THE BIG STORE BEGINNING TO HUM

Now that Spring is here business is beginning to take on life again. Like the bear business does seem to hibernate during the rough winter months, at least it seems to crawl away where it is hard to find, and needs a pick and shovel gang in the shape of low prices to discover and dig it out. We've been doing this for the past couple of months and have unearthed quite a bit—but it is big things we're after now—because spring is here. All nature seems to be on the move in spring and if we may be pardoned for comparing business with the beauties of nature, feel that it is an appropriate time for trade to take on a hustle. To give it a push we have secured some really good things, these coupled with some lines which we don't want and on which we have put a move 'em quick prices should make a combination that will make business brisk for a while.

THE KING ON A JOURNEY.

King Edward, owing to Gamy trials and other causes is not getting justice. We want to note the fact again to our thousands of readers that he is "doing" southern Europe in Royal state. Portugal became intoxicated (with pleasure) over his visit, in a few days Italy, and Rome especially will dance with joy to have a real English King fraternizing with them and a few days later, stranger than all, Paris is to be en fête and all France will welcome their royal neighbor although not long ago England was gnashing its teeth at insults to the Queen offered by this same republic.

Portugal, Italy, France, why not Spain? We fancy there's a reason, but don't mention it. The late unpleasantness with the U-S has not all faded away, and to gnash over Spain might give offence at Washington!

Long live King Edward! but he will make the mistake of his life if he doesn't visit Canada again and while here put in a day and a night in Durham taking in the Cement Works and the new Cream Separator Industry.

WANTED—SEVERAL PERSONS OF CHARACTER and good reputation in each state (one in this county required) to represent and advertise established wealthy business house of solid financial standing.
