as moulding influences relating his experiences in the wild west. Gospel enterprise was of the greatest moment, and he urged them as a congregation that, that though small in number locally, they belonged to no mean body. 100,000 members and 500,000 members and adherents were doing their best, with other denominations to battle for gospel truth. He gave other stimulating facts, they were not to be ciphers, a unit at the right of ciphers was only a unit but placed at the left, it counts. Put God in the right place and every unit of membership counts. The stones bricks, beams make a unit of a church and so members united make a useful and important body. "Those who follow you will want to follow some worthy ones, so all by word, example and co-operation with pastor should work whether in sunshine or in shade."

Messrs Chue and Spencer are worthy representatives of the denomination, and they would be popularly received again at the dedication.

The opportunity of contributing was freely taken advantage of and the stone was covered with a respectable heap of legal tender.

Mr. _____ contractor stood by the stone in which was the tin box containing the last number of the Canadian Baptist and the two local papers. When closed again, with the assistance of Mr. Laidlaw the stone was turned to its place, and when next the box is seen by human eyes, many changes will have taken place.

Following is the historical sketch referred to above, kindly supplied to us by Mr. John H. Brown, who, himself, for over 50 years, has been one of the most faithful pillars of the church:

"The congregation for whom this building is being erected as a House of Worship, was first organized in the year A. D. 1852 with 12 members, the Rev. Alex. Stewart, who in the Providence of God is with us to-day and has attained the ripe old age of 90 years, being its first pastor. Prosperity attended his labors for several years and the membership rose to between 80 and 90. A small, comfortable chapel was built and Sabbath School and prayer-meetings conducted, but, owing to many removals and deaths and also the organization of other churches breaking off from this one, the church lost almost its entire membership.

Brother Stewart severed his connection with his people here about 1867 or '68. The cause remained in a very low condition till 1874, when Bro. A. Warren labored as a missionary, reviving the interest, and on July 27, 1875, the church was re-organized with 9 members.

Services were conducted irregularly by students and others for two years, when a call was extended to Brother A. Warren, who assumed the pastoral care in October 1877. Good work was done through the blessing of God on his labors.

In the fall of 1878, Bro. Alex. Grant, (whose untimely death we so much de-

plore) spent several weeks in evangelistic work which was abundantly blessed over 100 having professed conversion. From that time to the present through cloud and sunshine the Lord has led his people.

The church since its organization has enjoyed the pastoral services of Revd's. Stewart, Warren, Wm. Grant, J. Best, A. Best, Cashman, Dunlop, Moyle, Boone, Cuthbert, McGregor, and in December 1901, the present pastor, Rev. W. L. Newton commenced his labors. Seeing the necessity of a new Church building to keep pace with demands of the improved condition of the town, the matter was laid before the congregation and the situation fully discussed which resulted in the following committee being appointed: Rev. W. L. Newton, T. McNeice, T. McComb, J. L. Browne, C. McDougall, C. McArthur and J. H. Brown. Subscriptions were solicited and received and much encouragement was given from members and citizens.

The plans and specifications were made by architect Ritchie, of Mount Forest and tenders asked for which resulted in the contract being given to Chris. Theodor of Hanover for the masonry work and to Edith Spiez of Hanover for the carpenter work.

Now may this stone remind us of Christ, the chief corner stone of His Church; the mortar, the love that binds us together; the trowel, the weapon of the Holy Spirit that seals us to the day of redemption. May this house be the resting place of many a weary traveler on the way to glory and remind us of the Building not made with hands, reserved for those who love the Lord Jesus Christ."
