We are more than pleased to report that our genial friend Mrs. Tom. Blair is able to be around again and we are hoping that she will continue to enjoy the best of health.

Very sorry to say that Mr. James McNally Jr., has been very ill the past few days. Jim is a favorite around Zion and we are hoping for his speedy recovery.

The young people of Zion are arranging to have a concert of some kind in Easter week. It is to be a good one. We will give particulars later on.

The Annual Missionary service was held on Sunday last when Rev. Mr. Smith took the chair and dealt out a wealth of know-

ledge on the subject. He was assisted by the clever, and noted, Durham Methodist Choir, who always do well at Zion. The quartet by four young men from your town was more than well done and every hearer is loud in praise of it. Mr. H. Beaton was especially good and we predict a bright future for Harry. A duet by (well we forget the name) was also well rendered, and the people of Zion are hoping for their return and we would say, yes, let it be soon.

Mr. John Timmins sold a fine horse to the Vessey bro's one day last week. The price paid was some where around the hundred mark and we can say that he was a good one.

We understand that our genial friend John Greenwood Jr. has big offers for the little greys, but no it will be something extra that will induce Johnny to part with them, they are good ones and J. knows it too.

Mr. Graham Timmins took a trip to Hanover a few days ago, and while waiting took in the view of the Cement plant which was in full work. He says it is all right and enjoyed the trip well.

Mr. Geo. Farnaux of Lot 2, Con. 10 Glenelg, will hold his sale of farm stock and implements on the 11th of March when he will sell all his fine stock. Geo. is a very careful feeder and his horses and cattle show it. And being an old thresher he knows how to take care of his implements. We are all sorry to lose George as he is a good neighbor, but we realize that our loss will be Durham's gain, as he moves to your town shortly after the sale. We would ask every one to remember the date and get there early.

#### BLYTHE'S CORNERS.

Beautiful mild weather as we March along.

In the removal by death of the late Edward Ryan, which took place on Sunday night 22nd inst, Normanby, loses not only another of its few remaining pioneers, but also one of its most highly respected citizens. Deceased had been in failing health for over three years with water on the lungs and over a year ago was almost at death's door, but by skillful medical aid and good nursing he was tided over for another year although by no means being well and gradually but surely he sank despite all efforts human aid could render. Deceased with his amiable partner in life, then newly wed, came to Normanby 43 years ago and settled on the farm on which he has lived continuously up till the time of his death, being 67 years of age. He was a quiet, hardworking, industrious man, as the tidiness of farm and buildings well testified. In religion he was a consistent believer in the catholic faith. The funeral on Wednesday last took place from his late residence, but on account of the early hour set for the funeral (9 o'clock a. m.) many of the old neighbors were deprived of attending, nevertheless about 60 vehicles followed his remains to the Catholic chapel in Ayton into which the corpse was taken and mass held, after which the remains were laid to rest in the catholic cemetery of that village. He leaves behind him to mourn his loss, his widow who, at time of writing is very low, and also seven of a family all of whom are grown up and well to do. To Mrs Ryan and family we extend our heartfelt sympathy in this their sad hour of bereavement.

Mrs S Stewart, entertained a few of her friends last Friday night and it is almost needless to say that a few nice social hours were spent.

Mr Wm Cameron, a few miles below Orchard, has a sadly bereaved home at present, two of his family aged 6 and 10 respectively, having died recently with diphtheria and the mother and another of the family were also very low, but at time of writing are recovering.

Mrs Smith, wife of Pat Smith, between Orchard and Mt Forest, died last week from pneumonia. Her remains were interred last Saturday in the R. C. cemetery at Orchard. [A fuller notice appears elsewhere.]

A meeting will be held in Watson's school house S. S. No. 1 on Thursday night, March 5th at 8 o'clock, for the purpose of discussing matters of vital importance which are occupying the minds of our well-wishers at the present time. When the meeting is over and the dust cleared away we will report the outcome. As this is the first meeting of that nature ever held in this neighborhood it is hoped that a large crowd of the electors will turn out and encourage the movement. So "rally round the flag boys."

Rev Mr Campbell (our pastor) visited his sheepfold in Normanby last Wednesday night (prayer meeting) and threw out some stimulating provender taken from St John 14th chap. to his hungry sheep. They devoured it greedily after a six weeks fast.

