Supplement to DURHAM REVIEW.

Durham, July 3, 1902.

Dromore.

Well Mr. Editor our town has not been heard from lately and at present we have very little to offer in the line of general news as everybody is busy and commenting upon the weather in the past month being cold and wet, while last year the months of June and July were the very opposite, extremely hot and dry. However the crops are looking healthy. The hay crop will be light. The fall wheat looks well and to all appearance we have every reason to be thankful.

Our young people, quite a number of them, were twice disappointed last week. The first one came on Wednesday 25th, quite a number turned out to enjoy a day on the M. del Farm, but oh! how it rained we have no need to say, so they had to come home disappointed and wet. The next came on Friday when all preparations were made to attend a garden party at Priceville, in fact some as far as to have the horse tied at the door, when a messenger comes along and pins a notice over the bills postponed until next Friday the 4th. Just fancy a young man driving 4 or 5 miles and when he stops at the door of the one whose company he is going to be favored with, when she goes out to receive him, no doubt looking kind of blue to have to say Will or Jack dear the garden party is postponed. We could hardly blame such an one for saying them Priceville people must be crazy. However we hope they will manage things better next time and not disappoint so many young and old.

Mr Jas Lethian is at present visiting friends in North Keppel.

Mr Alf Inkster, of Feversham, called on a few friends here last week.

Horsebuyers, from Guelph, were around here this week and picked up a number of good horses and cattle and paying good prices for them.

Mr L McDougall we understand has rented Mr Alex Pollock's farm for a term of five years.

We are sorry to say this week that Mr Geo Amos, who has been ill for some time is not improving very much.

Quite a number from here took in the sports at Holstein and report a good time.

W. C. T. U. CONVENTION.

The Annual Meeting of the County Association met in O. Sound on Tuesday 24th inst. A reception was given to the visiting delegates from the various unions, and a social. There was a large representation of the local union, and with an gathering of many friends the W. C. T. U. hall was comfortably filled. Four of the resident pastors were present and gave short addresses bearing on the work of the organization, and the present crisis in temperance work. Some musical instructions were very acceptably rendered, and a number by the Musical club helped to make the evening a pleasant success.

The first business session of the convention was opened at 10 a. m. Wednesday, 25th, with the president, Miss Winnie Doyle, in the chair, when reports from the unions were presented, showing that the W. C. T. U. in these various localities is busily at work, and that their influence is being felt for good in the departments of work in which they are engaged. Durham, Meaford, Markdale, Shallow Lake and Owen Sound were represented, and the intelligent grasp of the subject shown by their delegates is an assurance that the work in their hands will be carried out wisely and energetically. The election of officers closed the session.

The afternoon session opened at 2, and after the opening exercises an address on the relations of the W. C. T. U. to missions, and the value of evangelistic work was given by the superintendent of that department. An address by Mrs Newton, Durham, on "Individual Responsibility," and a song sung very sweetly and impressively, were warmly received. A carefully prepared paper was given on "Alcohol as a Medicine" by Mrs. Morrison, Owen Sound and another on "Child Culture" by Mrs D McKenzie, also of Owen Sound.

The report of the committee on resolutions was adopted as a whole, after which the convention adjourned.

The pleasure of those who attended the sessions was marred by nothing but the weather, and as we had no control over the down pour of rain, we intend to go forward strengthened and encouraged, into the work which lies before us, trusting that one day it will be crowned with the success for which we are praying. — J. E. L. Press Supt.

BUNESSAN.

The road work was done in this part last week. Mr Dan McInnes, being pathmaster, work was done in an orderly way.

A number from this line attended the garden party in Durham in favor of the Baptist Church and report a pleasant time.

The rosy checked boy from Farewell Corners visited friends in our burg last week.

Rev Mr McGregor, of Gravenhurst, passed through this part on his way to Durham.

Mr Alex Bell Jr came home from the cement works feeling unwell. He leaves this week to visit friends in Georgetown and Toronto.

Mrs McArthur, of the Glen, is laid up at present with rheumatism. Hopeshe will soon be around again.

Mr Ura Clarke, of Brantford, visited at Mr Thos McComb's last week.

A few of our neighbors expect to attend Mr Alex Morton's barn raising at the Rocky on the 1st of July. They know where to find good men.

What we would like to know? How the two young gentlemen of this burg felt after getting so badly left in town Saturday night of last week. Better be smarter next time boys, as girls like riding in a buggy better than walking.

COUNTY COUNCIL.

County Council met on Monday of last week, Warden McKinnon presiding over a full council.

The warden's opening address touched on several matters likely to come before the Council, including the question of House of Refuge and equalization of County Assessment.

A number of communications, accounts etc., in the hands of the Clerk were read and referred to their respective committees, and council adjourned till 2.30 p. m. Tuesday.

The improvements made since last session in the county building and to the grounds surrounding it were inspected, and some of the members expressed the opinion that the ceiling and walls of the main hallway would be better for being renovated.

The council resumed on Tuesday afternoon, when Mr. Preston, chairman of the Finance committee and Mr. Gordon, chairman of the County Property committee, reported. The Finance report recommended the usual grants to the North, South and Centre Grey Farmers' Institutes, and grants of \$10 each to the North and South Grey Women's Institutes, but that no grant be given the Poultry association. In committee of the whole however, the report was amended by granting \$50 to the Poultry association.

Another short session was held on Wednesday, when the Road and Bridge committee reported through their chairman, Mr. Agnew. There was a lengthy discussion on the report in committee, the main topic being a matter of dispute between Holland and Euphrasia townships, which was brought before the council in a letter from Mr. Curry, clerk of Euphrasia. Mr. Sibbe was appointed to confer with Holland council on the subject and report at next meeting of the County Council.— O. S. Sun.

[Further County Council notes are held over till next week. Ed.]

"A NOTE FROM THE SEA."

The following brief notes we received Monday posted at Cape Town, June 3, the expected mailboat not having turned up:

Dear Sir:

This is what might be called a note from the sea. It is just a week today since we left Halifax and I guess it will be another two or three weeks yet before we see land.

We expect to meet a mail-boat tomorrow to take off our mail. I hope we do as we have only sighted three ships so far. Quite a lot of the chaps were seasick. It didn't bother me as I have been on salt water before. We have had three horses die already and I expect about half to be dead before we get to Cape Town. Both horses and men are very poorly accommodated. We are packed in like sardines and scarcely have room to turn. We sleep in hammocks, and as for the horses, they have to stand all the time. By right they should be slung up every night. It is very rough tonight. The ship is rolling and pitching so badly that I can hardly write. Yours etc., LYMAN CALDWELL.

A. GORDON Lower Town, — Jewelle

tion with the Methodist Church, was postponed till July 4th on account of the evenings being so cold and damp of late. We hope that a good time and suitable weather will be the result.

We hear a report that one of the Orange Lodges in Proton is to be called the George Wright's Lodge in the near future.

lights and fats. The market receipts were 68 loads, which included 990 cattle, 715 sheep and lambs, 1,286 hogs and 82 calves.

want in the most practical methods Full particulars free. Address, C. A. FLEMING, Principal.

Conductivity of music, which is in affiliation with the above college. Pupils taken at her mother's residence, corner of Durham and Elgin Sts.
