

PRICEVILLE

Fine showers of rain lately which gives all nature a beautiful color, for everything is out in bloom and by all appearance fruit will be plentiful if we are to judge from present appearance. Fall wheat is looking fairly good. Spring grain is getting on well. All are through sometime ago and now everybody is busy putting in their potatoes and roots.

The Rev. Mr. Atkinson of Toronto, will give a lecture in the Presbyterian church accompanied by views on the evening of 6th of June. The proceeds to be applied to painting the basement of the church.

Secretary John McArthur for our school in this town received no less than 20 applications to fill the vacancy caused by Mr. Bell tendering his resignation. Surely there is a pick and choice among so many applicants.

The fishing season is on hand. Dugald McLean caught two fish lately one weighing 2 1/2 lb. and the other 2 lb ten ounces, the later being 17 inches long. Dugald is an old fisherman.

Mrs. Ross and family, from Bruce, is visiting her mother Mrs. McIntyre, South Line. Also Miss Kate and Minnie McIntyre, are visiting the same home for a few days.

Archie McDermid, and son of Toronto, visited at his father-in-law's Mr. John McPhail South Glenelg on the 21, and returned again on Monday.

We see from the hits and Misses in the Durham Chronicle that Colin McFayden is turning to be a Conservative but we can hardly ascertain the insinuation given. It is possible for a mother to forsake the infant which she bore, but it is impossible for her to make anything of Colin but a pure grit. So if the safety of the conservative party depends on success because Colin is said to be present at a committee meeting of that party success is yet far away into the future.

Lots of political meetings, there was one at McCaig's school house on the evening of Wednesday of last week in favor of George Binnie. The speakers were Messrs Davidson, lawyer, and J. A. Hunter, of Durham, and N. McCannel, of Top Cliff. A. McCaig in the chair. The meeting was nearly altogether a one sided affair in favor of Binnie. We would sooner see opposition at any time.

At these meetings Messrs Davidson and Hunter are two excellent speakers which Durham may feel proud of having such young politicians, while Top Cliff is not lacking in that capacity also. It is possible that before another issue of the Review is to hand the Election cry will be over so we are not going to say much this time but wait patiently for the results.

Mrs. Chas. McDonald, South Glenelg, had a sheep killed by lightning during the thunder storm on the 22nd of May.

Wonder if the young man east of town who was in search of young heifers some time ago succeeded in finding any yet. The peculiarities of his actions leads some of the ladies to be suspicious that it is Bipeds he is in search of and not Quadrupeds.

Mr. John McInnis, Durham road Glenelg, will be going to Calgary, N. W., next week with a load of cattle and horses for his brother-in-law of that place.

We are all pleased to see Malcolm McInnes about his usual business after a severe illness. Hope he will continue well.

We are sorry to hear of the illness of Mr. Robert Conkey of this place who it appears has cancer in the neck. He was in Toronto a week ago and got little or no hopes of being cured of this dangerous disease.

Mr. Hermen McLean has secured a situation in Markdale. Herman is a good sample for all young men to follow, and will make his mark in the world wherever he goes.

The beautiful strains from Peter McArthur's pipes are enlivening on a fine summer's evening. Peter masters them well and good.

Live Stock Market Toronto. There was very strong trading at the Toronto cattle market this morning, and although there were no sales at the high price of \$6.75 per cwt, which was obtained for some choice exporters on Tuesday, yet the prices of to-day were very strong and there were a number of sales at \$6.40 per cwt. There is an opinion among the dealers that in spite of the frequent assertions to the contrary, the supply of export cattle in the country is very small and that a shortage would not come unexpectedly. Several of them are therefore buying quite extensively at the present high prices. This is probably the reason of the present high prices being so well maintained. On the other hand and there is the approaching arrival of grass-fed cattle in a few weeks, which might be expected to counteract the high prices. The receipts to-day were not so heavy as they have been of late, and this also helped the prices to keep up. There were 65 cars received and they included 986 cattle, 265 sheep and lambs, 986 hogs and 83 calves. Export Cattle—Were stronger, selling at \$6 to \$6.40 per cwt for choice and \$4.55 to \$6 for medium. Feeders and Stockers—Were steady and strong, selling at \$4 to \$5 per cwt for short-keep feeders and \$3.75 to \$4 per cwt for heavy stockers. Sheep and Lambs—Were steady, at \$3 to \$4.50 per cwt for export ewes and \$4 to \$5.50 per cwt for yearling lambs. Spring lambs were a little firmer, selling at \$2.50 to \$5 each. Hogs—Were steady, selling at \$7.25 per cwt for choice ones and \$7 per cwt for lights and fats.
