General De Wet wonders why European enthusiasm for himself and colleagues did not mean intervention when the war was in progress. There were a number of reasons; but if he would take a good look at the British fleet the next time he is invited to do so, he will probably see one of the principal ones.—Montreal Star.

The attorney general's department is going to put its official foot down heavily on all Sabbath breaking, as defined by the clauses of the Lord's Day act in operation in this province. Saturday the county crown attorney in Chatham was asked by the department to prosecute the beet sugar companies which, in the erection of their factories at Wallaceburg and Dresden respectively, have employed Sunday labor. Further prosecution is likely to be announced.—Tilbury Times.

You should see the splendid range of Floor Oils and Linoleums, Best imported goods.—At Ireland's.

GREAT CROPS.—Mr. John Acheson, Manitoba, renewing for the REVIEW, echoes the prevailing note of bountiful harvest. "The best record here," he writes, "was on the farm of Alex. Bell; of 80 acres there was 2,500 bushels, or 32 bush. per acre. Oats turned out about 70 bush of first class quality, in all he had nearly 8000 bush. Pay for men thrashing runs from \$1.75 to \$2.25 per day. The best threshing I have seen done in one day this season was 2300 bush, and if it had been by weight, would have been nearly 400 bush more."

Try Our Whooping Cough remedy, pleasant to take and effectual. MacFarlane's Drug Store.

MISS GREGSON'S LETTER.—We mentioned last week having received another letter. By the courtesy of Miss Fraser, who took two photos of the monument in the graveyard, and of Messrs. J. L. Browne, T. Swallow, and Bert Mocker who took riverside views of the locality of the drowning, &c., we were able to send to Miss Gregson these reminders of her brothers' fate. She says: "I feel I don't deserve such trouble as has been taken to get me all those nice photos which I shall always value. The stone looks lovely. I only wish I could come out there and see the graves for myself. I thank you and all the Durham people for their many kindnesses. The first photos you sent me I have nicely framed and hung up in my new home that is to be, early in November. You will be glad to know my mind is quite at rest, and I feel resigned about my two dear brothers, though it was very trying at the time, but God has taken the burden off my shoulders, we all have to go sooner or later."

BACK FROM NEW ONTARIO.—Messrs. R. Renwick, Sr. and Jr. J. M. Findlay and Geo. Lothian of Dromore, were in town Saturday on their way home from a ten days trip to New Ontario (Lake Temiskaming District). They enjoyed their outing very much and report that large sections look well for farming and timbering, but that nearly everything within reach that is worth having is in the hands of the boomster, speculator or the lumber kings.—Dundalk Herald.

A fine Range of Men's Waterproof Coats just to hand from \$3 to \$12 at McKechnie's.

"Alone" and "Purity" are the titles of the new pictures given to subscribers of the Family Herald and Weekly Star, of Montreal, this season. They are considered far ahead of any previously offered, and subscribers are sure to be delighted with them. The many improvements in the Family Herald are making that great paper almost indispensable to Canadian homes. Its weekly visit in this locality is greatly appreciated by almost every family. It is the biggest dollar's worth known in the newspaper line.

ONE FOR THE TEACHERS.—Apropos of the meeting of the Teachers in Fiesberton on Friday and Saturday of this week, we clip the following from an exchange:—Take off your hat to the good and faithful school teacher. She takes the fledgling right from the home-nest in both pouts and passions— an ungovernable little creature whose mother concedes that she sends him to school to get rid of him. This gentle lady, with an iron hand beneath a velvet glove, will take a whole car-load of incipient anarchists, every one of them single-handed, more than a match for the parents, and at once put them in a way of being useful and bright citizens.

"OUR ARMY".—The moving pictures shown in the Hall last week by the Kyle company, were the best of their kind and the show could not be duplicated in Canada. The training of a soldier was graphically illustrated by moving photos taken from life, and the pictures taken on moving trains were almost as good as the real journey. A trip over the Veldt, the Forth Bridge, Sarnia tunnel and the Jubilee bridge at Montreal were thus illustrated and were very fine. The realism produced by imitation noises behind the screen was well done. The five men in charge were gentlemanly fellows and deserved a better audience, especially as part of the proceeds went to the firemen. The citizens must not have understood this, or they must have objected to the principle of sharing, or they were supremely indifferent, for the funds of the fireman were increased only 15 cts by the experiment. "This is depressing but something better must yet be done by way of appreciation of our useful body of volunteer firemen."

GLENELG AGRICULTURAL SOCIETY.

Has a Successful Show.

Under ideal weather conditions the Annual Show of this township Society was held in Markdale on Thursday and Friday last and was an unqualified success. Being our first visit we were not qualified to enter into comparisons, but what we saw leads us to conclude that the farmers of the district are fully up-to-date. Being at the corner of the township from which it takes its name and equally convenient to three other townships, it lacks the unified township pride which makes Holstein such a success, consequently we find that very few indeed from the south and west of Gleneleg take part in the prize list.

There is a wonderful similarity in the Hall exhibits of all our shows. The feature of this in comparison with those we have seen is the excellence of the fruit exhibit. In quality we should say it was not inferior to Toronto in some lines. If an average crop, at all approximating to the exhibits can be marketed from that "cuckoo valley," we think it should be ahead of grain raising.

