PROPERTY CHANGE.—Mrs Arrow-smith, through Mr A. Jackson has sold her property to Mr Thos. Swallow. HOTEL CHANGE.—Mr Allan McDougall has purchased the Reis Hotel at a good figure.

MAKES US BLUSH.—Mr. R. A. Mills, Valetta, Kent Co., writes a kind word to us with his remittance for the REVIEW. "We all like the paper very much and think it gets better all the time." This sentiment occurs too frequently to mention all, but we thank all for roses in the path.

300 yds 15c dress Gingham, only 10 cts per yd and 200 yds at 8 cts—at H. H. Mockler's. The Shelburne Economist last week announces a change of proprietors. Mr W. L. Smith retires to take charge of other lines of business in which he is engaged, and is succeeded by Mr T. F. E. Claidge, who has been 12 years associated with the paper. The Economist is one of the brightest of our exchange papers, and we wish the new management success.

A recent issue of the Sault Ste Marie News-Record, (Mich.) contains a notice of the death of Neil McLean, who was a resident of Bentinck 32 yrs ago. Deceased was an uncle of Commissioner Duncan McLean, and a few of the veterans round here will yet remember him. He left Scotland at an early age, for some time resided in Bentinck, later in Manitoulin Id., and for 15 yrs past has resided six miles from Sault Ste Marie. He was 76 yrs of age, leaves a widow and 7 children and a much respected name.

THE STYLE OF HAIR WORN.—Is an important factor to produce a younger and refined face and a well shaped head to any Lady or Gentlemen. Prof. Doreweni, who will be at Durham can demonstrate this to anyone calling on at his Show Rooms. He has Ladies' and Gents' Wigs, Toupees, Bangs, Wavy and Plain Fronts, Switches, every length and shade, that he will gladly adjust on any Lady's head free of charge to prove this. Don't fail to see his hair salon, which is only a few blocks from the Midway House this season, Wednesday, April 15.

S. GREY AGRICULTURAL SOCIETY.—The Directors' Meeting was held on Saturday in the Central Hotel and arrangements, almost final made for the next fall show. We have not yet got copy for the prize list, but we understand great changes have been made on the usual program. Efforts successful we hope, are being made to get one of the government managers here this year. Nothing has been done as far as we know to provide special attractions, but we hope something will be done. The aged President, Mr Jas. Edge was not present, no doubt owing to inclement weather.

WARM THANKS.—In an interview, Tuesday, with Mr Neil McCallum, who lately met with the sore bereavement of losing his son Hugh by drowning, he desired us to say how grateful he and his family were for the many acts of kindness and sympathy extended to them in their distress. Rev. Mr. and Mrs. Pines were especially considerate, and the funeral being on Sunday, Mrs. Pines too, in her service, so that he could be present at the grave, being conveyed there by Mr. Duncan McKinnon, who also showed marked kindness. The young man was verging on manhood, for in July next he would have been 21.

THE SEPARATOR BY-LAW. As will be seen by the advertisement appearing this week, the taxpayers of the town will have an opportunity of saying by their ballots what they think of the proposition laid before them by the council.

The warmth and unanimity of the public meeting was gratifying, but more is needed. The vote requires more than a simple majority and though there should not be one vote against it (and we hope there won't be) if less than three-fifths of the available vote mark their ballot in favor the by-law is lost.

The proposition is a clear one, a vigilant council will see that the town is safeguarded at every point, while dealing equitably, even generously with the new company, and so everyone should feel that on him lies a duty not to be shunned, to vote "yes" on the by-law and see that his neighbor does so also.

There is ample evidence that more than one urban municipality would gladly take over our chance, but Durham, enlightened of late years by the benefits of industrial development, will we believe speak out unflinchingly for more of the same kind.

Support the by-law. TENDERS WANTED. Durham Public School. For (1) The building of a retaining wall around the newly excavated basement of the Public School. (2) For flooring the basement with cement concrete. (3) For erecting a new chimney. Plans and Specifications may be seen at the office of S. P. Saunders, Chairman of the Board of works, Sealed Tenders to be in the hands of the undersigned by 6 p. m. April 20, 1903.

C. RAMAGE, Secy., Durham School Board.

Town Council. An important meeting of the Council was held on Monday evening, Mayor McIntyre presiding. Council all present except Mr A S Hunter.

The following accounts were passed. Some discussion took place over that of the Paving Co., but an agreement was reached so it will now be paid after being shunted over for some time.

A very timely step was taken in instructing the Bd. of Works to proceed at once with the grading and graveling of John (Moody) St and of Bruce St from the Methodist church north to John St, so that when the traffic stationwards is turned that owing to the building of the new bridge on Lambton St, there may be a solid roadway. Mr S McCracken offered if this was done to lay a cement sidewalk in front of his property from Garafraza St to Bruce St. These improvements will certainly be a great boon.

The School Board presented a request for \$1500 to meet the cost in part of the new heating and ventilating system they intend to install this summer, which will cost in all about \$2000. The council very cordially entertained the request.

As a result of the negotiations with Mr Broomall, the agent of the Separator Company a by-law providing for the loan to the Company of \$7000 was put through the various readings and appears in this issue of the REVIEW.
