(BY AUGUSTA PRESCOTT)

April showers are here and the May flowers are springing through the dressers is Mrs. John Jacob Astor year before. sod. The showers and the flowers are the signal of spring, and Mother Nature flaunts her gay hues the woman goes out into the world upon summer shopping bent. That she must soon be a summer girl she KBOWS.

The most apparent fact in her spring catalogue is the one which tells her that it is to be a white summer. Perhaps not all white, but so nearly so that you might as well my white.

Who cares if a gown be in mooncolored yellow, just off the cream and only a little deeper? Fortunately for her who is to be in the white swim, this color comes this year in becoming tones. Instead of the blue-white which is becoming only to the fairest blondes, the clear type, it comes in a deep tone, almost cream, and in oyster grey, which is quite white, and in the grayish blues that are smoky in their depths.

Many Shades of White. You will be surprised to find how with a big bow and there is many shades of white there are, and sweeping plume around the brim,

One of the most economical of fine as an attraction last year and th She is not obliged to "scrimp" a other women understand scrimping yet she does not spend a fortun in her gowns. She chooses suit that are in harmony. This spring she has two walking suits, one grey and one in blue. Both ar sweep length, much longer than the pedestrian, and both require hold ing up on the street.

The blue is in the old-fashioned shade of navy blue, and is trimmed with wide bands of braid stitched on both sides.

Mrs. Astor's Gown. The waist is a Russian blouse open in front over a French rec shirt waist which is substituted for one of white on some occasions. Trimming the skirt there are long bands of the braid that come down each side of the front and curve around the skirt at the

Your belt and stock may be the same or you can depart from this custom and wear a pink rose in your hair, one at your

neck and one at your belt.

It must not be supposed that this cloth which is the color of old lace is designed specially and only for the house. Far from it. This soft shade is made up into street gowns and is worn with pink decorations or with lows of brown velvet, which are really far better for the street. Take such a gown and tuck the blouse waist. around this gown. Chocolate-au-Lait.

One of the most charming creations of the early summer is a gown of chocolate colored veiling, rather pale, more lke a chocolate-au-lait. The skirt is of sweep length, laid in tucks from the belt down nearly to the hem, and the waist is made the same way, all tucks from throat to belt, with a little pouchy effect

over the front of the belt. There is lace upon this gown, as upon all the dresses of spring, whether they be for the street or the house, and the lace in this case is used as a hip yoke, with a point in the middle of the front and with tapering sides. There is a waist yoke, but it comes upward from the belt and looks something like a continuation of the hip yoke. The cuffs are baggy affairs of the chocolate cloth,

with neat little wristbands of lace finishing them. There are some very smart dresses in this country, smarter far than those in London, and there are American women who make their money and their clothes go farther than Engli 1 women know how to do.

Sufferers From Itching Piles

Who Found Quick Relief and Lasting Cure in the Use of Dr. Chase's Ointment.

If you could read a few of the letters which come to these offices from persons who have been freed from the miseries of itching, bleeding, or protruding piles, you would soon realize the marvelous power of this wonderful preparation. Here are two sample letters which show the heartfelt gratitude of cured ones: Mr. John Tuttle, expressman, 107 Stewart street, Kingston, Ont., states: "Like most men who do much driving, sitting a great deal, and often exposed to dampness, I have been a great sufferer from piles. As a matter of fact, I had piles for a number of years, and tried nearly everything I could hear of in a value effort to get cured, but only succeeded when I used Dr. Chase's Ointment. The first application of this grand preparation brought me relief from the dreadful itching, burning sensations, and less than two boxes made a perfect and permanent cure. I am grateful for this freedom from suffering, and desire others to benefit by my experience with Dr. Chase's Ointment."

Mr. H. Kelly, Cobourg. Ont., states: "I have used Dr. Chase's Ointment for itching piles, and can truth fully say that it has entirely cured me. Only persons who have endured the torture of itching piles can have any idea of what I suffered. Dr. Chase's Ointment brought me prompt relief from the misery, and has made a thorough cure. I am thankful for this remedy because it has made life worth living. I cannot say enough in recommendation of Dr. Chase's Ointment.

Dr. Chase's Ointment has no worthy rival as a cure for itching piles and itching skin diseases. It is possessed of certain powers over these aliments which imitators are unable to reproduce. You can be absolutely sure of Dr. Chase's Ointment bringing relief and cure. It is backed by the testimony of the best people in all parts of Canada. 60 cents a box at all dealers, or Edmanson.
