Dromore.

Intended for last week Well Mr. Ed. it is sometime since our town was heard from, and among the many things which our town can boast of at this time of the year is that of mud. We seem to have more than our share of that, but we fancy we are not alone, as wherever one travels this fall there seems to be enough of that element to satisfy the people, but not only see that our streets were muddy but they would also see signs of prosperity. For years our town could only boast of one store, but next summer we are to have two stores. Mr. J. M. Findlay notwithstanding the unfavorableness of the weather has rushed along the building of his new store. The brick work is almost completed, and with the material for the roof lying ready for the last brick hands ready to take hold, we expect in the next few days to see the outside work completed. The building is of solid brick, 24x60, 2 stories and to all appearance will give credit to the place when finished. Mr. Findlay is an old timer in Dromore, having served four years as clerk for the late Alex. Taylor, after whose death he rented the store where he has done a good business for the past five years, and has gained confidence enough in the people of this community to enable him to build. Mr. Findlay is a straight forward honest good business man and we wish him every success. Mrs. Taylor we understand intends resuming business in the spring and we also wish her success.

The concert in Russell Hall last Friday evening in behalf of Dromore P. Library was very poorly attended. We don't know why, but the cause was surely a good one, and we are sure the entertainment was good. It is needless to say the singing was first class, when we mention the names of Miss E. Whelpley, leader, Miss H. Whelpley, Miss Large, Mrs. Hockett and Arthur Pickering, of Mr. Forest, assisted by Dr. Brown, of Holston, and our own little singer Miss Jean Lenwick.

The speakers were Rev. Mr. Campbell, Mr. Robert Lenwick and Mr. Jas. Coleridge, who ably filled the chair for the evening. They all spoke to the interest of the Library, and we hope the next time our library board gets up anything of the kind they will have better success. Thrashing is again the order of the day. Mr. D. Eccles and his little steamer has a few barns yet around here to clean up.

We are sorry to say that Mrs. Wm. Snell is very poorly at present, also Mrs. Pitt is very ill and not likely to recover. Miss Mary Isaac is at present visiting at her sister's Mrs. H. Baird, Lauriston. Mrs. D. McIntyre of Balsam Valley, is at present visiting her parents, home Mr. and Mrs. Isaac. She has with her a pair of fine bonneting twin boys. Congratulations. Miss Wilson of Boothville is visiting at the home of Mr. and Mrs. J. Renton, this week.

Mrs. Pitt, who has been ill for some time died at the home of her son-in-law Henry Tucker, 18th Con. on Monday last, aged 78 yrs. Her son Chas came home about a week previous and was with her at the last.

The Council adjourned to December 15th, at 10 a. m.

J. S. BLACK, clerk.

THE LAST WORD

Go Out And Vote. Before the bulk of our readers get next week's paper for the campaign for the Referendum will be over and in a short time thereafter it will be known where the Province stands on the great question of provincial prohibition of liquor selling.

The question voted on is put this way: Are you in favor of bringing into force the Liquor Act 1902?

There is only one way to vote in the affirmative, and that is to make a cross opposite "yes." There are two ways to vote in the negative: by voting "no," and by staying at home. Let us know the exact truth. Go out and vote and shoulder manfully the responsibility. The Act has been placed on the Statute book: if you want it to stay there, say so by voting "yes" and help to avert a defeat which Principal Caven says would be the most disastrous blow the temperance cause in this province could conceivably suffer.

ORGANIZATION.

The vice President for Egremont Mr. Wm. Allan, has made a very thorough round of his township and reports the committees in the respective wards as follows:

Div. No. 1-Messrs. S. Patterson; W. Sims, Wm. Allan, No. 2-Geo. Lothian, R. Renwick, Jm. Findlay, No. 3-Geo. Freeman, Dr. Brown, D. Allan, No. 4-R. Dodds, John Murdoch, Orr, No. 5-Thos. Gordon, J. Randall, Jas. McDougall, No. 6-J. Dillon, Jno. Koss, Jas. Rowland.

In Benwick the names we have so far are: Robert Ledingham, Hugh R. Riddell, No. 2-Alf Cooper, And. Derby, No. 3 (Allan Park)-Jno. Milligan, Arch. Park.

In Glenalg for No. 5-R. T. Edwards, W. L. Fairbanking, In Norman for No. 1-Thos. McNeice, Don. McElvride, Jas. Watson.

WHO IS ON TRIAL NOW?

"Knoxonian," in last week's Presbyterian, has the following pithy remarks on the approaching vote of Dec. 4th. "Who are on trial now in this Referendum Business? The people of Ontario, most certainly. The Government had their trial last spring, and the Prohibitionists had theirs later on. The issue is now squarely before the people of Ontario. Do you want to retain the bar-rooms? Yes or no? Do you want to continue the treating system? Yes or no? However these questions may have come before the people they are there now and must be dealt with. The whole people are on trial. The party of Ontario that takes an interest in Ontario is waiting to see how we stand our trial.

Never since the day Sir Oliver faced the Jesuit Estates excitement did any man in Ontario stand such a storm as George W. Ross had to face last Spring in regard to the Referendum. When almost crushed with domestic bereavement, the whisky men, some of the Prohibitionists and of course, his political opponents, came down on him without mercy. The Premier stood the storm in a manner that challenged the admiration of his enemies, and bound the hearts of his friends to him with hooks of steel. Now the people that assailed Ross and his Referendum are on trial themselves. They must vote Yes or No on the 4th, or Spring like cowards. A good many of them will sulk. They must mark their ballots or hide behind the wood-pile. Some of them are hiding already and will keep behind the wood-pile or under the barn until after the fourth of December. Ross will vote for Prohibition, but some of them shed crocodile tears for Prohibition last Spring will not vote at all. Ross' vote will do more for Prohibition than their tears."

"But the issue is here. Ross may be a very bad man, but what should be done about the bar-rooms? Some of the Prohibitionists may have said and done foolish things, but that does not affect the treating system. Is it a good thing or not? The people have the matter in their own hands now and must decide one way or another. Every man in a free self-governed country like Ontario will have a duty to perform when the polls are opened on the 4th of December. If a man thinks the bar-rooms are a beneficent institution he should vote to maintain them. He should encourage others to vote for their maintenance. In fact he should try to have more of them put into operation. If some do good more might do more good.

On the other hand, if he thinks bar-rooms are a nuisance, a standing menace to the welfare of the country, as a patriotic citizen he ought to try to have them removed.

This business of trying to fix the responsibility on a few persons is, in our opinion, a very foolish thing. The classical, played out. The electors of Ontario are on trial. The people of Ontario have the matter in their own hands. They are on trial now, not the Government-not the police. They have to say the last word. What
