A BAD FALL.—Last Monday, Mrs. Cope slipped on ice and in falling dislocated her arm at the shoulder. This, following some weeks illness from which she is just recovering, is a very serious affair to the good lady and we hope she may get over it soon.

AT THE CEMENT WORKS.—With the advent of spring or spring-like weather renewed activity is taking place at the works. Several cars of cement have been shipped and of course many more are to follow. Special train loads of coal came in nearly every day last week and hooting on the switch line at night betokens long days at the mill. Five or six of the rotaries are running this week.

MR. JOHN CORBET.—This gentleman, father of Mrs. J. P. Telford of our town, died on Wednesday of last week from a severe attack of bronchitis, following a period of delicate health. He was a well-known and highly respected citizen and was for many years a prominent foundryman as senior member of the firm of George Corbet and Sons. He was 68 years of age and leaves as chief mourners, his wife, 3 sons and 4 daughters.

On Sunday evening a service of unique and interesting character will be held in the Methodist Church. The service throughout will be conducted by the young ladies of the church. Music with full chorus, duet and quartette will be rendered. The pastor will speak on the subject "Women—and others". A welcome, especially for strangers, obliging ushers, seats free, hymn books provided.

A NEW FIRM.—By advertisement in this issue it will be seen that the old store at Dromore is again in the hands of a Taylor. Mrs. Taylor and son Robert we suppose making the "Taylor & Co." Robert has acquired considerable experience at the counter and we trust he may worthily follow in his father's footsteps. Dromore has now two good stores, Mr. J. M. Findlay occupying the fine new building he lately erected.

Big four lb bar soap for 20c and two lb bar for 10c. at Grant's.

A PASTOR RESIGNS.—Rev. Mr. Graham, Dornoch, has placed his resignation in the hands of Owen Sound Presbytery, and in about two weeks more the official separation will take place. Mr. Graham has been a hard working pastor, faithful and earnest in his ministrations and many will be the regrets at losing him and his amiable wife and family. The best of good wishes will be extended to them for a bright future in the West, to which we believe Mr. Graham is going.

The Monthly Literary meeting of the Presbyterian Guild on Monday night took the form of a debate on "Have Trades-Unions been a benefit." The Affirmative was supported by Messrs. Baker and Ramage the negative by Rev. Mr. Farquharson and Mr. Dunn. Valiant work was done by the respective champions, of course, and a committee consisting of Messrs Brooker, Dee and Mason all of the Cement works, gave their decision in favor of the affirmative, while pointing out weaknesses on both sides. Mr. W. S. Davidson acted as chairman and instrumentals were given by Miss M. Gun and Miss Jessie Farquharson.

The two churches, Anglican and Presbyterian, though on a hill, have not been able to let their light shine for the two last Sunday evenings owing to electric break-downs of some kind. A good deal of inconvenience and discomfort is thereby caused the worshippers.

AN EARLY BREAK UP.—The thaw, begun early last week, has steadily continued and with occasional dashes of rain has effectually broken up the sleighing for the first time during the winter. The Saugeen is down in flood and the dam is a picturesque sight.

Mr. H. H. Mockler makes his bow to our readers in this issue, having last Saturday opened up in the old stand with goods purchased at a valuation and invites the public with confidence to share in the values going. Bert, to use the old name once more, is one of our popular young men and we wish for him hearty success.

The Public Meeting on Friday evening is being anxiously looked for, for out of it, it is believed is to come or not to come the advice that will lead our council to municipal ownership. We hope all will go with an earnest desire to do what is best for the town, though it would be too much to hope that all would be of one mind. The attendance should be large and representative.

HO FOR PRICEVILLE.—Monday evening next March 16th, the Annual Social Tea and Concert &c will be held in the St. Columba Church, Priceville, when in addition to music by Dromore choir, local artists, and others, there will be addresses by Rev. John Little, Holstein, Rev. Finlay Matheson, Chatsworth, who will speak on "The Crofters of the West," Rev. Mr. Varley and others. Dr. Hutton is to be chairman. Admission 25c and 15c.

