SUCCESSOR TO J. A. HUNTER.

COUNTY COUNCIL

THURSDAY AFTERNOON.

All the members were present, Warden McKinnon presiding. Among the correspondence presented was a claim from Jos. Meyers, of Orangeville, for \$10 damages for injuries on the Garafraxa road; letter from Rev. J. Lediard, agent of the Children's Aid Society; and the report of Mr. A. Grier, public school inspector for East Grey.

WEDNESDAY AFTERNOON. Members all present, the warden in the chair.

A large number of accounts from county commissioners for letting and inspection jobs, mileage, etc., also a number of accounts for the construction of bridges and performance of other work was presented.

George W. Hawk wrote on behalf of the jurymen who had inquired into the death of A. McLean, who the writer stated, was killed on the C.P.R. in June. The jurors wanted their money. A deputation from the 31st regiment was present, and Major Rorke and Capt. MacKay addressed the council. They asked that the sum of \$405 left over from the county's grant of \$500, which was made to supplement the men's pay at camp, and which was unexpended because of the unusually small number who attended camp at Niagara this year, it being a special drill, be voted to the regiment to pay off a standing indebtedness.

It was an insult to the county council to be sent such work. The matter had evidently, he said, been set up by a grossly careless compositor and never been read. The trimming looked as if it were done with a hay knife, and the wire stitching did not catch the edges of the leaves. The price paid was good enough, 80c per page. The county and the council were liable to be judged by the appearance of the minutes, as a man is judged by his appearance, a storekeeper by his display which he makes at his place of business, or a farmer by the looks of his farm. The clerk was authorized to refuse such work in future.

THURSDAY AFTERNOON. The report of Dr. Middleboro, g.a.l. surgeon, which was presented, drew attention to the greatly reduced expenditures during recent years. The number of inmates in goal at present is 17, of whom 3 are females. Only 5 are able bodied men. Accounts from the Town of Owen Sound payable to Solicitor J. W. Frost, \$299.38 and from McKay & Saupson, \$200, for legal services in connection with the appeal from the county's equalized assessment were presented, also notice of Judge Cresor's award in connection with the same.

Rev. J. Lediard addressed council on behalf of the Children's Aid Society. Ten children had been committed to the society's care this year by the courts, a greater number than in any previous year. The society was anxious that young children guilty of trivial offences should be committed to its charge instead of being sent to the industrial school, and they would be placed out in homes where the county would not have to pay for their support as it had to do when sent to the disciplinary institutions. He also advised that advantage should be taken of the provision in the Act which allows the cost of maintenance of children who have been sent to industrial schools, to be levied on such parents as are able to pay for such maintenance. He knew cases where people had their children sent to industrial schools as unmanageable. At the schools the county paid for their support, while the parents may be going about well dressed and having a good time. As agent of the society he had investigated 51 cases, visited 96 children in foster homes, attended police court 21 times and travelled 700 miles. There had been 38 children in the shelter during the year, and 26 had been placed in homes.

Mr. Allen expressed his belief that the council should have the names of such parties as Mr. Lediard had referred to. Mr. Preston reported for Finance, which was adopted. One clause recommended that the unused balance of the regimental grant be re-voted to the officers to be applied as per request of Lt. Col. Campbell and others.

Mr. Agnew presented report of Roads and Bridges. One clause recommended that claim of J. Myers for \$10 damages not be entertained.

Mr. Allen presented report of Judicial Audit. Speaking to the report he said that a disgraceful exhibition of snake eaters had been given at the Owen Sound fair, and had cost the county \$150. The committee had been unable to make any reductions in connection therewith, except in one account from the clerk of the peace. The total accounts audited amounted \$1000.77, and were cut down to \$892.65.—O. S. Advertiser.

PRICEVILLE.

Fine Fall weather. It is some years since we have had such a good November. A large quantity of plowing done during the last couple of weeks.

Threshing is wound up pretty much for this season and now preparations are made for winter supply by way of getting wood ready before the deep snow comes.

John Cameron, son of Mr. Cameron, of this town, who was operated on for appendicitis in Toronto hospital, is home and able to be around again.

Mrs. Dugald McCormick has had a hard attack of pneumonia lately, but we are pleased to hear that she is now on a fair way to recovery.

Commissioner McArthur was in Toronto a few days ago. We are pleased to see that he was successful in carrying his resolution at the recent County Council meeting at Owen Sound in getting the House of Refuge to Markdale.

Thos McDougall, of the South Line, accompanied by Miss Maggie Hooper, of Top Cliff, left for the American Soo a few days ago. Miss Hooper went to see her sister Mrs. Barnett of that place.

Robt Fisher and team were engaged in ploughing with David Hincks all last week.

Chas McDougall, son of Dan, Bentinck, was around a few days ago buying all sorts of live stock.

The young people had an enjoyable evening recently at the house of Mr. R McEachern, South Line.

Hugh McArthur (Klondike), of Paisley, Bruce County, paid some of his numerous friends in this place a visit lately and engaged some of our young men for the winter. James McDonald (Red Jim) who spent the summer with Mr. McArthur is home now.

Miss Sarah McIntyre had a quilting one day not long ago. We fancy she is making preparations for something else by and by.

James Whiteside, of Sydenham, visited his friends the McEacherns, of South Line, lately.

The late Mrs. McGillivray, of Bruce, whose obituary notice appeared in the REVIEW last week, was a sister to Mr. John McPhail, South Line, Glenelg. Mr. McPhail is the only one living now of that family and although he is quite smart and lively, Mrs. McGillivray was amongst the first settlers on the Durham road, Glenelg, settling there in the year 1850, at Bunnessan, on lot No 20, now owned by Donald McKinnon. Mrs. McGillivray of course like all pioneers of the forest had her

own trials there in making a home in the bush as well as in a few years afterwards in the place where she ended her life.

We had a prohibition meeting in this town not long ago. The chief speaker of the evening was Rev Wilson of Flesherton assisted by Rev Thom of that place and Rev's Varley and Matheson of this town and Watson's Hall was fairly well occupied considering the wet night.

We are pleased to notice that the majority of the young people seem to take great interest in prohibition and it would be well for to have the old version changed from let the young people mind what the old people say and let it read now. Let the old heads mind what their young sons say and when polling day comes let them vote as they pray.

We are pleased to see the smiling face of Johnnie McArthur home from Owen Sound. He intends to stay for a while.

The two Arch McDonald's of the South Line, Glenelg, are home from their several places of engagement and look as if they had been well fed.

The time will soon be on for municipal aspirants to be on the lookout, for the West Division from here for Commissioners we hear the name of Neil McCannel esq. has been taken up as a probable candidate for the coming election. Neil has had quite an experience in municipal matters and no doubt would take the task to run and win. As for the east we do not hear. Of course some one must take the place of Mr Watson who resigned, as for Mr McArthur we think his election will be sure.

We are informed on good authority that the wedding of a once noted politician of this town will take place before long at the city of Toronto. Will wait patiently for further information for next week's REVIEW.

The funeral of an old pioneer of Ontario took place here on Friday last in the person of Thos Ginn, who resided lately with his daughter Mrs Ginn, of Bunnessan, Durham Road, Glenelg. Mr Ginn was a resident of this village for about ten years. In his younger days he was a prosperous farmer on the 7th con. of the Township of Vaughan, county York, where he came from his native land, Ireland, early in the forties, from thence he moved to Brampton and from Brampton to Priceville. His wife died about 8 years ago. His daughter Mrs Gowland, of Bolton, attended his funeral as well as other close friends. He was laid beside his wife in the cemetery here.
