THE LATE MRS. FRASER.
On Saturday last after two weeks illness which developed into lung trouble, Mrs. Fraser, Vickers, passed away in her 62nd year, having survived her husband, the late John Fraser, about 2 years. Miss Armstrong, the well-known nurse was secured by her daughters but kindly care and medical skill proved unavailing and a fond parent, a kind and obliging neighbor, and a true friend has gone. Mrs. Fraser was born in Ireland in the County of Limerick, and crossed the ocean 40 years ago coming to Philadelphia and thence to Grimsby, near Hamilton, where two years later she married her deceased husband. They moved to the 2nd Con. S. D. R., Bentnick, and thence to her late home in Vickers. She leaves as chief mourners, Mrs. T. Corbett, (Maggie) of the Soo, Mrs. A. Hess, (Mary) of Hamilton, and Mrs. W. George (Bella) also of the Soo, and two sisters Mrs. O'Grady and Mrs. Hinchey, both of Hamilton. A daughter, Mrs. T. Turnbull died three years ago, and their only son John about 4 years ago. She was a faithful member of Durham Presbyterian Church for over 35 years, and a large cortege of sorrowing friends followed her to the grave on Monday. Rev. Mr. Farquharson conducted the services.

No. 2, EGREMONT.—We have to acknowledge a kind invitation to a picnic in Lennox' Grove near Varney, on Friday 27th inst., under the auspices of the school taught by Mr. D. McDonald. The school and willing helpers will make a good time.

REVISION NEEDED.—A Revision of postal rates, affecting all mail matter other than letters or correspondence comes into effect on July 1. It will increase postage 100 per cent on circulars, catalogues, books, etc., and printers will pay two cents for a package of printed matter from 2 to 4 ounces while before it was one cent. This needs revision.

READY FOR HOT WEATHER.—Mr. Jno. Darling, with considerable enterprise, has installed a large and handsome soda fountain in his drugstore. It is erected on a fine marble table, has two draughts and all the modern artistic fixtures and adornments. It is certainly a thing of beauty which quality will be equalled by its utility in the hot days ahead of us.

TO THE LAKE.—A pleasant trip over the new road to the Lake was made last Thursday by about 70 ladies and gentlemen nearly 40 being from outside points who had come to see the marble in its native bed, before the great dredge begins to scoop it up. All agree the road is in good shape, and like other visitors they look and wonder at the vast works in process of completion.

GAS AND OIL.—Experts have been engaged during the past few weeks by the Durham Natural Gas & Oil Co. (Limited) going over the ground upon which they have secured boring privileges and making tests as to the most suitable places at which to drill. Every one who has any knowledge upon the subject agrees that the indications for gas and oil are the very best so that within a very short time we may expect to have our dwellings lighted and heated by natural gas.

We regret to learn of the death of Mrs. Wm. Falkingham in Owen Sound Hospital, Monday, June 16. She had been ill with spine trouble for some time and went there for treatment. Mr. F. was sent for Sunday as she was worse and she died Monday. She was a daughter of Mr. McNally, who kept a shoe shop here a year or so ago and leaves 3 small boys.

NO 1, NORMANBY.—The picnic held here on Friday last, by Miss McCannel and S. S. No. 1, was favored by fine weather and was fairly successful. It was held in Carson's bush, and an interesting program was rendered. Mr. David Leith being chairman. An address was given by Mr. Wm. Allan, and Mr. Jas. Watson contributed musically. Mr. George Alexander was still good for a song too. Miss Jennie Brown, Durham, accompanied by Miss Jessie Byers, gave two songs, and Miss Maud Thompson gave two selections on the mouth organ. Recitations were given by Jimmy Marsall and Arthur Backus, and Herbert Gray drilled some gramophone music. A flag drill by several little girls was very attractive. Tea was served at 4 o'clock, and as usual there was abundance of good things. Two interesting football matches were held in Mr. Leith's field; one between Durham and Varney, resulting in neither side scoring, the other between Varney and Normanby went 1 to 0 in favor of Normanby. The gate proceeds were not large but will help to swell the fund for an organ for the school.

NEW TRAIN SERVICE.

Monday morning the new train service went into operation and we now have the advantage of a Toronto train twice a day both ways. The morning train leaves Durham at 7:50 a. m., reaching Toronto at 12:15 p. m. The morning train from Toronto reaches Durham at 1:45 p. m. and if the Toronto man wants to do business here and get back same day he has to hustle, for he has only 1 hour 15 minutes, the evening train leaving at 3 p. m. reaching Toronto at 7:45 p. m. The evening train from Toronto reaches here at 8:30. The change will prove a boon to travellers who never liked to be caught here on Saturdays, and the only respect in which it may be injurious is in its loss of value as a market train for places down the line. It will be impossible also to visit the Cement works and go back same day, but with our excellent hotel accommodation this will not be felt.

