Additional Locals.

SEP. 23rd AND 24th.—This is the date of South Grey's Big Show and friends at a distance who intend to visit Durham should time themselves to be here.

PARTNERSHIP.—Messrs. Guthrie and Collins announce to the Public that they have formed a partnership in their business and will be found at Guthrie's old stand where they will be pleased to meet all old customers and as many new ones as are anxious for first-class and up-to-date work.

WM. GUTHRIE, JOHN COLLINS.

As has been the custom in former years, a concert will be given in the Town Hall, on Wednesday evening, Sept. 24, after the Fall Fair. Mr. J. H. Cameron, of Toronto, will be heard in the latest comic songs and recitations. Mr. Chas. Kelly, the celebrated Baritone, will render several high-class solos and also give a couple of instrumental numbers on his guitar. These gentlemen with the other talent may be expected to give an entertainment seldom equalled in Durham. Admission, 25c reserved seats, 35c.

THE WORLD'S FAIR.—Everyone within 20 miles of Holstein knows to what an excellent show this name is applied. This year Tuesday Sept. 30, has been picked upon, and the directors are confident that, with good weather, they will again break the record. Dundalk Silver Band is to be present day and evening. Good prizes are offered for comical outfits as well as for the regular features and the price to all day departments is only ten cents. For prize list or other information apply to W. T. Petrie, Secretary. The concert at night is a high class one, such provincial stars as James Fax, Marietta La Dell, and Libbie Beach Knox being engaged. Admission, 25c and 35c.

WEDDED IN CALGARY.—On August 27th last Mr. P. H. Thibaudou, a former well-known teacher in S. Grey was married to Miss Maggie McDonald, of Durham, Ont. On that day Miss McDonald arrived from the east, and the happy couple, met once more under new skies, at once entered into wedded bliss. The supporting parties were Mr. A. M. Macaulay and Miss E. Jean McPhail, B. A. '97. They took in the sights at Banff and returned to Wetaskiwin, Alta, where Mr Thibaudou is teaching. Their old friends here, the REVIEW man included, wish them a full share of life's blessings. Mr. T. went west about a year ago, likes the country well, the district being one of the most fertile in the North West—though recently a strip of it 7 miles wide was devastated by a hail storm.

RAINY RIVER.—At Toronto last week hundreds of private post cards were being passed to visitors, as advertising matter for New Ontario. We did not notice till on the way home that they bore a promising rural picture of a flourishing farm owned by one Robt. Watson, and on looking closer, sure enough we discovered our old Normanby friend stooking with two big healthy looking sheaves in his arms and more of them lying thick on the ground. Near him was Mrs. Watson, as natural as could be, their son, Jim with a cradle around him, had evidently just finished cutting a splendid crop. A snug barn and large roomy house is in sight and a glimpse of the river is seen. The legend below informs you you can have "100 acres free, no better grain growing country on the continent, 40 bushels of wheat to the acre, &c., &c."

TORONTO IN SHOW TIME.—The rural visitor cannot but be impressed with the progress being made by our chief city in the matter of improved streets and fine buildings. The car service is good it being possible to go almost anywhere for 5 cts, seeing two transfers are given from the first line. The city is proud of the show, and well it may be, for the cheap travel on the occasion draws thousands there to whom the show is not the big attraction. The papers duly tabulate the enormous receipts made by the show, street car lines, &c., but no tabulation we presume can be obtained of the growth of the receipts of the big Departmental Stores. Their trade is something enormous, and one wonders whereunto it will grow. There is a hazy idea that bargains are procurable, and persistent advertising has made their name so familiar, that many go there as if to a well-known place. The fascination of crowds buying is infectious, and purchases are often made which turn out to be no bargains at all. Thousands of dollars are spent there which would have made the home merchant rejoice and the purchaser get equal satisfaction. For instance a lady, not a Durham one, was reckoning up in the car on the way home the amount of her purchases, and it figured out over \$71. This of course is far above the average, yet it reveals the disloyalty to the locality so disgracefully prevalent.

Mr. McKelvie is one of the chief business men of Thornloe, which has increased in population from the time he went there first, 5 or 6 years ago, from 14 to 800 and with the railway development likely to take place, is certain to grow still more. His brother Dan runs a store business, Mr. R. Parker, formerly of Durham, is a few miles out and all are doing well.
