MORE GAS.—Hepworth is in luck. Last week another big vein of natural gas was struck which will still further enhance the business of the village.
25 CENTS.—We will send the Review to any address on the continent till Jan. 1, 1903 for this sum. Our friends will oblige us by making this offer known.
GREY BOYS OR GIRLS IN TORONTO.—Visitors to Toronto from the County of Grey may secure the address of friends living in the City by calling on C. W. Chadwick, Secretary of the Grey County Old Boys' Association, 6 Temperance St., Toronto.

TWO PAPERS—ONE PRICE.—We are authorized to offer the Weekly Mail and Empire and DURHAM REVIEW to January 1st 1903 for 35 cents. Hand the amount or mail it to either of our offices, and the papers will be sent to any address in America.
THE CEMENT WHISTLE.—The addition of this steamboat growler to the other whistles in town gives our busy burg more than ever the appearance of the great industrial centre it is fast becoming. We can forgive its "rouptit" hoarseness as we think of the vast industry in its neighborhood. Those who can sleep after 7 a. m. are either dead or deaf.

ANOTHER OPERATION.—Last week Mrs. Wm. Laidlaw developed symptoms of appendicitis and on Friday an operation was performed. Grave anxiety of course was felt and much sympathy expressed for the husband and family in the anxious suspense of the first few days, but happily, no untoward circumstances have developed, and the town rejoices to-day, Tuesday, to learn that she has passed, humanly speaking, all danger from the crisis. We hope she may soon be around again.
A BINDER ACCIDENT.—Mr. Sam Bain, 12 con., Glenelg, was giving his 4 year old son a ride on the binder, when in some way he fell on the canvas and was taken up sticking fast under the roller. The horrified father thought his boy was gone. Calls brought the mother and the distracted parents were most opportunely assisted by Mr. C. C. McFayden, who was passing at the time. Using rails to pry open the rollers, the boy was extricated, breath gone, and to all appearance dead, but restorative measures brought him round and the parents rejoice over his miraculous escape.

GLOBE ENTERPRISE.—It is hard to estimate how much the country owes to the enterprise of the Toronto Globe. In addition to "I. N. F.'s" excellent cable news, there is the letters of Lally Bernard, easily surpassing in interest and vividness anything sent out at Coronation times. Just a few days ago when all eyes are turned on the golden West, a special correspondent pictures the prairies with their wealth of grain, while special despatches from the Atlantic coast and other points lays all Canada under tribute. Great is the Globe and amusing is the efforts of some of its contemporaries to belittle it.

A MUCH LAMENTED DEATH.—The death of Mrs. W. J. Edwards, Traverton, on Friday morning last, August 22, has caused a deep gloom and regret round that neighborhood. The deceased was a talented lady and while adorning her home was very public-spirited in Church work and her loss will be deeply felt by the Zion congregation. A few days before she gave birth to her first child, a daughter, and the separation from her husband in the circumstances is a peculiarly greivous one. She was a daughter of Mr. and Mrs. Robt. Reed, Paisley, and to parents, husband and other relatives, sincere sympathy is expressed.

DR. ARCH. GALBRAITH MARRIED.—The two middle words of our title are familiar round here, the "Dr" and the "Married" indicate promotions of our old friend that will lead to congratulations. The Chatsworth News of last week clips from the "Anaconda Standard" of August 8th the notice that "Dr. Archibald D. Galbraith, dentist, and Miss Gertrude A. Smith, of this city, were married by Rev. S. C. Blackiston, Rector of St John's church, in the presence of a few intimate friends and members of the families. Mr. and Mrs. Galbraith will spend a short season in travel before returning to Butte, where they will live." Archie's many friends here will wish him and his bride all good things.

SCHOOL OPENING.—All kinds of School Books and Supplies at Darling's Drug Store.

A HORSE BITE.—Mr. Chas. Gray was at Dr. Hutton's on Monday having a finger dressed, part of it bitten off by a horse.

SEP. 23rd AND 24th.—This is the date of South Grey's Big Show and friends at a distance who intend to visit Durham should time themselves to be here. "The best all round crop we have had for years," is the way many farmers frame their opinion of this season's productions. They deserve it and we hope they may find the marketing equally good in its way.

Mr. Geo. Turnbull expects to get into his new brick house next month. Painter McDougall is there at present and of him and all his workmen he speaks highly. We hope Mr. and Mrs. Turnbull may have many happy days in the fine residence.

FARM FOR SALE.—Containing 100 acres Lots 45&46, 1st Con., N. D. R. Glenelg, one mile west of Priceville. The farm is well watered, 75 acres under cultivation, with good buildings. For particulars, apply to Peter McKechnie, Newville, N. Dakota, U. S.

BURYING HIS MOTHER-IN-LAW.—Mr. J. C. Allan, Warton, was in Egremont, Saturday, attending to the funeral of Mrs. Weatherhead, who has for some time been under the care of her daughter, who keeps house for Mr. David McKelvey. The deceased has been long in poor health, and was assiduously cared for by her daughter Miss Weatherhead. Mr. Allan also has been a kind and thoughtful son-in-law and by these and Mrs. Allan she will be deeply mourned. She was in her 58th year and was buried in Amos Church cemetery.

ALMOST DEATH.—As a traction engine was passing through town on Thursday, little boy Donnelly, son of one of the train men, and a number of other youngsters were clustering round the trailer. In some way he fell in front of the wheels and spectators say one of them went over him. It was thought he was done for but examination and time showed there was little the matter with him. The incident should prove a warning to reckless youth, who, in winter especially, take great risks on passing rigs, timber, &c. Parents and guardians should support any teamster who use the whip judiciously.

