MODEL EXAMINATION.—This was completed in Owen Sound last week, with the result that Durham school and pupils made a creditable showing. The Board have tendered congratulations to Principal Allan at the excellent record made by his pupils.

That Label!—A large number of our subscribers have renewed during the last two weeks. Many more no doubt contemplated doing so. We ask all our subscribers to examine their labels and have them marked to end of 1903 at once. If mistakes are found and the dates incorrect, please bring or mail receipts and we shall most cheerfully correct them. Our Annual, as long as they last, goes free to every subscriber for 1903. Renew in time.

A WAVE OF SICKNESS.—Following Dr. Jamieson's illness came the prostration of Mrs. Wm. Calder and Mr. John Harbottle from the same cause—appendicitis. The doctor, happily, is now out of danger. The others have not been operated upon as yet and as both are easier they may escape the necessity. The frequency of this ailment seems to give room for investigation and it may probably lead people in perfect health to have the troublesome appendix removed when there is no danger from fever or other debilitating cause. This we are told has been done.

NEW METHOD OF MUSIC.—At the present time Miss Margaret Gun is at the Toronto Conservatory of Music taking the special teacher course in the Kindergarten Method of Music for Children. This is a simple, easy and practical method of music for children from the age of five to twelve or fourteen years. When Miss Gun returns, which will be in a short time, she will be pleased to have parents who contemplate starting their children in music, call on her, when they will see for themselves the advantages of this new method.

Vote for W. CALDER as MAYOR For 1903.

To the Electors of the Town of Durham Ladies and Gentlemen,

Your vote and influence is respectfully requested for W. Calder as Mayor for 1903. Should I be elected I will endeavor to the best of my ability to advance the moral and material interests of the Town. I am now freer from the pressure of business than formerly and am prepared to attend to the town's interests in ways like the following:

- 1st. By inducing capital and more manufacturing interest to locate in Durham thus giving employment to the residents of the Town and building up more houses &c.
- 2nd. Inducements to extend and enlarge our industries.
- 3rd. Some prudent and tangible scheme for the lighting of the streets of the Town.
- 4th. In other ways to improve the condition of the Town having due consideration to economy and the reduction of the tax rate.

Thanking you for your support in past elections and wishing you the compliments of the season with a happy and prosperous New Year. I have the honor to be,

Yours respectfully,
W. CALDER.

THE NOMINATIONS A CONTEST FOR THE MAYORALTY

REEVES OF BENTINCK AND GLENELG ELECTED.

Monday next the province as represented by municipalities, will complete the election of their rulers for another year. On Monday last not a few of the municipalities have elected by acclamation either reeve or council.

There is a contest on here again, three Mayors being placed in the field Messrs McIntyre, Sparling and Calder, and eight councillors, Messrs Jno. McKechnie, Jno. H. Brown, C. Smith, Arch. Hunter, A. McLachlan, Wm. Sharp, J. L. Browne, J. Kress. However by resignations these have narrowed down to McIntyre and Calder for mayor and Smith and Kress having dropped out, the remaining six are elected councillors.

The Trustee nomination placed Mr. W. H. Bean for the East Ward by acclamation. Messrs Harris and Mills contest the North Ward, Messrs Carson and Holt the West.

At the close of the nomination a vote resulted in placing Returning officer, W. B. Vollet in the chair for the public meeting, and the various candidates were called on in turn.

Mr. McIntyre came first and declared that with the help of his council he had given the town the best service he was capable of. The council of 1901 had spent only about \$160 in improvements where they had spent \$1000, and they had paid accounts that belonged to previous year. Besides the council of 1901 had got license money three times, in 1902 only once, and he considered this made a good showing for them as the assets for 1902 were higher also.

Referring to bridge repairs he justified delay on account of scarcity of labor and high price of material and for the same reason as well as for legal difficulties they had not gone on with a new Town Hall, which he strongly opposed building on the present site. He asked for a renewal of their confidence for another year and would then be willing to step aside.

Mr. Calder followed and attacked the statement that only \$160 had run the town, and thought there was little to show for the \$1000 spent in 1902. The material put on for gravel was inferior, and had been left too late. A year ago stirs were thrown against the council of 1901, but the results in his opinion showed that they compared favorably with that of 1902. The money spent in repairing bridge and fixing up the old Town Hall was practically wasted, for he declared there was nothing in the deed to prevent council from selling Hall, and there and then declared he would give \$20 a foot frontage for the site, and do all the legal fighting required, hence no legislation was needed. He blamed the council for not getting the opinion of the people before wasting money on repairs.
