DIED.—Our obituary columns this week record the death of Mrs. J. H. Davidson. She succumbed to an attack of typhoid fever on Monday last. Deceased was a daughter of Mr. Thos. Lauder, Registrar, and widow of the late Jas. H. Davidson who died a number of years ago. Besides her father and brothers and sisters she leaves 3 daughters who will grieve deeply over the loss of her care and companionship.

REMARKABLE WALKING FEAT.—Mr. S. Atwood had his interest aroused the other day by reading in his "News" of a feat performed by John Alcock, of Macclesfield, England, aged 62, in walking backwards 12 miles in 3 hours 14 min. 45 seconds, beating the waggered time by over 15 minutes. It was done in the presence of "thousands of people" and the interest to Mr. A. lies in the fact that he knew Alcock intimately in youth, and every foot of the 12 miles from Macclesfield to Buxton.

The letter of Mr. G. McKechnie published in last week's Review has awakened a great interest which will be increased by the perusal of this week's contribution. The route was new to most dwellers in these parts and Gilbert has given a very faithful portrayal of the trip and certainly a very interesting one.

CALL TO REV. MR. LITTLE.—Holstein and Fairbairn congregations have made a happily united call to Rev. APPRECIATED.—Last week's Mr. Forest Confederate has the following kindly reference to Mr. Theobald now in charge of the Hardware dept. of the Big Store. We are pleased to have Mr. Theobald for a townsman, we welcome him again and trust he may find in Durham scope for his energies and talents: "Mr. Wesley Theobald, who has been employed with Messrs. Scott & Murphy for a number of years, left on Tuesday for Durham where he has secured a good position. On the eve of his departure he was tendered a farewell supper at Galbraith's hotel by a few of his old associates in town, was made the recipient of a handsome suit case and on the day following was presented with a gold headed cane by the Lorne Lacrosse Club. The presentation on behalf of the club was made by Pres. Corley. Mr. Theobald has been an active member of the Club for the last 6 or 7 years and his association with it has been marked by usefulness and energy in promoting its best interests. He was also one of the best players of our lacrosse team, and his place there and in the club will be hard to fill. His loss in social and church circles will be greatly felt, and every body feels, that in parting with Wes., they part with their best friend."

ONTARIO ELECTIONS: May 29th.

The announcement was made on Saturday last that the above date has been chosen by the government on which to go to the country. The campaign is now on in earnest, the thunder of the leaders is heard, the smaller guns are getting into line, and the forces of both sides will soon be face to face in the fray. Peace will be declared on May 30, the casualties will be about 100 slain for sure, some citadels will then sit down quietly for another four years under the wise and able administration of the Hon. G. W. Ross and his colleagues.

We used the expression "face to face," we hope this will be the character of the campaign: no back door work, no roorbacks, no ballot fingering or stuffing, but a free expression of the people's will. We believe there are thousands feel like Mr. Marter the ex-Conservative leader, tired of hearing opponents branded as thieves, rogues and robbers.

A HEARTY SEND OFF.

TO LYMAN CALDWELL.

Last Thursday the above well known young Durhamite left by morning train for Hamilton to join an accepted party of young men like himself who had voluntarily enlisted for the 4th Canadian contingent to South Africa.

He passed his examination in Guelph the day before. This in addition to usual health tests consists of tests in rifle shooting, a careful examination being made of both eyes in true oculist style and in horseback riding and general bearing. Lyman passed successfully and came home with a tricolor ribbon on his breast to bid good bye to Durham.—for a time let us hope. When it became known that he had been accepted, there was a general desire to recognize his public spirit in some tangible public way. In the absence of the Mayor or other publicist, ex-Mayor Laidlaw passed a resolution to give him a send off in the morning. However, as the band could not attend in the morning a meeting was called in the Town Hall, though after 9 o'clock, and in a few minutes the Lower Hall was well filled. Here the presentation was made Mr. Laidlaw and Mr. Irwin making brief and appropriate addresses.

Trooper Caldwell, as we may now call him, replied briefly, and without doubt the send off has given him a responsibility not anticipated an hour or two before. It will have a steady influence however, and we earnestly hope our young townsman will pass his year or more in the service of King and country with credit to his native town and honor and safety to himself. Enlistment is made "for a year or until the close of the war."

He has promised to send us some notes for publication as opportunity offers.

OUR DURHAM BOY IN MONTREAL.

We have received a brief note from Mr. Lyman Caldwell written from Montreal, from whence he was going to Halifax. He says "We have got this far on our journey anyway. We left Guelph, Thursday for Hamilton and stayed there till Friday night. Left Hamilton and arrived here at 8.45 this Saturday morning and are likely to be here until to-morrow noon. We are living in a palace car here just now."

He got a little while to view the city and was pleased with the great cathedrals of St. Patrick and Notre Dame. He had a singular experience in Guelph which we will give in his own words "When in Guelph one of the boys who was enlisting had a fit of some kind and as I was beside him I nearly collapsed myself. Another chap dropped dead getting off the train and as I was making my escape from that scene I almost ran into a man who was dying from a hemorrhage. You may be sure I was glad to leave Guelph for fear I might be next."

Well if the Boers fall before him like that without a shot being fired he will be quite an acquisition to the party. He has had his first sniff of death before going far and we hope he will see no more of that kind.

Lyman is a good writer and a perfect speller, and we hope to have more of his budgets for our readers.

THE ISSUE.

What a lot of ghosts loom up in the dark past as issues that have done service for the Conservative Party! "Facts for Irish electors", "Eye Openers", School book questions, Ross Bible, the Agricultural College, the Humber Pigery, &c., &c. What is it this time? Mr. Whitney has only one policy clearly defined that we can see, and that is unscathing abuse of his opponents and impenetrable (to say the least) charges of corruption. He railed at Bowmanville and elsewhere on W. Elgin frauds, and the assumption is constantly made that the leaders admit and condone them.

Mr. Whitney can turn to his own party and see friends as gross or grosser. Not to touch Dominion politics in the early 90's, which were rank, he can find his candidates unseated and corruption proved before courts, and at least one man, Smith, of S. Ontario