HOME NURSING.—We have recently received a book entitled "Home Nursing" published by the Davis & Lawrence Co., Ltd., Montreal. This publication contains practical information for the performance of all offices pertaining to the sick. It tells what to do in case of accidents, treats with nearly all the diseases to which human flesh is heir, as well as containing many recipes for preparing solid and liquid food for the sick. No home should be without a copy of it. It is a very attractive book of about 50 pages, and can be obtained upon application to the publishers, Davis & Lawrence Co., Ltd., Montreal, enclosing to them 5c in stamps to cover the expense of mailing, etc.

WELL DONE, JUNIORS.—On Labor Day our Junior Lacrosse team went to Hanover and came home victorious, 5 goals to 0. Hanover is in hard luck, beaten here and worse on their own grounds. At the draw Durham secured the ball and in less than a minute, Glass scored. Silver of Hanover getting injured, Cook went off to even up. By half time, 3 goals were scored for Durham, two by Glass, and one by McIntyre. No goals were scored during the third quarter, but at the opening of the 4th quarter, Glass landed another goal for Durham. T. Telford, their big point player then made a big effort but Hanover's rushes were all foiled by the strong defence and Hughes in goal. Meanwhile Durham home was not idle and scored goal No. 5 and the game ended 5-0. The line-up was as follows: DURHAM: Goal, R. Hughes, Point, W. Hunter, Cover Point, P. Glass, Defence, T. and B. McDonald, N. Swallow; Centre, T. Cook; Home field, J. Lavelle, P. Crawford, E. McClocklin; Outside home, S. McIntyre; Inside home, F. Glass. HANOVER in the same order was: McGraw, T. Telford, Henning, N. Telford, Flannigan, Silver, Burney, Wingham, Fink, S. Wendorf, W. Wendorf, Mulheron. Geo. Hughes was Durham's field captain while Pete Matheson refereed the game.

AN ALL-DURHAM PICNIC.

GREAT CROWDS—GOOD SPORT.
Nearly 1500 People Round the Lake.

Nothing quite so unanimous, so hearty and so successful has been seen here for a long time, if ever, as was the picnic of the Cement employes on Labor Day. Somewhat hurriedly gotten up though it was, it was 'tumbled to' with a vim that only needed the splendid weather to make it the success it was. With characteristic courtesy the Cement Company placed their engine and its staff at the disposal of the holiday makers and to many of the hundreds carried, the ride to and fro was not the least attractive thing. A big trainload of 4 fitted up flat cars went at 10 in the forenoon and from one to two o'clock two trips had to be run to accommodate all.

Of course the dredge and its mysterious machinery came in for inspection, but the sight of boat loads of pleasure seekers skimming the lake and of hundreds of gay revellers in the grove over the water, the sweet strains of the band and the merry shouts of beauty soon turned steps and thoughts away from material things and they wended their way round the lake end to the grove.

Here was a scene of merriment. Long tables abundantly supplied with good things, a spacious and excellently built dancing platform, piano, violins, flutes, &c., and later in the day came Mr. Peter McArthur of Priceville, with the warlike pipes. He made good music too, and will yet be a star if he so choose. For a short time in the afternoon and for some hours in the evening sprightly feet kept time to sprightly music.

The athletic events came off in Mr. W. McFadden's field. To most of the crowd these were quite invisible, another year about 180 feet of rope should be secured to keep the crowd back, for unless human nature changes a crowd will creep inward. The events were well contested, with perfect good feeling but "good people do keep back." The cement employes are to be congratulated on the success attending their first picnic.

NOTES.

Biggest crowd ever round the lake. Some are blamed for being hoggish with the boats.

The 'tug of war' Durham v. Cement was rather easily won by the former.

There were huggies enough to bring a good-sized picnic crowd.

R. Torry, J. A. Black and G. Lawrence count on the end of a rope.

D'ye moind how Black sprinted in the heavy man's race?

El Seigner, young McIntyre and F. Havens are supple fellows and there's a spring in Doc Holt's heel.

The Cement men beat Durham at base ball by 9 to 5.

The event of the day causing most fun so 'they say' was the fierce green game of lacrosse by green men captained by Irwin and Ramage green enough both but the former rigged out in the dress of a clown fearful and wonderful to behold. Dr. Jamieson, M. P. P. and Wm Caldwell, L. S. K. were goalkeepers for I. & R. respectively. The men were lined up, places explained to them, were shown which end of the stick to use and their colors unfortunately being left at home one set wore hats and the other didn't. This was of little consequence however as occasionally one hatted man would chase another hatted man and three of one side were seen vigorously attacking a stone pile, checking like good fellows. Two of the other side when ends changed forgot and kept firing at their first goal. Referee Davidson blew his little whistle, but blood being up, who could hear it? Should have a cannon. We were blamed because when the ball came against our boots it got the worst of it and the agile clown actually turned handsprings, but whether from joy or custom we could not say. Jake Kress, defence man of the bare heads got the ball once and off with it making the most brilliant play of the day. He ran the whole length of the field to the rear of the crowd and received great applause as the ball went between the stakes. This event up as the other fellows had got one through before and the game ended a tie. The "other fellows" later did claim a goal, but time was up, a stake was down and the ball was out nearly two feet anyway. Those who left early missed a sight and should not fail to be on hand when the tie is played off, for, if the same line up can be secured we challenge and expect another tussle on the show ground proceeds to go to the lacrosse club.

Com. Jno. McArthur, and wife, from Priceville, were present.

Grocer Jordan had a booth going but hadn't enough light refreshments to supply the crowd.
Regrets were expressed at the cause of Mr. Laidlaw's unavavoidable absence.
