## Apply This Test to the Nerves

If You Have These Symptoms Your Nerves Are Weak and Exhausted-You Can Cet Well by Using Dr. Chase's Nerve Food.

Nervous diseases are little understood. They have long been enshrouded in more or less mystery by the medical profession. Many who are fast falling victims of nervous prostration, paralysis, or locomptor ataxia think that they are merely not very well, and will soon be around again-so insidious is the approach of nervous diseases and nervous collapse

Study these symptoms. They are for your guidance. You may not have them all, but if you have any of them your nervous system is not up to the mark, and a little extra expenditure of nerve force may bring Intolerance of motion, noise and light; twitching of the muscles of the face and eyelids; fatiguing

sleep, sudden startings and jerkings of the limbs : dizziness and flashes of light before the eyes : irritability and restlessness in every part of the body; headache, indigestion, feelings of weariness and depression, and loss of interest in the affairs of life. So long as the daily expenditure of nerve force is greater than the daily income, physical bankruptcy is certain to result sooner or later. Nerve force must be increased, and this can best be accomplished by the use of Dr. Chase's Nerve Food, because it contains in concentrated form the very elements of nature which

nerve force becomes exhausted, and can only be cured when the nerve force is restored No treatment for nervous diseases has ever received such universal endorsement by both physicians and people as has Dr. Chase's Nerve Food.
