TOWN TOPICS

Manitoba Oatmeal at—Grant's.
The Review to January 1, 1903, 35 cts.
Bentick Fall Fair at Hanover on Sep. 30th and Oct. 1st.
You might just as well get 2 shirts for 75c as one during the Shirt Sale at J. A. Hunter's, The Big Store.—
Mr. R. B. Keeler, Jeweler, has bought Mr. Arch. Little's house, East Lambton Street. The price was \$2000.
ATWOOD.—A post card received post-marked "Atwood," addressed properly, but otherwise blank. Can't trace sender.
GOING TO SCOTLAND.—Messrs. R. MacFarlane, Sr., and John H. Hunter, are expected to leave for Scotland next week. We wish them a pleasant voyage and agreeable experiences in the Land o' Cakes.
Big Reduction in Ladies Sailor Hats, at—Grant's.
NEW BLACKSMITH.—That is new in Durham, for John Collins of Orchardville, has long been well known among men requiring horses shod. Mr. Collins is at work in the old foundry at the bridge on Garafraza St., and will no doubt receive a share of the work that's going.
"Hardware Dept.," is the wording on a very neat Sign in The Big Store.
IN MEMORY OF BURNS.—Just 106 years on Monday since the great poet breathed his last, and Toronto Scotsmen and many not Scotsmen, honored themselves by unveiling a fine monument in his honor. Warm eulogies were spoken and some of his songs were sung with feeling.
PERSONALS.—Have your friends visiting you during the holidays? Have any of your friends gone away? Send the REVIEW the facts of these or any other social item. Other friends may be glad to know, and we will be happy to publish same. Send by mail or leave at either of our offices (accompanied of course with your name as a private guarantee) and we will do the rest. Dinna forget.
Any man who will buy his wife a Happy Thought Range at The Big Store Hardware, may rest assured she will never forget his kindness, for the Happy Thought is the Queen among Ranges.
Every owner of one or one hundred head of stock and every person who makes butter whether it be five or five hundred pounds per week, should be a reader of The Weekly Sun. The Dairy Associations and meetings, as well as all matters pertaining to the Dairy and Creamery Industries, are fully reported. The Sun gives more technical information than any other farm paper the markets. For 75 cents we will send you the REVIEW and The Weekly Sun for six months. Try the papers.
Ladies Patent Leather Belts at 15c 20 and 25c. at—Grant's.
CEMENT MAGNATES.—Last Thursday, Messrs Cowham, Cumberland, Stanhope, Irying, Bailey, and other prominent cement men and shareholders were in town and took the open air excursion to the lake. The progress being made in the eyes of these experts is satisfactory and the first named takes a pardonable pride in pointing out that his promise to furnish "the best mill in the world" is being implicated. He is firmly of the opinion that while larger ones may be built, there is none better, and none to equal it certainly, in the excellence of the material it has to work upon.
See those unbreakable combs at—Grant's.
PROGRESS AT CEMENT WORKS.—Gradually new features are impressing themselves on the visitors to the vast works, in our town. The great smoke stack at the power house is getting skyward length by length, presenting some principles of mechanics in its erection, never before seen here. The structure has not a single guy wire and the workman's platform is attached in some way to the rim. The tat-tat-tat of several electric rivetters is a prevailing sound and rapid progress is being made with this extensive feature. The rotaries have rotated for the first time to allow of the fire-proof white-washing of the fire-back inside. The dump at the east end of the trestle work must be about finished. Doors have been placed on the Power-House and the mysterious pipings, etc., etc., inside, are getting together, reminding us of Ezekiel's valley of dry bones. The fencing of the grounds is about completed and nice gravel walks have been laid down near the office.

The boys all say Black Cat Horse are the best. You buy them at The Big Store.
The Baptist Garden Party at T. McComb's on Tuesday was very successful, in attendance and in every way. They collected about \$60.
PASSED IN OTTAWA.—Congratulations to Mr. R. J. Scott, whose name appears among the successful candidates at Ottawa Normal School examinations.
The Presbyterian S. S. picnic is being held to-day, Wednesday, at Wilder's Lake. By courtesy of the Cement Co. an open-air ride on the flat cars there and back is a treat for old and young.
HORSE FOR SALE.—Miles Wilson, the fish man, has a good horse for sale or exchange. Stands 17 hands high, weighs 1400 lbs. would make a good farm or gray horse. Sound and in good shape. Apply at the freezer, Lower Town.
Splendid weather favored the Presbyterian S. S. picnic to-day, Wednesday, and four flat car loads of happy children and their seniors are gone by switch line to Wilder's Lake while ye editor and staff, being paper day, must content themselves at home.
PROPERTY CHANGE.—Mr. Wm. Black has bought the Aljoe blacksmith shop and grounds attached, and will proceed at once to transform it into a residential property. We are glad to hear this, for Mr. Black's push and enterprise will rest with nothing short of something good, and we may expect to see another fine residence in Upper Town.
BUS CHANGE.—Mr. Jas. A. Gowallock has purchased the Bus and Dray business from Mr. Dan Campbell and took possession Monday morning. He intends to devote the same attention to these departments as he has done successfully to his livery, (which he still continues,) and cordially asks the public for their patronage in any of the three lines. Phone No. 13.
ENTRANCE CORRECTION.—There were two "H. McDonald's" writing at the entrance in Durham, we only knew of one, the Durham one, and placed him amongst the successful candidates. This was a mistake, for the successful McDonald was "Hector" of Glenelg, son of Mr. John McDonald, South Line, and we gladly give him credit, while "Howard," of Durham, must buckle to and try again.
Wear Slater Shoes if you want to be right in line.—The Big Store.
Rev. Mr. Moorehouse, Rector of Christ Church, London, will preach in Trinity church, morning and evening on Sunday next, and at Allan's school house at 3 p. m. Rev. Mr. Ryan will preach at Aberdeen at 3. On Friday evening Mr. Moorehouse will lecture in the Town Hall on "Success," or "How to make the Most of Life." The lecture will be supplemented by a musical program by Mrs. Newton, Mrs. Lauder, Misses Meredith and Mr. Jas. A. Hunter.
OPERATION.—The many friends of Mr. John Picken will be glad to know that he is improving satisfactorily from the operation he underwent on July 12. The trouble, which had bothered him for sometime, was appendicitis. Dr's McDonald and Jamieson performed the operation assisted by Dr. Mahan; a trained nurse, Miss McMillan, has been secured from Toronto General Hospital and her services have been much appreciated. Mr. Picken will be home around again in 3 or 4 weeks in better health than ever.
Are you called to any store in particular? If not call at The Big Store this week. They have some interesting things to show you.—J. A. Hunter.

