### THE COUNTY COUNCIL.

The little parliament known as the County Council assembled here yesterday, the first session being held at the Court House last evening, commencing at 7 o'clock. The business in hand, however, was light and the meeting only lasted three-quarters of an hour. Mr. Anthony Shute, Holland was the only assentee, the following gentlemen having responded to the roll call: Robert Agnew, G. A. Brown, R. J. Doyle, Thos. Harness, John McArthur, Neil McColeman, John McDonald, Chas. McKinnon, Duncan McLean, D. R. Preston, Jas. Pringle, Andrew Schenk, Geo. Watson.

Warden McKinnon's opening address was brief. He expressed pleasure to have the privilege of meeting his fellow commissioners once again, and particularly his old friend Mr. John McDonald, who he was glad to see was looking well after a somewhat protracted illness. The county had experienced a prosperous season, and the County of Grey had shared in the general prosperity. The farmers had reaped splendid crops, industries had thrived and times were good all over the Dominion. Financially the county was in an excellent position, having upwards of \$4,000 to its credit. Among the matters that would engage their attention this season was the appeal of the town of Owen Sound against their assessment and the award of the County Judge, the question of the erection of a House of Refuge and other matters of lesser moment. He hoped the session would be harmonious and a prolific of good results.

Among the communications and accounts read by Clerk Rutledge were the following: Petition from residents of Markdale intimating that the old bridge over the Saugeen River was out of repair, dangerous, and should be substituted by a new structure. Letter from Secretary Collingwood Collegiate Institute asking Grey County to contribute \$303.54 for extra maintenance. The communication was supported by a deputation comprising Mr. Geo. Moberley, a member of the Institute, and Mr. G. K. Mills, the principal, who asked for an opportunity of meeting the committee that evening. Letter from the 31st (Grey) Regiment asking for a revote of \$400 to clear off the regiment's indebtedness. Account from Sydnam for \$89, cost of conveying a lunatic to the asylum. From H. H. Burgess, re Chatsworth entrance examination, \$21; G. W. Dawson, O. S. Sun, account, \$2; Markdale Standard account, \$2; Hanover Post account, \$1; G. N. W. Tel. Co., account, 45c; M. B. Flynn, Aytun, account, \$59.05; Ryan Bros., account, \$19.72; J. H. Little, account, \$17.50; Parker & Co., account, \$12.45; R. P. Betchart Bros., account, \$1.25; J. M. Davis, account, \$4. Report from South Grey Women's Farmer's Institute Statement from County Treasurer; also statement re stationery account, and estimate for 1903, viz., \$150.

None of the special or standing committees had reports ready, and the council adjourned until 2 p.m. to-day, to meet in the Town Council chamber. After the meeting several committees met and other meetings were arranged for this afternoon, including the House of Refuge committee.

It is understood that deputations from Markdale, Meaford and other points will wait on the council re the claims of those places as to the erection of the House of Refuge.—O. S. Sun.

### ZION.

Dear Mr Editor and Readers, it is quite a few weeks since there appeared a letter from this part of your wide domain, and it was hinted that the Zion correspondents must have gone dead asleep or else had a long sickness. Well the only excuse is that we have been very busy, and also the distance to the Post Office is a great drawback, for we have written several letters and failed to get them to the office. Say Mr Ed, wont it be great for us country people when we get a free rural mail delivery, just give Mr Mulock a nudge to hurry him up a little. As the nights are getting long again we shall try to send in an occasional letter to show to the outside world what Zionites are doing. Very sorry to say that Mrs William Greenwood Sr., has been ill with Sciatica the last week or so, but at the time of writing however she was somewhat better and we are hoping to see her abroad again in a few days.

Mr Edwin Hunt is home again from the West, and like everyone else, is loud in his praise of the Prairie Provinces.

Mr B. T. Edwards is making money fast these days, having sold three horses in one week. And at big prices too.

Mr John McNally also sold a three year old colt last week at a good figure, and a few days ago was seen driving home with five geese. The boys are wondering if Mac is going poultry raising, or is it an invite to dinner at Xmas.

Mr Sam Edwards is home from New Ontario, looking rosy, fat and as noisy as ever. He has wonderful tales to tell of his experiences out there and he believes it to be the best part in the world for a young man. We understand he has commenced to pick stones on his farm on the eighth Con., and some one was whispering of a new house and a wedding in the near future. (good for Sam.)

It is very pleasant to sit in church on a stormy day and listen to the pastor explain the way of salvation, but it is so much better if you know that your horse is under a good warm shed with a tight roof. Our boys thought so, and resingled the south side of the old shed, at the same time some of the old hands fixed up things around, cleaned the stove pipes and made a dust.

Miss Bessie Atkinson of near Durham has been visiting at the Falls for a week or so.