IMPROVED MAIL SERVICE.
The next thing Durham needs is a twice a day Mail service and by persistent attention to the matter this can be obtained. In such a matter the influence of a Board of Trade would be very important. The Publisher of the Toronto Star in reply to a letter of ours on this matter made enquiries of the Inspector of Railway Mail Service, and they inform us that he states that "no new arrangements have been made for the present, but may do so in the future." The Star of course will take advantage of new arrangements at once, and we would receive the paper and other mail matter first thing in the morning instead of having to wait for the Fleshering Stage.

LACROSSE.

This, our National game bids fair to occupy a preponderating position in the world of sport this year. On Friday last the first game of the Intermediate League for this district took place in Hanover between the local team and the Lornes of Mt Forest. Quite a number of our crack Durham players went over to see the game, which, though hotly contested was entirely one-sided, Mt Forest winning out with 8 goals to 0. Hanover is in hard luck and the team will do well to do some hard training before meeting the other opponents. It is a pity that the coronation game here, and now 8 to 0 at the first league match on their own grounds makes a bad beginning, but if they are the "stuff," they may make a better ending.

Durham goes to Owen Sound for the first official tussle today, Wednesday, and Hanover team plays here next Thursday, Coronation Day. All lovers of a good game will be glad to have it on this Royal Day in Durham which is to have other attractions of a military nature, and town and country will, we are sure, be out in force to witness this famous match. The coronation game here, and now 8 to 0 at the first league match on their own grounds makes a bad beginning, but if they are the "stuff," they may make a better ending.

AN EARLY MORNING BRIDE.

Tuesday morning Rev. Rural Dean Ryan was early astir, for at 6 a. m. two well known members of the Anglican church were to unite heart and hand at Hymen's altar in the sacred edifice. The contracting parties were Miss Bella Hughes and Mr. Edward Kress, and with a wealth of bright sunshine outside, and in the presence of several dozen well-wishing hearts inside, the vows were taken which made them man and wife. The bride was led to the altar by her brother George, the wedding march being played by Mrs. Parker. The ceremony over the bells rung out a merry peal, and at the church steps they received the conventional rice send off, and many hearty congratulations. The wedding breakfast followed, then the drive to the station, then rice and more congratulations and more rice till Conductor Lavelle's "all aboard" snatched the happy couple from their friends and admirers.

The bride was becomingly attired in a blue cloth travelling dress, white silk front, and black picture hat, and looked bright and winsome as the morning sunshine. The young couple are so well and favorably known here, that no further words of ours are necessary than to wish them God-speed through life and a happy citizenship in their native town on their return from their honeymoon.

Mr. and Miss Orchard, of London, Ont., spent a day with their cousin Mrs. Arthur McClocklin last week.

Miss Bert Quart, after spending some time with friends in town, left for her home in Winchester, Monday morning.

Mr. W. K. Reid was helping Mr. Jno. Livingston in his bicycle repair shop last week owing to the illness of Mr. F. Vickers.

Mr. Arch. McFarlane, accountant of the Standard Bank, Brantford, is home for a 3-months vacation. Mrs. McFarlane accompanies him.

Mr. and Mrs. McDougall visited Mrs. Fiddis of Owen Sound last week. Mr. McDougall came home Saturday, Mrs. McDougall remaining for a longer visit.

Mrs. McKinly, of Toronto, is visiting her mother Mrs. Launder this week returning on Wednesday to Toronto from whence with her husband and one child she sails early in July for a two months' trip to the old land.

Lieut. Fred. Hunter received orders last week to join his regiment in England to take part in the Coronation festivities. We are proud to think that Durham has at least one representative at the historic function.

Mr. Wm. Plank, Acton, accompanied by Mr. John M. Dixon, near Holstein, were in town Monday examining the Cement works, and the possibilities of the town as an investing centre. They seemed to be highly gratified with the outlook.

Dr. Jno. A. Conkey, of Indianapolis, is visiting at home at present and was in Durham on Monday calling on some old friends. We were much pleased to see him, looking well, and doing well in the land of his adoption. Of course he is delighted to see the progress Durham is making.

Mr. Wm. Jamieson, father of his well-known son, our M. P., is visiting around here for a week or two. Notwithstanding that he passed his 80th birthday in April last he is still wonderfully vigorous in body and mind, old age touching him only in defective hearing. We were pleased to have a call from him.

Remember the Farmers' Institute Excursion next Wednesday. See ad. on Page 5.

The council of Southampton is going to collect a poll tax of \$2 from every young man over 21 years of age. Nobody walks the streets more than young men and they should be made contribute more than one dollar toward the expenses of a municipality. Cheshire council would make a good move by following the example of Southampton and making the poll tax \$2 instead of \$1 as heretofore.—Enterprise.

SCOTCHMAN'S DAY IN WILTON.—Mr. T. C. Allan, Wilton, was in town Tuesday in the interests of the Sons of Scotland Camp of his town. They are having their third annual gala day on August 20 next and have engaged the full band of the 48th Highlanders as one of the chief features of the day and for evening concert. Later there will be announced cheap excursion rates to the Sugar town.

—The Canadian Coronation contingent have arrived in England.