The members of the junior League entertained their friends to a "pleasant hour" in the basement of the Methodist Church on Monday night consisting of a number of choruses, part songs, whistling interludes, the topic for the week by Jessie Cutton and a number of choice selections on the phonograph by W. J. Glass. Misses Bertha Sparling and Rita Irwin, as organists, played the instrumental accompaniments. The room was crowded with parents and friends who were highly delighted with the efforts of the young folks.

And it came to pass that after he had advertised his goods there came unto him great multitudes from all the regions round about and did buy of him. And when his competitors saw it they marvelled among themselves, saying, "How be it that this man is busy while we have to loaf about our doors? And he spake unto them saying, "Verily, verily, I say unto you, in this fast age of push and ruse it is easier for a camel to enter the eye of a needle than for a business man to flourish without advertising."

A LONG STEP.—The reproach that Canadians receive most of their cable news from United States journals is being steadily removed. An important step in this direction is indicated by the announcement of the Montreal Daily Herald that it has in collaboration with a Toronto contemporary made arrangements for a daily cable service from London. An experienced journalist will act as the Herald's representative, and all events of importance to the Empire, and particularly to Canada, will be recorded daily. These despatches will certainly read better to Canadian eyes than those saturated with American sentiment that too frequently appear in our Canadian papers.

### A MISLEADING ARTICLE.

The Monetary Times, one of the leading financial authorities in the country, has the following article in its last issue nailing a slander:

"We have seen an article on cement appearing in the Peterboro Times of February 6th, signed, "An old Subscriber," which, we are told, has been widely circulated in other Canadian papers. The writer evidently had not the courage to sign his name and certainly could not be prompted by his interest in the investing public, but is apparently interested in the cement business, and seeks to mislead the public by a statement of untruths and malicious references to well known business men, who are connected with the cement industry at Durham. Our data are not correct as to the production and consumption of cement in

Canada, or the number of plants and their outputs. Of the ten concerns named in that article as producing mills in 1903, not one of them is a producing mill for this year and three of them are not even incorporated, while several of the others have not got beyond the paper stage.

His reference to the gentlemen of the Durham enterprise is clearly libelous, and insults the intelligence and honesty of business men in Canada, who have built a splendid modern cement mill, and who know that it has been honestly and economically built and every dollar accounted for. We have good reason to believe that the organization that built the mill at Durham are in no way interested, as the writer of that article intimates, in promoting any other cement mills in Canada, except Durham and Hull plants.

This article refers to the Monetary Times' article on the same subject published in December, but fails to call attention to the more recent article published by us after a thorough investigation, which was given to our readers in the issue of Jan. 10th. We are as anxious as anybody that unlikely industrial projects shall be discouraged, and "fake" ones exposed, but we have no sympathy with writers who indulge in personal abuse or who make mountains of untruth out of mole hills of probability in order to gain a point. We see no reason to doubt that the organization, which has built the cement mill at Durham besides several other successful ones in United States, are entitled to the confidence of the public. And we consider that there is room in Canada for more cement mills than now exist. What is essential, however, is that such mills should be fitly placed, properly built, and economically managed."

### Mrs. Alex. McComb Passes Away.

Sunday morning last this estimable lady passed over the great divide just 24 days after her husband, so short has been the separation caused by death. During her husband's last illness she was ever the faithful wife and watcher, and no doubt the reaction after his death on a weakened vitality rendered her unable to throw off an attack of pneumonia and it has carried her off. She was a woman of a sweet disposition and will be sincerely mourned by her daughter Mrs. McKinnon, her sons, Thos. and Samuel, and other relatives and descendants. She was in her 77th year, was a faithful member of the Baptist Church, and died at peace with all the world. She was buried Tuesday in Trinity Church cemetery. Rev. Mr. Newton conducting the services, amid a large concourse of friends and neighbors. He was assisted by Rev. Mr. Farquharson, who impressively addressed the mourners in the Baptist church.
