**WESTERN FAIR.
Wonderful Attraction.**

In these days of marvelous achievements, men have almost ceased to be surprised, no matter what strange novelty may appear, and yet we have just learned of a sensational feat of human skill and daring that compels universal wonder and admiration wherever it is seen. It is called the Cycle Dazzle, and was originated by the world-famous king of hazardous exploits. The act is performed on the smallest racing track ever constructed and one built at an angle of 74 degrees. In this strange structure two men and two women on bicycles perform feats so marvellous that they defy description. One can scarcely imagine the terrific speed that must be attained by these daring riders on such a track, to set at naught completely the law of gravitation. We are glad to know that the people of Western Ontario are soon to have the pleasure of seeing this unparalleled sensation. The Directors of the Western Fair Association have fortunately been successful in securing the attraction for the thousands who will visit London from September 12th to 20th, the date of the great exhibition.

But this is not all the programme, for the "Western" of 1902 goes far beyond anything ever attempted in the same line. It has always been the leader in these departments, but this year will surpass itself in the beauty, variety and thrilling magnificence of its programme. A glance at the list suffices to prove that the management have spared neither trouble nor expense to give their friends the most unique, instructive and amusing entertainments ever offered to the people of this province.

The marvelous Monopeds, or one-legged acrobats, Manning and Du Crow, in their high-class horizontal bar act, the Osmatos, three of the cleverest artists in the athletic world, the four Bard Bros., famous for the astonishments they have brought to spell-bound audiences, the four inimitable Olfans, with their amusing eccentricities and novelties.

The great Gay and his wife, mysterious wonder workers and magicians appearing on any platform. They can remove the pair of handcuffs fastened upon him, almost instantaneously.

Chrissie Morrison Jones, Canada's greatest lady Cornet Virtuoso, will appear every afternoon and evening in numbers demanding the maximum of technical skill. The fireworks display has been planned along lines calculated to produce the greatest luxury of color ever seen in Western Ontario, and is a feature of the show none can afford to miss. Other special attractions are being arranged for.

Every department of the Exhibition is being strengthened and improved and in each case a distinct advance over previous years has been secured. Altogether the Western Fair of 1902 is confidently expected to excel its illustrious predecessors in the wealth of exhibits, the excellence of special programmes and consuming interest to visitors from all parts of the province, and indeed to add to the accumulated glory heaped up by this Exhibition during past years.

A TRAGIC DEATH.

DR. HORSEY, M. P., KILLED

Wednesday evening last week Dr Horsey was showing Mr W P Telford, banker there, through the works of the Sun Portland Cement Co., and about 6 p. m. while standing near an auxiliary engine, a flywheel burst and a piece struck him on the head, tearing open the skull and rendering him at once unconscious. He was quickly attended to, removed to the hospital, but about midnight the end came. Mr Telford and the engineers almost miraculously escaped but considerable damage was done to the building. His wife, a daughter of Dr McDonald, Deputy Speaker of the House of Commons, was visiting the parental home in Wingham, and, trains not suiting, was driven the 60 miles but arrived too late to see him in life.

The loss is a deplorable one, irreplaceable to his family. He was the chief promoter and shareholder in the Sun Works, and his public spirit was planning other industries. He was bulking very largely in the civic life of Owen Sound, and the grief and sorrow at the sense of the town's loss was vividly shown by the extraordinary public funeral he received. In parliament a few years he gave promise of a brilliant career, but at the early age of 35 his country, his town and his home have been deprived of his abilities, his enterprise and his affection.

He was an authority on Chinese affairs, and accompanied the late Li Hung Chang on his way across Canada.

**"PRACTICALLY UNASSAILABLE."
JOHN CHARLTON'S OPINION OF THE GOVERNMENT'S REFERENDUM.**

From the Toronto Star.
Mr. John Charlton, M. P., doesn't think the referendum campaign will amount to much, and he has the judgment of a man who has been through life identified actively with all moral reforms in Ontario. He bases his conviction on the belief that the people will discover that the measure of prohibition they will be able to obtain is only the Scott Act made Provincial, and when they realize that, they will not take much interest in it.

Mr. Charlton thinks that if this fact had been brought out during the Provincial election campaign by the platform supporters and canvassers of the Government, they would have retained five or six seats that as it was, they lost. "Temperance people did not realize," said Mr. Charlton, "that the Act which is being submitted to them under the present referendum is by no means the same in application as the principle they were asked to vote on at the two former plebiscites, and consequently they thought there was no need for the referendum. In the few meetings I addressed I found it hard just to explain this point in order to convince them that the Government's action was not only justifiable, but practically unassailable."

PRICEVILLE.

This week we have no less than two deaths to report. 1st, on Tuesday 22 July, Robert J Conkey died, after a lingering illness from cancer, at the age of about 65 yrs. The immediate cause of death was the bursting of the jugular vein which could not be checked. Mr Conkey was a resident of this village for about 35 years and was a man that was everybody's favorite. He was of Irish parentage, born and raised at Port Hope, Ontario. He leaves a widow four sons and two daughters to mourn his loss. The funeral on Thursday to the cemetery in this place was largely attended. Rev Mr Matheson presided at the funeral service.

Died on Saturday the 20th July, Mr Donald McDougall, native of the Isle of Ulva, Argyllshire, Scotland, at the advanced age of eighty seven years. Mr McDougall came to the south line Glenelg some 50 years ago when it was all bush, and he like many of his fellow countrymen had to endure the trials and inconveniences of the early settler in clearing up the farm and raising a helpless family. Mr McDougall's partner in life died 18 years ago. He was a member of the Baptist Church and leaves a family of four sons and two daughters to mourn his death. The funeral on Monday the 28th July, was largely attended. The remains were laid to rest beside his partner in Priceville cemetery. The funeral service was preached by Rev J A Matheson of the Presbyterian church.

Mr and Mrs John Irwin, of London, Ontario, formerly residents of the village visited friends here for a few days. Their numerous friends were delighted to see them again after an absence of eighteen years.

Mr Angus McDonald of Alaska, is home at present at his mother's Mrs Nell McDonald, south Glenelg. It is five years since Angus left home, and he had numerous experiences of making a fortune in the gold mines of Alaska.

Mr Alex McCannel and son of Port Elgin, are visiting their friends, McCannels and McCalga, South line Glenelg, at present.

Miss Annie McArthur of Toronto, is spending a while with her cousin, Mr D Melnes, Bunessan, and attended church here on Sunday evening last.

Miss Susan McKinnon of Durham, is staying with her brother Dan, at Fair well while having last. She wheeled to church here on Sunday evening last