#### THE LATE MRS. PATRICK SMITH.

Another must be added this week to the ever-lengthening roll of death's victims, the above lady, after an illness of a week having died on Wednesday last of pneumonia. The deceased was born in Ireland 77 yrs. ago, and came to this country with her husband in 1832, settling for a short time in Simcoe Co. and then moving to the 1st Concession, Egremont, near Orchard, where she died. She was a hard-working woman and one of the worthy pioneers of this district and memories of her good qualities as wife and mother will ever remain with her husband, who survives her, and family of sons and daughters. The sons are Michael, near Dornoch, and Wm. at home, the daughters, all near home, being Mrs M. and Mrs J. O'Farrell, (Julia and Bridget), Mrs F. Curran, (Catherine), Mrs B. Woods, (Aggie) and Lizzie at home. All the family were around her at the last. She was buried on Friday in Orchardville cemetery, Rev. Father O'Connell, officiating.

#### Dromore.

The funeral of the late Wm. Garson took place from his late residence on Feb. 25th to Amos Church cemetery. The services, held in the church, were conducted by Rev Mr Campbell, who presented from "Let not your heart be troubled, for the pastor, in referring to the deceased, spoke of his kindness to his parents, his patience and Christian fortitude in time of his affliction. His death occurred on Monday, at 4.30 a. m., from cancer of the stomach and leaves as chief mourners his father and mother, aged respectively 78 and 77. Six sisters and one brother: Mrs I. Wilder, Mich.; Mrs. J. Brown, Mrs J. Hyland and Miss Rolena, of Toronto; Annie and Lizzie at home and John on an adjoining farm. All were at the funeral except the two first named, they being unavoidably detained.

The deceased was born in Hamilton in 1864 coming to this part a child in his mother's arms and has lived continuously here since.

Mr J M Findlay moved into his commodious new store on Tuesday last. The building is of brick, 60 by 34 feet, is 1 1/2 stories high and finished inside with a beautiful metal ceiling. The building is admirably adapted for its purpose. The Public Library is now installed there. Mr Findlay being librarian. Mrs Taylor and son Robert will take possession of the old store on the first of March with an en-

#### WIRELY NEW STOCK OF GOODS.

The Dromore choir purpose meeting with the Durham Presbyterian choir at the home of Mr and Mrs D. Hamilton, at the lake, on Friday evening, March 6, when they hope to have a grand union of sentiment and voice. In speaking of the Dromore choir a few points we consider worthy of mention. They have been in existence as a choir for upwards of six years without a break in their membership or without that proverbial quartet in the "Amen corner." In that time they have sung on 23 occasions in neighboring churches and 9 or 10 times at public functions in their own, also more recently taking part in 6 different Farmers' Institute meetings. We heartily concur in the beautiful sentiment so lately expressed by your able Priceville correspondent as to the edifying and elevating effect of music upon the human heart. A word or two also might be said of the leader, Mr Wm. Ramage, who has been leader of the choir in this locality for 25 years and at present we might say, is leader of three different choirs. He has always taken a delight and pleasure in teaching music and has been of great value in this locality as he has ever been willing and ready to impart unto others that talent which he so naturally possesses himself.

#### Vickers.

On Wednesday evening of last week the Durham Presbyterian choir and a few other friends spent a pleasant evening with Mr and Mrs Geo Turnbull in their cozy new residence.

The predictions by I R Hicks as contained in Review columns seem to come out alright, if it only continues. It will knock to which our government pays so much. This will be a subject for our local farmer's association to investigate.

The Ebenezer Choir lately had a practice at the home of Mr and Mrs Wm Ramage.

Mr Dan McKinnon we hear contemplates moving to the North West this spring, and another of our rising young men Mr T Bothwell, may also go along.

#### A NEAT BOOKLET ON PATENTS.

We have received from Messrs. Marion & Marion, Patent Attorneys, of Montreal, an admirable compendium of condensed information on the subject of Patents and everyday statistical data. This little book, entitled "INVENTION," is just the proper size for the vest pocket, 2 1/2 x 4 1/2 inches, is bound in handsome celluloid covers, and contains not only quadrille-ruled blank pages for memoranda, but also 25 pages of interesting printed matter including quite a surprising amount of novel and useful information not heretofore published. Among the items of information contained in this compact little volume are graphically illustrated tables showing the growth of the United States and Canada Patent Offices, Geographical distribution of U. S. and Canadian Patents among the different countries, the inventiveness of Canadian Provinces, the comparative inventiveness of the United States and Canada, the World's greatest inventors and legal markings for patented articles, in addition to the very full and useful description of the mode of patent and trademark procedure and the extensive equipment of Messrs. Marion & Marion for their work. A full schedule of costs is also given, and a highly interesting list of some of the fields of invention in which they have obtained patents. The book is prepared especially for the use of the technical and industrial clients of Messrs. Marion & Marion, and does this enterprising firm much credit. We understand that it is to be had from them by the readers of this paper on request, for 10 cents.
