VOL. XXIV. NO. 12

DURHAM, THURSDAY, MARCH 20, 1902.

CHAS RAMAGE,
PRINTER AND PUBLISHER.

New Millinery at Ireland's.
Builders Hardware, at close prices, at
The Big Store.
Buy your Seeds at Darling's Drug
Store.
Garden, Field, and Flower Seeds—All
Fresh and reliable at Darling's Drug
Store.

A new library is being selected for the
Methodist S. S. and will be in place soon
and ready for distribution.

Secure your ticket at once for the
concert on Friday evening in aid of the
poor, but it is no poor concert.

Mr. Jas. Patton has sold his Clydes-
dale Stallion Jasper and purchased a
3-yr. Clydesdale, "Lord Roberts" from
Baden and MacDonald, of Exter, im-
porters of Clydesdale and Shire stock.

Some excitement was aroused the
other day when it was reported that a
case of small-pox was in town. Investi-
gation and later developments showed
it to be only an ordinary case of chicken
pox.

LIVING TREES.—A test made by Mr.
Gibb, McKechnie the other day shows
that 30 of the trees from his residence
to the bridge, (on east side only) are
alive. This is fairly good, and we trust
to see active efforts made in a month or
so to replace all dead ones.

The Annual Spring Millinery opening
at Mr. S. F. Morlock's takes place on
Wednesday and Thursday March 20
and 27, and following days. Miss Sweet
is again in charge and the preparations
and the goods bespeak the most attrac-
tive opening ever held in the store.

See The Big Store Windows this
week, for Ladies' Straws and Silk waist
ends.

SAFETY FIRST.—Is the consideration
which has moved our town fathers to
block the way for teams over Lambton
St. bridge until the spring freshet has
gone by. The question of a new bridge
is right "up to us" and we hope that
when the question of material is con-
sidered, the claims of cement may be
accepted even should the cost over iron
be slightly exceeded.

DON'T MAKE FODDER CHEESE.—This
is the burden of a circular received from
the Montreal Produce Merchants'
Association which shows the injurious
effects of placing such goods on the
market before old and good full grass
cheese have been disposed of. Stable
fed milk it is recommended to use in
careful butter making for the supply of
domestic sources or for the feeding of
stock.

MASSEY HARRIS MACHINE.—There
was a large delivery of machines made
to the farmers last Wednesday through
their local agent, J. Livingstone, and
the town had a busy appearance with
farmers from all parts who were in
after their machine. This no doubt
speaks well for Massey Harris goods
when so early in the season there are
so many sold and delivered. We
understand they were all well used,
and were well pleased with the
appearances of their machines.

S. S. No. 1, NORMANBY.—The pie
social held in this section on Friday
evening last was quite successful, the
proceeds \$16.70, exceeding anything yet
made in this line. Reeve Morice was
chairman, and pies sold well. A glee
club rendered some fine selections, and
the solos by Miss Jean Brown were
highly appreciated. Miss Brown and
Mr. Jas. Watson appeared in attractive
duets, while the recitations by the
Misses Cornish were as popular as ever.
Excellent instrumental music was ren-
dered by Mr. John Morice on the violin
and Miss Maud Thompson on the mouth
organ, and a fine solo by Mr. Geo. Alex-
ander brought down the house. The
recitations and flag drill by the pupils
bespoke careful preparation on the part
of the teacher Miss McCannel, who
must have been gratified at the success
of the whole.

Notice and Warning.

Notice and Warning are hereby given
to all parties keeping cattle or horses in
the town of Durham that all such
animals are forbidden to be allowed to
run at large at any time in the town
limits.

Many excuses have been made by the
owners that they just let the cattle out
to water, but hereafter there must be
some person in charge of said animals
or the owners will be prosecuted accord-
ing to law.

Notice is also given to keep the streets
clear of waggons, buggies and sleighs,
and that the riding of bicycles on the
sidewalks, or playing or pitching of
ball or lacrosse is strictly forbidden on
any street in the town of Durham.

Any infraction will be strictly dealt
with.

