Miss Dick, the Milliner, will have her Annual Spring Millinery Opening on Friday, Saturday and Monday, the 27th, 28th, & 30th respectively.

There should be a large attendance at the Public Library concert Friday evening. Support a worthy Institution. Town Hall, Reserved Seat, 35c. Plan at MacFarlane's.

PUBLISHER'S NOTICE.—We have this week corrected our mailing sheet up-to-date and still find too many who have not been paying attention to the "Little Yellow Label." Will all such please attend to it this week.

A SUCCESSFUL COMPANY.—There came under our notice this week the 25th Annual Report of the Grey and Bruce Mutual Fire Insurance Coy. The report shows a balance on hand of over \$3000 with all claims paid, and this secured at very low rates even for a mutual. D. McDougall, President, Duncan Campbell, Secy.

POST-PONED.—The Concert to have been held on Monday last in Priceville Presbyterian Church has been postponed till Monday, March 30, with the reasonable expectation of having better weather and passable roads. The programme will be much the same as first planned. Rev. Mr. Little will be there Sunday and Monday, Promore choir, Rev. Finlay Matheson, local singers, &c.

CHANGES.—Mr. W. D. Mills has moved into his new residence lately the McRae property. Mr. Horsburgh succeeds Mr. Mills, while Mr. A. Binnie and his mother follow Mr. Horsburgh. Mr. A. C. Beaton moves into the frame Parker residence following Mr. John McKinnon who goes to Mrs. (Rev.) Cameron's house on Durham Road succeeding Jas. Smith who goes to the country.

A SPLENDID SOCIAL.—Is being planned by the Presbyterian Guild for Monday evening, March 30. Elaborate preparations are being made by an active committee to have everything first class in its line, so a treat is in store. The meeting will be in the basement of the church and the admission fee only 10 cts. These events occur during the year only on months with 5 Mondays so their occurrence is as rare as the entertainment is to be excellent.

HOW CHAS. STEWART WAS KILLED.—We were favored with a letter this week from Miss Jennie Stewart, sister of Mr. Chas. Stewart, who was killed in February last. Advice to her from Mr. Keith, his employer, say that in falling a tree, it struck a decayed one and that struck him on the head, almost instantly killing him, for he died before reaching camp. Mr. Keith says everything was done by himself and his men to give him respectable interment, for he was very popular amongst them all. The chief mourners are his two sisters, Jennie, of Toronto and Mrs. W. T. Martin, Oakville.

WEATHER.—For two weeks past the oldest inhabitant could scarcely claim he had seen better weather. Not only was the snow cleared off, but a mild balmy atmosphere suggested June rather than March. However it is over, today, Tuesday, the snow has returned with a moderate cold, and underclothing will not be removed yet. Last Thursday, a very pleasant day here, it was blowing and snowing wildly at McKinley, Minnesota, as a letter written that day by Mr. Jno. Campbell formerly of the Review Staff, tells. It was colder in Tennessee last week than in Toronto, so "Probs" said.

THE WESTWARD MOVE.—Is this year about as great as ever. Every week we see and hear of emigrants "going west," mostly now, happily, going to the British West. Amongst the number going this week were Mr. and Mrs. Geo. Morrison to Roleau, Assn., Mr. and Mrs. Geo. Matthews to Bagot, Man., Mr. John Beaton to Arrowhead, B. C., Mr. Dunc. McKinnon to Basswood, Man., Mr. R. W. Hutton to Antler, Man., Mr. Wm. Watson, son of Peter in town, to Winnipeg, and Mr. Wm. Alexander to same place. Mr. Hugh McArthur, (son of Jno. Glenelg), who returned to his Dakota home a few weeks ago, has, we are informed, sold out there at a good price, and gone to Canada. Day before he crossed over 2000 Americans had gone in. These movements and the fact that shipments from England are hampered for want of ships, show what a great "Great West" we are going to have in a few years. For Ontario the problem is a serious one for without doubt, farming operations must this year be greatly curtailed for want of laborers.

Money to Loan at 4 1/2 per cent.

MACKEY & DUNN. Durham. You will Miss it if you don't visit S. F. Morlock's Millinery Show Rooms Friday and Saturday, Mar. 27th and 28th.

Everyone will want to see the famous Snake Dances, the Braves, the Squaws, the paposes, &c at the Ojibway play Friday, March 27th. They will want to hear Madame Alice Waltz sing "My Bark Canoe, and "Hiawatha's Death Song." Tickets 35c and 25c. Plan at MacFarlane's. In aid of Public Library.