LACROSSE NOTES.

The defeat of Mt. Forest Lacrosse team by Durham came it seems as a total surprise to the players from the sleepy town on the southern border of our county. The "Confed," assures us everybody in Mt. Forest "thought them invincible," and holds up its hands in horror to think that a team who were held to be "as big a snap as Hanover" should "in a little one-horse town like Durham" have the assurance to defeat the "doughty Lornes." Both papers make a great cryout against the grounds, which are not, of course, first class, but teams as good as Mt. Forest have both won and lost on these same grounds against home teams. We did not see the fracas between Mt. Forest visitors and the officials, and while we would regret the least discourtesy to visitors, we think it no bad precedent that sympathizers on both sides should be kept off the grounds during the game, and for the rubbing down of the boys the simple way is to have parties appointed before hand for this purpose. We think the rules of the Association should also be amended making it impossible to be a referee one day and playing against one of the teams the next as was the case with one of Mt. Forest's players, who refereed the Hanover-Durham game, and that very unsatisfactorily.
The contest on Friday of this week between Durham and Hanover at Hanover will be a keen one, for Durham has victory in sight, and Hanover though out of the finals, is trying hard to improve on the three games they have already played.
Hanover Juniors came over Tuesday evening for a friendly game with Durham, with the result that the home team took 4 goals, the visitors 1.

THE CORONATION.—AUGUST 9.

So rapid and satisfactory has been the recovery of King Edward from his serious operation, that the above date has been fixed upon for the great ceremony, and millions of loyal subjects will hope that no untoward event will prevent its accomplishment this time. The great circus features planned for, will nearly all be dropped, and a colonial representation of 50 in all is asked for, of which Canada sends 13. The review of the fleet will be held a day or two after, and this may be on the scale of magnificence first planned. The removal of the King to his yacht was safely accomplished and change of scene and sea air with best medical skill is fast restoring him. Reports say he will be a healthier and stronger man than ever.

From South Africa.

Durham, Natal, S. Africa, June 8th, '02
Mr. Chas. Ramage,
Durham.

Dear Sir,
We arrived here last Wednesday June 4th, after being on board ship for 27 days. We did not stop at Cape de Verde but passed between the two islands. After leaving Cape de Verde we had a chap from B Squadron die and after leaving Cape Town another one died. They were both buried at sea.
We had very pleasant weather until we struck the cape of Good Hope when it came on very rough. We put in at Table Bay Saturday May 31st., and left at five the same evening. We had it very rough until we reached Durban.
We lost about sixty horses on the trip.
After we landed we took two horses each and came up to the Exhibition Grounds where we are camped.
The first Bengal Lancers are camped here too, and we watch them playing polo on horse-back. But what I do enjoy is being pulled around town in a rickshaw drawn by Kaffirs or Zulus dressed up in white linen with big horns tied on their heads. The natives here are mostly naked. Sometimes you will see one dressed up in an old suit of khaki, bare footed and with a big bunch of Ost rich feathers on his head or a large white or red turban wound around his head.
The women when dressed at all have either an old blanket around them or a big many colored handkerchief with lots of brass ornaments.
I have a lot of bracelets that I bought off the Zulu's for a few pennies.
It is all English money out here and I sometimes get mixed up in change.
We leave for Newcastle to-morrow morning at 9 a. m.
Yours truly,
L. CALDWELL.

—A fund for the families of the firmers who lost their lives in last weeks fire is being taken up in Toronto and will now amount to over \$15000. The List is headed with \$1000 each from the Western Assurance Co., British American Ass. Co., and Timothy Eaton.
—A great convention of Prohibitionists of Ontario is called for July 29, to organize for the campaign which will either carry the Referendum, or consign it to forgetfulness for years to come. The course of Hon. G. W. Ross in freeing the question from politics is now being commended generally as the best thing that could have been done for the temperance cause, though without doubt it cost him several seats in the province through the action of temperance forces.
—Tornadoes at Baltimore, at Binghampton, N. Y., and other places, have caused death and destruction greater than that at Chesterville, in Eastern Ontario. Greater than all in destruction is that caused by the overflow of the Mississippi, where millions of dollars worth of splendid crops have been destroyed. It is described as the most costly flood yet experienced above St. Louis.

DIED.
CAMPBELL.—Suddenly, at 27 Mearns St., Greenock, Scotland, on June 4 last, Margaret MacDonald, aged 61 years, beloved wife of Donald Campbell, and daughter of the late Donald MacDonald, Lee, Bunness, Mull.— (Cousin of Neil McLellan, Bantock.)

A large quantity of McCormack binder twine for sale at the Durham Foundry.