By Order,
N. MCINTYRE, Mayor.

The Big Store trims wall paper free of
charge.

A Junior Bible class has been formed
in the Methodist S. S., and it is under
the tuition of Mr. Will Glass.

The Presbyterian S. S. has lately
added to its library a fine selection of
new books.

Carpets and Lace Curtains are now
selling for house cleaning. See The
Big Store House.

Buy a pair of Slater Shoes and be up
to date. They wear twice as long as
any other make, and are so comfort-
able.

POSTPONED.—The Seed Fair and
Meeting of the Women's Institute, is
postponed to Tuesday, March 25. Make
a note of it.

Sugar Bargains, in Barrel Lots, this
week only at The Big Store. We
bought a Car load, and have about 40
barrels for Sale at Wholesale prices.

PUBLIC LIBRARY.—A Special meeting
of the Board will be held on Monday
evening. Parties having books out
should be ready to return by April 1,
as the Directors have in view the
preparation of a new catalogue.

Mr. Jas. Ireland is again to the front
with full and up-to-date millinery sup-
plies and visitors to his show rooms will
be gratified at the large and elegant dis-
play made by Miss Rider. Mr. Ireland
gives this department of his business
the closest attention and confidently in-
vites inspection.

Mr. Forest has had a committee of
business men on the look out for new
industries for a year past and though
they have as yet not succeeded they
have continued the committee in office
for another year.

CHARITY CONCERT.—Friday evening
next a first class entertainment of local
talent is to be held in the Town Hall,
the proceeds of which are to go towards
assisting the deserving poor of the
town. We hope the efforts of the
workers will be crowned with success.

GOING TEN YEARS.—A Seed Fair
has been conducted under the auspices
of the Farmers' Institute, of East York,
for 10 years, and last year 6000 bushels
of seed grain changed hands. This
means a great deal for improved grain
growing in the locality. Don't Forget
S. Grey Seed Fair next Tuesday in
Durham Town Hall. Also meeting of
Women's Institute.

AT THE CEMENT WORKS.

The advent of Spring, or at least
spring like weather, shows itself in in-
creased activity in and around the
Cement works. Some fifty men were
at work last week putting up the walls
round the already erected iron frame-
work of the Power House. The steel
trusses, beams, etc., for the rotary
building are on the ground and the
workmen to place them were to begin
this week unless the return of snow
and frost has prevented.

All along the line ties are delivered
and before the croaking of the frogs is
heard there will be a hum of industry
round "Cement town," unparalleled in
Durham's history.

DEATH OF MRS. G. W. ROSS.

Very suddenly last Wednesday morn-
ing Premier Ross was plunged into the
gloom of widowhood by the death,
after 24 hours illness, of his loving and
beloved wife. Of late she has been
much in evidence as the wise and judi-
cious wife, companion and attendant of
her brilliant husband, who learned to
lean on her ministrations to no small
extent. The Legislature adjourned at
its first session, after warm words of
eulogy and sympathy from Hon. J. M.
Gibson and Mr. Whitney, and for some
days messages of condolence from far
and near were numerous. The funeral
was one of the largest ever seen in Tor-
onto, and floral offerings and genuine
tears bespoke the depth of human sor-
row and sympathy. The premier occu-
pied his seat in the house during the
brief prorogation services of Monday
last and received tender marks of
sympathy from both sides of the House.

—Mr. Fielding made his budget
speech on Monday, and the showing is
a most satisfactory one. The estimat-
ed revenue is \$56,800,000; expenditure
\$51,000,000. Therefore a surplus of
\$5,800,000. Addition to debt for the
current year about \$6,000,000, though
the capital expenditure had been
\$7,095,000 and certain special expendi-
tures brought this up to over
\$11,000,000. The present year was
deemed inopportune for tariff changes
and none are made. To prevent an
undue optimism we notice the Mail
and Empire figures on a deficiency of
\$3,450,000, a difference from the
Globe's surplus of only about 14 mil-
lions! It agrees however with the
Globe as to the increase of the debt
and we leave the problem with our
readers.
