dispensed in the Presbyterian church in English on Sunday March 9th, and in Gaelic on the following Sabbath. Both services at 11, in the morning each day.

Norman McIntyre and sister Dorothy and Miss McQuarrie are visiting friends in County Bruce this week, and enjoying the comfort of bad roads especially when returning homewards, as he had to leave his horses a few miles from home.

The Social held in the Methodist church on Thursday last was not so well attended as it would be only for the bad roads. The programs was a good one.

Again we are reminded that here we have no confessional place of schools, for in addition to what appeared in last week's Review we feel it our duty to say more concerning the death of the late Donald Currie. It is seldom that such an event happens as to have two funerals at the same time in our graveyard in this town, but such was the case on Wednesday of last week, (the latter we will make reference to, further on.)

Mr. Currie was a young man who was widely known throughout the County of Grey, he being amongst those of his profession, teacher, that stood high in the estimation of the public wherever his service was experienced, for by his kind manner of expression he always won the attention of his pupils, consequently success was the result of his labors wherever he was engaged as public school teacher. He was superintendent of the Sabbath school in the Presbyterian church for five years an office which he filled well and while able to attend his place was seldom vacant. The funeral on Wednesday, the 28th Feb. was without exception the largest ever seen in Priceville, showing the respect he was held in by all classes of people.

The Sons of Scotland of which he was a member headed the procession from his late residence, Southline, Ardenesia, and then the Sabbath school children joined in at Priceville. When all that could get into the church (where the body had been taken) had assembled, the pastor Rev. Mr. Matheson preached the funeral sermon from the words of the psalm 37, and 37 verse "Mark the perfect man" etc., making suitable remarks thereon concerning the departed one, for he was a young man whose character was always worthy of imitating and he died in his 35th year.

The funeral which we refer to was a daughter of Mr Malcolm Benton, at one time a resident of Glenelg Centre, but now of Berkeley. She was a young girl of fifteen years of age and only a few days sick, and another funeral on this Monday afternoon March 3rd, the infant daughter of Mr. and Mrs. Neil McLean, of Proton Station, died at Mr. John McPhail's residence, Mrs. McLean's father, on Saturday night, March the 1st., and 3 months.

Hot tel

Mr Jno Orchard has bought a new tread power to run his chopper and straw-cutter.

Mr McKinnon has sunk a well on his new property where he intends building a dwelling in the spring.

You should see the station, a general cleaning up has taken place, windows kalsomined, woodwork oiled, windows cleaned, new window-blinds, and the floors scrubbed. All it requires is a carpet and a few easy chairs to make a parlor of it. This is some encouragement for the agent.

Mr Nelson Main has passed away after long suffering from cancer.

We are sorry to report that Wm Walker, section fore-man has got 10 days rest from the general roadmaster which he did not deserve. It seems he was at the top end of the yard working and on hearing the morning train coming says "come on Tom, we will get our buggy out" and went in before the car passed, and pulled out immediately after, and Mr Roadmaster being on that train, and thinking that Walker had been sitting in the section house all morning gave him 10 days rest. This man will surely get paid in his own coin some day. Now it goes to show that Walker could not have loitered much time when they can lay him off his section for days to help some other poor unfortunate, who has not the backbone that Bill has. Never mind Bill you are not alone. How do you like it Flucker?
