AFTER 10 YEARS.—Mrs. C. Williams, mother of Mr. Jno. Williams, watchman at Cement works, was pleased last week to have a letter from her brother, Mr. Robt. Walker, Cleveland, Ohio. She had not heard from him for 10 years. Many in this part will remember him.

Two different styles of Cuff Holders one at 12½ and other at 20c. pr. at—Grant's.

LACROSSE SUPPER.—The Lacrosse team honored Mr. D. Winkler on Tuesday evening by having an oyster supper in his honor at the Middaugh house. He leaves this week for the North West. Daye has been one of the props of the team in several well fought battles, and his many friends and comrades in sport will wish him all success.

"THORNLOE."—This is the name of an embryo city in the Temiscaming district of New Ontario. It has been so known for some time but at a public meeting held July 28th, it was definitely decided to continue the name. Among the prominent speakers we notice in the Temiscaming Gazette the names of Angus and Dan McKelvie, well known here. Angus wanted a new name, but his contention lost and he loyally moved to make the vote unanimous, when Thornloe carried over 'New Liskeard' by 64 to 57. May Thornloe be free from thorny paths of municipal life. The name's good enough. Fancy Rat Portage or Mount Forest or Owen Sound !!

Herbageum, the great Horse and Cattle Spice, at—Grant's.

SERIOUS RUNAWAY.—Saturday last, Mr. Rowe the baker, was going south with a big load of bread, and a barking dog caused his horse to bolt. Coming to the railway crossing at Camp's creek, it turned west along the track and ran till it reached the main line, being stopped only when it reached the bridge getting caught there. Mr. Rowe either jumped or was thrown from the rig and received some serious injuries, which we hope he may soon recover from. The horse was extricated, and strange to say does not seem much the worse and stranger still the bread was not thrown out, though it was piled on top. This is quite a tribute to the smoothness of Contractor Gibson's road, though it proves the uselessness of the present system of "cow catchers."

A PARROT STORY.—Twenty one years ago, Mr. W. E. McAlister, then in charge of the hostelry now occupied by Mr. Geo. Ries, took in part payment of a bad debt a parrot, valued at \$30. It was shipped to him by a friend of Rev. Mr. Wray, formerly of Durham, and came by stage from the east, and in such rough wintry weather that owing to blocked roads, the stage did not get in till 4 in the morning. The cage, which was swung inside the rig, was taken inside, wrappings removed, and the bird, which its owner now saw for the first time, stretched itself and in loud and clear tones asked for "Three cheers for the Queen," as if in delight that the rough journey was ended. Mac, of course was delighted and hundreds round here will yet remember the chatty bird, which had learned to mouth a few other sentences. Some may remember a Hunter-Blyth election, when, in the thick of contending partizan cheers for the candidates, the loyal bird caused immense amusement by opportunely calling out as clear as the best "Three cheers for the Queen." Well, the bird is dead. A letter to "Dear boy Mac" last week from his stepmother, with whom the bird has been since, tells the story. No one knows how old it is. It dropped from its perch, one wing and foot being powerless. It lived some hours and gave every indication of paralysis. It was placed in a two quart sealer amid roses and buried in a little grave.

Mt. Forest is voting on two bylaws this week to induce the establishment of a carriage factory, and a moulding factory in their town. Some strong opposition has been raised owing to the large debt on the town, \$125000.

PAINFUL ACCIDENT.—While Mr. Lauder Buchanan was engaged on the roof of one of the Cement buildings, Saturday last, his foothold gave way and he fell a distance of 22 feet. He landed heavily on his left leg, and received a sprained ankle and has also pains about the hip. He has suffered a great deal with it.

Twilled Sheetting bleached at 20, 25 and 30c, a yd. and unbleached at 25c yd. at—Grant's.

The editor of this paper will be glad to publish for you as for your neighbor, the names of your guests or visitors, or any item of local news of general interest. The only condition is that we become possessed of the facts, and we courteously ask our friends to send or hand in such to either of our offices—we will do the rest.

LOW RATES.—The railway companies have agreed to give a rate of single fare for the entire time of the Toronto exhibition, and also three excursions Tuesday, Thursday and Saturday of the first week, and two excursions Tuesday and Thursday of the second week at the rate of one cent per mile for the round trip. This is getting the rates down to about the right thing, and the result will no doubt be an increased number of visitors in the city.—Ex.

Women's and Children's fine Rib and Plain Stockings in Cotton and Cashmere at—Grant's.

POWER OF THE PRESS.—Senator Davis, of Illinois, is quoted as saying: Each year every local newspaper gives from \$500 to \$5,000 in free lines for the benefit of the community in which it is printed. No other agency can or will do this. The editor in proportion to his means does more for his own town than any other man, and in all fairness he ought to be supported, not because you like or admire his writings, but because a local newspaper is the best advertisement a community can have. It may not be crowded with great thoughts, but financially it is more of a benefit than teacher or preacher."

