After Mr. John McDonald was appointed postmaster, it was found that owing to the savings and money order system conflicting with his business as a banker he would either have to throw up the office or keep the postoffice in a separate building. He chose the former.—Chatsworth News.

School re-opened on Monday with Miss A. Meredith in charge of Miss McKenzie's room, Miss Wolfe taking Miss Davey's place for a few days, the latter being debarred by mumps. Misses Lick, Gun and Grant, Mr. Baker and the Principal are all at their posts preparing for the exacting term of work before the summer examinations.

HEARSE ACCIDENT.—While on the way to the McQuarrie funeral on Monday, Messrs Caldwell and Lenahan met a bull in leading. The horses, when opposite, got scared, jumped aside, the hearse overturned, and the drivers narrowly escaped serious injury. The hearse was righted with nothing more serious than broken glass, and proceeded to the funeral.

HOTEL CHANGES.—We mentioned 2 weeks ago that Mr. Allan McDougall had bought the Ries property but omitted last week to say that Mr. Hahn of the Middaugh House had sold out to a Mr. Stockton, of St. Thomas. Mr. Hahn informs us he has nothing against the town nor the business but increasing difficulty in getting hired help and other causes led him to the action. The new proprietors take possession on the first Monday in May, and we take occasion to wish both of them a welcome to our town and trust they may successfully cater to the legitimate needs of the district. To the retiring bonifaces who have striven, we believe, to keep up the record of their houses, we wish good luck in the future.

A MUSICAL TREAT.—Those who assembled on Friday night last in the Baptist Church will bear witness to the appropriateness of our heading. Mrs. Newton added to her already high reputation as a musical artist and Dr. Brown is ever a favorite in Durham for his musical abilities and the public spirit he displays. To render and interpret to the popular taste selections from Paderewski, Gounod, Franz Liszt, and other famous musicians was no light task, but not only in this did Mrs. Newton excel, she was equally pleasing in her original pieces, the "Reverie," and the variations on popular airs. In the "Reminiscences of Don Juan," the piano stormed and coaxed, the sun shone and the clouds gathered, and it was quite unnecessary for the printed program to request that no conversation be carried on. The fingering too was a marvel, for the left hand would be playing a tune all to itself in sweet and sober strain, while the right was skylarking on the higher keys, taking a race down occasionally to see what its mate was doing. Her vocal solo "Flower Song" was also well interpreted. Dr. Brown's treatment of "The Ninety and Nine" was excellent and on being recalled gave a fine optimistic song "Life was not made for sorrow." "Bandaliero" a quaint Italian love song, and "See How a Christian can Die" as an encore were warmly applauded. The choir sang only once, Mrs. Newton at the organ, rendering an excellent chorus.

The Chatsworth News has the following complimentary reference to the new proprietor of the Ries House, who takes possession on May 4th next:—"Mr. Allan McDougall, late of Williamsford, has purchased the Knapp House in Durham. Mr. and Mrs. McDougall are excellent hotel people, as everyone knows, who put up at their hotel in Williamsford, and they can rest assured that they will get the patronage of all their old customers who may go to Durham for business or pleasure."

The Education department has issued a circular to school inspectors asking that Arbor Day be properly observed in every school. This year the former falls on Friday, May 1, and the latter on Friday, May 22. Mr. Harcourt remarks: "Let Arbor Day be a bright, joyous holiday devoted to the pleasure of making beautiful what should be beautiful, and developing in the young minds a keen appreciation of nature. Let Empire Day be also a day which will foster a healthy national patriotism and awaken all the pleasurable emotions which the love of our country and empire should inspire."

NEW LIEUTENANT GOVERNOR.

Mr. W. Mortimer Clark, K. C. a well-known Toronto Barrister has been sworn in as Lieutenant Governor of Ontario, in succession to the late Sir Oliver Mowat. VOTE FOR THE BY-LAW.

Most Important For Durham.

We have been favored with a sight of the agreement between the town and the new Company proposing to establish another industry here and regret our space forbids giving it in its entirety but the bare facts as we shall endeavor to outline them should be inducement enough for every wellwisher of the town to cast his ballot in favor.

The company, the agreement says, is desirous of building, fitting up with the necessary machinery and plant, and operating—this year 1903—a factory for the manufacture of "Cream Separators and other Dairy Utensils." The buildings are to be in whole or in part, stone, brick or cement, to be substantially built and equipped with all necessary boilers, engines, lathes, &c., the whole equipment to cost not less than \$15,000. They agree to employ for 10 years continuously in and about the factory not fewer than 30 hands, of whom a certain number will be skilled mechanics.

Anyone can estimate the good to the town during the construction of such buildings as are required by the circulation of thousands of dollars for supplies and wages, and we have a clear idea what the wages of 30 or more hands means by considering the \$14000 or \$15000 paid every year in wages by the furniture factory. We say "or more" for we understand the promoters have no idea of limiting the employees to 30.

The town for all this promises a loan of \$7000, a free site costing \$300 and exemption from Municipal taxes, (not School taxes,) beyond the present assessment, for period of 10 years. The loan is to be repaid in seven annual instalments beginning with the 4th year. These favors when divided up amongst the ratepayers of a town assessed for \$400,000 are a mere trifle, and not to be considered when the benefits accruing are taken into account.

But more,—every ratepayer is safeguarded before a liability is involved,—the company agrees to secure the town by first mortgage on all buildings, plant, engine, boiler, &c. They agree to keep insured against damage by fire, in companies acceptable to the council, their buildings, plant, &c., to the full insurable value, the insurance at any one time not to be less than the amount due on mortgage.

At every point the council has acted carefully, the proposition is a gilt-edged one, and all that is now required is for every ratepayer owning property to record his vote "For" on Monday next so that at 5 p. m. our civic pride will be gratified that "progress" is still to be the watchword in Durham.

As we explained last week, it is no mere majority that is required. The law demands three-fifths of the total vote,—a very wise provision,—so we trust time, and a little trouble if necessary, will be taken by every man and woman to record their vote.

Durham is a town to be proud of,—let us make it more so.
