PRICEVILLE.

As the Editor was present at our annual show we shall not say anything of what transpired during the day, but will further on give a little of the evening proceedings, which were quite a success in all respects.

Dr. Hutton of Durham ably filled the position of chairman.

The Hall was crowded to the door, and every corner and place an individual could find standing capacity was occupied. We think the directors and all concerned in having such able talent at these gatherings should begin early to set a movement on foot to have a large and accommodating hall built before the next annual show for

The teachers convention was well represented from this locality and sure enough they could not escape having a rainy day either to begin or end with.

Teacher Eastman of this town is to have a field meeting on Friday next for the purpose of forming acquaintance with neighboring schools. Top Cliff school and other schools will be represented. Refreshments in the evening. The meeting is to be held on the school grounds in town here.

Mr. Alex. Livingstone is improving and there is hopes now of his recovery.

Live Stock Market Toronto.

There was a tolerably good demand for export cattle; for good to choice the price was from 4 1/2 to 5c per lb., with 5 1/2c occasionally paid. Good cattle was in good demand this morning, but the local trade was dull. What little good to choice butcher cattle we had sold up to 4 1/2c per lb.

For stockers and feeders there is a good enquiry, and prices are unchanged. Milch cows sold to-day up to \$50 each; good cows are in request.

The quotations for ewes are from \$3.25 to \$3.40 per cwt.

Lambly are worth from \$3.50 to 3.75 per cwt.

Culled sheep are selling at from \$2 to \$3 each.

Bucks are selling at from \$2.50 to \$2.75 per cwt.

Calves are worth from \$2 to \$10 each, or from 4 1/2 to 5 1/2c per lb.

Prices of hogs are nominally unchanged but the tendency is for lower figures.

The top price for choice hogs is \$6.25 per cwt., and light and fat hogs are quoted at \$6 per cwt.

North Egremont.

Rev Mr Varley delivered an address at Ebenezer on Monday evening setting forth the advantages of an Ep. League and a sketch of its institution and constitution together with its pledges, with a view to establishing one here. A good number signified their ability to comply with the requirements in the pledges, but apparently did not see their way clear to embark in any new venture just then. The local choir furnished music.

A number of the Dromore choir spent a very pleasant evening at Mr. D. Hamilton's on Thanksgiving Day. The men engaged at the boat are nothing if not affable, and full of fun as their boat is of machinery. Speaking of the boat leads us to report that the last piece of machinery—the orange peel scrop—is at last in position on the dredge, the workmen expect to be able to dig up the dusty diamonds by the end of the week, with it. The sight of the massive machinery with its 3 or 4 engines for different purposes is an interesting one.

The vicinity of the lake is beautiful just now, a view of the opposite shore, with its vari-colored leaves, here and there dotted with rich dark green pines and all again reflected in the clear calm waters of the lake, is a veritable paradise for the artist.

Mr Dea, head machinist Polson works, expects to leave for Toronto on Friday. His stay here has led us to recognize him as a courteous and affable gentleman. Mr Abhey's work is also about completed in the building of the dredge and pontoons. He also has endeavored himself to all by his urbanity and obliging disposition.

—The death of Sir John Bourmont, Clerk of the House of Commons, removes the greatest authority on Parliamentary practice in Canada, even if not elsewhere. He was 65 years old.

HOPEVILLE

On Monday 8th inst Miss Annie Haw passed away after a lingering illness at the age of 25. She was the daughter of Mr Albert Haw, who with his family have the sympathy of the community. She was buried on 8th at Swinton Park. Rev Mr Morrison, of Cedarville, and Rev Mr Broad officiated at house and grave.

Some of our people took in the Priceville show and report a good time.

Robert Dezell and Wm Arnett took the train last night for Duluth where they expect to make big wages during the coming winter.

Pastor Kenning has been away for some time and reports are that he is likely to leave for good in the near future.

Quite a number of our people have been going to Toronto on business lately.

The Globe with its usual enterprise has hit upon a happy premium, having secured portraits of all the Provincial Governors of what is now Ontario, since its formation in 1791. They are grouped together and form an excellent wall picture 18 x 24 inches. Now then, this goes free with the Weekly Globe, and to those who subscribe now through the REVIEW club the rest of this year is given free. The REVIEW Premium, also free, is a daisy, our Christmas Annual to all subscribers for 1903. You can get the Globe, the REVIEW, both to end of 1903 the Portraits, the Annual all for \$1.60 and you can get them anywhere else for like money. The sooner you subscribe the more you get.

—A few days ago a party of Canadian Scientists travelling between Montreal and Toronto by train at 60 miles an hour, succeeded in establishing communication by wireless telegraphy at a distance of 8 miles from a station and as far beyond it. This is the first time this has been done and much is expected from it in the way of preventing collisions.

The progressiveness of modern newspaper making finds an excellent illustration in the Toronto News, which occupies a high place among the great Canadian dailies. The latest stroke of The News is to secure for publication the story of "Dracula, The Vampire" by Bram Stoker. Mr. Stoker is an Irish barrister who has made a great name for himself in English literature. Dracula is undoubtedly his best work and is described as one of the most thrilling and profoundly interesting stories ever written. On Saturday, the 11th of October, The News Magazine will also commence a series of stories of Old Testament characters by Mr. W. T. Allison, M. A., B. D. These stories have received the highest commendation from those who have seen the advance proofs, including many leading Divines, and mark a distinct departure in short story writing in this country. They will doubtless attain a wide popularity.