Ladies' work was in abundance and no doubt first class, the vegetables and grain could be called fair, the flower exhibit was poor. As usual private exhibitors of sewing machines, &c., helped to make the interior attractive.

Outside in several parts of the grounds the judging went on. Shepherdson, of Walter's Fall, a professional pig breeder, seemed to have this department all to himself, and herein is an evil if the specialist by his very excellence should deter a general competition of the purely farmer class. The cattle exhibits were very numerous, the Mercer herd being specially large and comprising many fine animals.

Mr. Wm Morrison, of Edge Hill, took a notion to enter this year, and cut a big swath among the prize winners. He had his throbred Durham cow on hand, and it was enough to make a plain every-day farmer nervous to learn these among Mercer's herd was an animal of the same breed in competition, that had cost \$600. The judges viewed the lot and settled down for a study of the \$600 article and the Edge Hill bovine, and the result of their examination was to leave the red ticket with friend Morrison. Congratulations William. Just here we may say he took 1st in Mangels, 1st in Coll. of Potatoes, 2nd in half bushel of potatoes and in turnips. He made a very good showing in fruit also, though not a prize winner.

Director John Eckhardt, of the 3rd Con. S. D. R., is also a stock man and took 1st for a fine two-year-old bull.

Markdale for a number of years has had a reputation for good horses, an evidence of this being the regularity with which Roch Marien and other buyers frequent the place. The reputation we believe is justified. The class one meets on the roads and streets seeming to be of a high average. This was certainly noticeable among the numerous entries also. We were much pleased to see Hugh McDonald's "Roy" on the grounds and to see 3 red tickets just chase one another into driver Arthur's hands. He got 1st for single driver, 1st for lady driver, Mrs. Rutledge, Chesley, holding the reins, 1st for diploma in Roadster class, duplicating the record he has made wherever shown this year. Father Hauck had an eye on him, and other well known horse-lovers were generous in their praise, while the crowd commended the judges in honoring "Art's" fine beast.

In the sheep class we noticed Mr. A. Muir's flocks taking a prominent place among the prize winners.

We were pleased to meet an old Egremont, Mr. Hugh Baird Sawmiller, at Lauriston, who does a large business in lumber, &c.

Pipers McDonald and McArthur of Priceville furnished splendid pipe music, and the local band of course was on hand. The booths seemed to do a good trade, but we wonder at the Director's allowing a straight gambling wheel of fortune on the grounds. Markdale looks spic-span and up-to-date, has two very large stores and some good ones of smaller dimensions. Planned to have a fraternal chat with Ed. Routledge in his fine printing office.

A DIAMOND WEDDING.

Mr. and Mrs. Phillip Eva United 60 yrs.

On October 9th, in the far-gone year of 1842, in the pretty island of Jersey, in the Channel Island group, and at the old town church of St. Hilliard's there, Mr. Phillip Eva led his young and blushing bride before the Deacon of Jersey, (Madame Langry's father by the bye) and took the vows that made them man and wife. The young couple of those days are with us still,

enjoying a fair measure of health, passing to the sunset of life amid the respect of friends and the love and regard of three generations of descendants. Better still they are lovers still and have carried the fire of their early love through all the vicissitudes of 60 years.

Last week a small party of relatives and neighbors determining to mark this epoch, met at the home of the old couple and spent a pleasant hour or two in the evening bringing with them as a recognition two handsome and comfortable easy chairs. In the party were Mrs. Mathews, a sister of Mrs. Eva, Mr. and Mrs. Alex. McLachlan, Mr. and Mrs. Hugh McDonald, near neighbors Mr. and Mrs. John Lawrence, Egremont, (the latter a daughter,) Mr. and Mrs. Phillip Lawrence, Mr. and Mrs. Wm. Lawrence, grandchildren, and their little ones made the four generations. Phillip Eva, Jr. was there of course, Albert, of Detroit, another son sent regrets that owing to illness he could not come. A daughter from Guelph, Mrs. Collier, was detained owing to an accident her son met with returning from the Klondike, but is expected shortly.

Mr. and Mrs. Eva were natives of Cornwall, England, lived in Jersey for a time after their marriage, moved to Alderney, where for 7 years Mr. Eva had charge of a department of fortification work. Leaving here they came to Durham about 50 years ago and have been here ever since. In common with all their acquaintance, we wish for them happiness and health in what remains to them of the passing years.

Do You Want to Buy a House?

Many a man is saving to buy a home for his family and is placing all his spare money in the bank with this end in view. But does it ever occur to such a man that if he were to die before the requisite amount were accumulated, his hard-earned money would have to be taken out of the bank to assist in the support of his family, and they would be as far from owning a house as ever? Suppose that instead of putting his money in the bank, he used it to pay the premium on a 15 Year Endowment Policy in the Imperial Life Assurance Company of Canada. If he died a week after taking out the insurance his family would receive the full amount of the policy, and if he survived the full fifteen years the maturing of the policy would furnish him with funds sufficient to complete the purchase of his home at his leisure. Can there be any comparison made between two such methods? Full particulars furnished upon application to W. D. MILLS, Agent, Durham