Mr Geo. Smith has spent the last few days around the old home. He is the same old George as ever and has many friends at Zion, he leaves some of these days for new Ontario, where he intends to take up land.

Mr Samuel Jacques, lately from England, but well known in these parts, is renewing old time acquaintances these days. He is at present helping Mr Taylor, who is very busy these days with his

### new barn and his fall plowing, &c.

We are wondering what became of the speakers who were to be at Zion on the night of the referendum meeting. Did they meet, or get stuck, or not, past the place, or did they forget the night, or only one put in an appearance.

Mr William Kenny is improving his barn room by building a new hog pen, he is also making a few improvements on his house.

Mr Vincent Mays and Morrison commenced cutting wood at Mr Wm. Firth's the other day. They have a big water-work ahead of them, but are bound to make it pay, we hear they are terriers to work.

Mr Tom Smith is fixing up his barn, so as to be ready for the cold weather, and resingling quite a bit of roof at the same time.

Mrs Graham Timmins has not been in the best of health for the past few days, the damp dull weather does not appear to do her out on the body, but we are hoping that she will improve with the cold dry frosty weather that may come any day now.

### A Slander Nailed.

The letters below will explain themselves. We understand the investigation which took place was the result of charges sent down by unknown parties in the neighborhood. The incident should be a warning to all boys, and more, it should be a warning to older heads to refuse to receive such stories without investigation. We congratulate Mr. Ledingham on his complete vindication.

Durham, November 17, 1902  
Editor of the Review.

Dear Sir,  
I wish you to publish this letter and correct statements made by me against R. H. Ledingham, which statements are false. L. G. BOVINGDON.

Office of Dr. Barnard's Homes, 214 Farley Avenue, Toronto, November 7, 1902.  
Master George Bovington, c/o Mr. Robert H. Ledingham, Durmoeh, Ont.

My dear George,— Mr. Hodgins, the enquiry officer, whom I sent up to investigate the statements that were made to us with regard to Mr. Ledingham's treatment of you, has just presented me with his report, and I cannot say that I am at all pleased at its contents. I am afraid that the principal cause of the trouble has been your own untruthfulness, and the fact of your having allowed yourself to be unsettled and your head filled with foolish and mischievous ideas by outside parties. I understand that instead of your being continually and brutally beaten and cuffed about, you have on one occasion had a slap in the face, that, apparently, you were well clothed and housed, and otherwise as well treated as anyone could reasonably expect. We have, therefore had the trouble and expense of sending someone up practically for nothing, and we shall probably have something more to say later on in regard to these charges. This however, will depend very largely upon what we hear of you in future, but I do hope that there will be no more of this lying and other ill behaviour. I hope you will learn that the habit of lying is not only as the Bible says, "an abomination unto the Lord," but you should have a hindrance to your getting on in life. No one has any respect for a boy or man who will not speak the truth and whose word cannot be depended upon.

A liar is a source of mischief and injury to himself and others, and I am very grieved to think that you should have got such a character for yourself as you have for untruthfulness and should have to confess to Mr. Hodgins that you made false statements. The whole thing is a very disgraceful and makes a very ugly looking entry under your name in our books. I do not wish to say more about it except to repeat my hope that this is the last occasion that anything of the kind will take place, and that you have now made up your mind to put in your true name, and to creditably and try to earn a good name for yourself and the home. With best wishes I remain your sincere friend ALFRED B. OWEN.

### Live Stock Market Toronto.

Trade was decidedly brisk at the Toronto Cattle Market to-day, and the light offerings sold with a dash that was highly encouraging to the drovers. Prices did not show any great improvement, but there was a quick movement, and the general trend of the dealings was in favor of the seller. Export Cattle—Prices were firmer at \$4.50 to \$5 for choice and \$4 to \$4.50 for medium, including mixed loads and light weights. The better feeling was generally regarded as only temporary, as cables are still disappointing. Export cows are firmer at \$3.25 to \$4 per cwt, and are in good demand. Butchers' Cattle—The offerings included only a very small percentage of choice to picked lots, and prices for these were strong, although quotations are unchanged. The common to good lots sold almost as quickly and there was no dullness. Bulls—The only change is in feeding bulls, which are, for the time, slightly higher at \$2.75 to \$3.50 per cwt. Feeders and Stockers—Everything was sold early and there was an excellent tone. Prices are firm for all lines. Milch Cows—Good cows sold freely and anything above the average brought \$50 to \$60. The market is in good shape and prices are firm at \$4 to \$6. Sheep and Lambs—There was an active market for sheep, particularly for ewes, on account of the scarcity of ocean space. Prices were steady. Lambs were offered very freely and there was a good market at the opening. Prices sagged during the morning, however, and the close was 15c lower at \$3.50 to \$3.75 per cwt. Calves—Market is steady, but offerings of good veals are light. Prices are unchanged at \$6 per cwt for select and \$5.75 for lights and fats.