A FALSE RUMOR.—We learn that a rumor has got abroad that Dr. Hutton has been in attendance at cases of small-pox in Glenelg. This is absolutely wrong as he is not now nor ever has been in attendance, the Board of Health having procured a Medical attendant for that purpose, and further there is no case of small-pox nearer than 16 miles of Durham.

A new postal rate came into force on March 7th, by which all newspapers and periodicals (including those posted from the office of publication) may be sent from any post office in Canada to the United Kingdom of Great Britain and Ireland at the same rates of postage and under the same regulations as apply to that class of matter to be addressed to post offices in Canada.

DORNOCH AND ROCKY.—Rev. Mr. Graham preached his farewell sermons at his old charges last Sunday to large congregations, and at both places were many evidences that the separation caused "hearttrugs." The Ladies' Aid Society are today, Tuesday, bidding Mrs. Graham a fond good-bye in the Church at Dornoch, and the two workers when they go and wherever they go will feel that their labors have not been in vain and that a love has been generated that will last for long. Mr. Graham obtains supply for next Sabbath at both places, in view of his visiting at Hamilton and other places before going west. They leave Friday morning on this visiting trip. The two congregations will, we hope, enter on the responsible task of choosing a minister with a healthy harmony and be blessed in doing so.

RAILWAY ACCIDENTS.—No fewer than 16 of these during the last three months, make the most calm and collected among us think of the risk of the rail. The G. T. R. wreck at Marden, north of Guelph, last week, came very close to us, a Miss Billings, related to friends here being in the wreck but not seriously injured. Two Egremont ladies also got off at Holstein, same night and Rev. Mr. Farquharson, who was on the same train, informs us that they were still clothed in wet garments as a result of their plunge in the swollen creek. Surely the G. T. R. between morning and night trains might have made them comfortable at Elora or Fergus. Two young children met death through drowning, and about 30 or 40 more or less injured. The coroner's inquest failed to discover the cause of the derailment, the track was in good shape, and the supposition is something fell from the train and getting in front of the wheel caused the derailment. Just the day before the C. P. R. had a head-on collision with two killed, the result of a careless operator.

CREAM SEPARATOR INDUSTRY.

Mr. E. W. Broomall, Philadelphia, the expert in Cream Separators who has been planning with proper encouragement, to start such an industry in Durham, is in town this week to find out for himself how the land lies. We think the council should at once meet with and treat with him and if deemed necessary call a public meeting and get Mr. Broomall to lay his plans before it, and illustrate the good points of the specimen machine he has with him.

THE time to move is now. Ontario, becoming depleted of its young men by the exodus to the West, is bound to become more than ever a dairying country and this proposition meets the case exactly. We hope to see this industry located in Durham.

DAVID ALLAN, Clerk.

To-night, Thursday, the Methodist church concert takes place. The Misses Joy, Flesherton, and other talent will make a good programme.

The Song Service in the Baptist Church Sunday evening was listened to by an appreciative and attentive audience. The members of the choir sang the parts assigned to them creditably. The chor us numbers were specially well sung.

AN ABLE LECTURE.—On Thursday evening last Rev. Mr. Mitchell, a missionary of the Presbyterian Church in Canada, home on furlough from Honan, China, gave the most graphic picture of Chinese life and the difficulties that confront the missionary, that we ever listened to. The missionary he showed was introduced to the natives under the worst conditions, for no respectable or pious Chinese would either sell or rent to the "foreign devil." It was only the reckless, law-defying class who were open to offers, and the relation between landlord and tenant in China was so close, that the character of the tenant was judged by his landlord. The Honan mission territory was triangular in shape, and in size approximating to old Ontario between lines drawn to Sarnia, Buffalo and Orlia, yet this area contained over 5,000,000 people, living in hundreds of villages and divided into 3 prefectures, each having a chief city, called a "Fu" town, where the governor dwelt. The Boxer rebellion, though evil in itself, had wrought good, it being now much easier to make headway. His description of the houses to which Chinese women have to confine themselves was most graphic, and the sensation produced on the populace when he and his wife determined to take some walking exercise was most amusing if there hadn't been in it an element of danger. The news flew like lightning that she devil was out walking with her big feet and the further they went the crowds got bigger till the exciting walk was ended. She didn't try it again, but she and her landlord's wife went out to the country in carts and she had a good walk when the coast was clear. He praises highly the steadfastness of the converts, who faced even death in the late Boxer rebellion rather than recant. The interruptions, the impudence, the duplicity they had to endure at their meetings were graphically told, and only the "patience of the saints" could stand it. Gradually however they are gaining in public favor, and the ploughing of the present among the roots of superstition and prejudice will some day yield a bountiful harvest.