SOUTH GREY SHOW.

All the old features will be reproduced with some new ones. Write or call on Secretary Davidson and get a prize list.

Part II. Junior Leaving Results.

Last Friday's papers contained the names of the successful candidates at the late examination for Part II Junior Leaving. The subject in brackets after a name indicates an additional subject on which the candidate has passed. Certificates and marks are expected this week, (likely Friday,) by Inspector Campbell, from whom candidates will secure them. Appeals must be sent to the Deputy Minister of Education not later than Sept. 10. Before making an appeal, the candidate is requested to consult with the principal.

 Hunter, Archie (French)
 Irwin, Maud

OWEN SOUND WINS OUT.

Mt Forest loses an Important Game.

Owen Sound is champion of No. 4 Division, of the Intermediate League having, by its victory over Mt. Forest last Friday, won 5 matches out of 6. Durham has therefore a creditable second place, being the only team that administered a defeat to the County town. Had Mt. Forest won that game we are vain enough and proud enough to believe, that on neutral ground Durham would have defeated them both. It won against both at home, easily, and defeated Owen Sound decisively at the exhibition match at Flesherston. The score in this latest match was Owen Sound 9 goals, Mt. Forest 2.

Over 20 went from here on the excursion run by the G. T. R. and of course a large crowd went from Mt. Forest, but their enthusiasm had not sufficient effect on Mt. Forest men and muscle to make them win.

Now comes the semi-finals against other divisions, and we don't mind hoping that our late opponents may be victorious.

So much interest has been awakened over the game here that we reproduce an account of it sent to the Globe:

Owen Sound, Aug. 15.—(Special)—The last game in district No 4 intermediate series, C. L. A., was played here to-day between Owen Sound and the Lornes and Mount Forest, and resulted in an easy victory for the home team, the score standing 9 to 2. The victory gives Owen Sound the championship of the district, and they will now probably play off with Collingwood, winners of district No 3, in the semi-finals. About 2000 spectators, amongst whom were a large number from Mount Forest and Orangeville, witnessed the game and were treated to a fast and pretty exhibition of lacrosse. During the first half the game was closely contested, but the visitors failed to stand the pace in the second half and went to every point. Their defence played a strong and steady game, but their home was weak in attack and failed to take advantage of their opportunities to score. On the contrary, the Owen Sound home played a dashing game and were always on the aggressive, and Hamilton in goal was kept busy defending his citadel. Cowan secured the first goal for Mount Forest in two minutes, and Ferguson on a pass from McKinney tied the score in six minutes. McKinney and Webber got into a mud up and were sent to the fence to rest. After 16 minutes' close and hard play McKinney scored for Owen Sound and McKinty repeated the trick three minutes later. This ended the first half, the score standing 2 to 1.

During this half Jones of Mount Forest was hurt in a collision and had to retire. Boulding going off to even up. Three minutes after play started in the second half Ferguson sent the rubber into the nets and Mount Forest took the next in eight minutes. At this stage of the game Cameron checked an opponent rather roughly and was sent to the fence. Owen Sound took the next five games, Lennox, Dawkes, Ferguson, McKinty and Hay each being credited with one, and the game ended with the score 9 to 2.

President McKeown of the C. L. A. was a spectator at the game.

THE NEW BAPTIST CHURCH.

To-day Wednesday, the corner stone of this new structure will be laid with appropriate ceremonies. Mrs. Dr. Jamieson kindly consented to do the honors of the trowel. Mr. John Brown, than whom none is better fitted, has a sketch of the history of the church here, which will be deposited in the stone, and we hope to be able to give it to our readers next week.

It is only a few months ago that Pastor Newton and his members decided that they would proceed in faith to erect a new and larger place of worship, and the fruits of their resolve is seen in the ceremony of to-day. Soon they will have the pleasure of worshipping in a beautiful church, and will deserve the congratulations of the community for their enterprise as well as for their faith, in adorning the town with a handsome house of worship.

We trust the new building may bring to many the beginning of a new life, and that from its precincts may go out a strong influence for the uplifting of the community.

Next week we shall endeavor to give a fuller notice.

RATE OF 20 MILLS.

The Finance Committee of the Town Council have been able to declare a rate of 20 mills for the current year, on the whole a very gratifying figure, when we read of similar communities having 27 and 28 mills. The best of it is no public interest is suffering, and we are able to undertake at the proper time without undue pressure, the building of a new cement bridge and a new Town Hall also. "Let Durham advance" be the motto of all and one way of helping it is to support home institutions and home industries every time.

Dirty days hath September.
 April, June and November.
 And from February until May.
 Rain it raineth every day,
 All the rest have thirty one,
 Without the slightest gleam of sun,
 And should any have thirty two,
 They'd be dull and dirty too.
