A CORRECTION.—We were in error  
last week in reporting Dr Jamieson  
leaving town. Mrs Jamieson is leaving  
for an extended term for the benefit of  
her health, but the Doctor will be still  
on duty here as before.

The Directors of the Durham National  
Gas & Oil Co. have secured upon very  
reasonable terms, a complete drilling  
rig which is guaranteed suitable for  
drilling to any depth. They have also  
secured the services of an expert driller  
to run the rig and superintend the opera-  
tions. They expect the rig and opera-  
tors to arrive early this week and have  
everything in readiness to commence the  
1st of May.

The East Huron License Commis-  
sioners have added another clause to  
their annual resolutions, and by it  
violation of law will be taken into  
account in the renewal of licenses. This  
throws the responsibility upon the pro-  
prietors, and if licenses are cancelled on  
this account the blame will rest upon  
themselves.—Chesley Enterprise.

A DURHAM BOY'S SUCCESS.—The  
Trenton Times, Michigan, of recent date  
has the following flattering notice of an  
old Durhamite. "His many friends here  
will extend congratulations: "We are  
pleased to learn that our old friend, Mr.  
Robt. Laidlaw, late M. C. R. station ag-  
ent at Grosse Isle, has been promoted to  
a position in the divisional Supt's  
office at Detroit. 'Bob,' as he was com-  
monly called, has been in the employ of  
the above road for about 11 years, four  
of which were spent at the dingy little  
station upon the Island, and his merit-  
ed call to a higher office and more pre-  
tentious quarters is a fitting reward for  
years well spent."

Miss McQuarrie, aunt of Mrs. Wm.  
Butchart and who has lived with her  
for years, after suffering a few days  
from pneumonia, passed away last Fri-  
day night. She was of a mild, gentle  
and happy disposition and will be missed  
by others as well as by the members  
of the family circle. She was a very  
loyal member of the Presbyterian  
church and was looking forward to tak-  
ing the sacrament the following Sabbath  
morning. Rev. J. J. Manthorne held a  
service at the house on Saturday evening  
and the body was taken to Durham  
the following day by Messrs. Wm.  
Butchart and John Greig. We extend  
sympathy to the mourning friends.—  
Wiaraton Echo.

REV. MR. FARQUHARSON'S KINDLY  
GIFT.—The offering made by the Odd-  
fellows in the Pres. Church on Sunday  
morning was given in special envelopes,  
marked for the minister and amounted  
to over \$12.00. Monday morning, Mr.  
Burrows, N. G. of the Local Lodge, re-  
ceived a letter of thanks from the Rev.  
Gentleman, which while thoroughly  
appreciating their liberality informed  
them that he had donated it to Mr Ang-  
us Cameron, who, the day previously  
had his arm amputated. The gift re-  
flects handsomely on Rev Mr Farquhar-  
son, and the committee are sure will  
feel honored by their liberality so  
soon given up for so practical an  
exemplification of friendship on the  
lines of this sermon on that topic.

Remember the Arrowsmith furniture  
sale on Saturday at 1 o'clock.

Trimmed Hats, from \$1.00 to \$5.00 than  
are shown anywhere. S. F. Morlock.

We call attention to the new ad. of  
Mr H. Kelsey, who has something  
special to offer in photos, having lately  
secured some new instruments.

FISHING.—The fishing season opens  
on Saturday and great is the preparation  
going on from ye small boy to ye bigger  
one in getting ready for the whipping  
of the streams.

THAT LABEL.—All changes made this  
week. If due credit is not given, let us  
know. We are waiting patiently for a  
number who have promised but have  
not yet paid up.

FELL FROM A SCAFFOLD.—A five year  
old child of Jas Morice's met with a  
serious accident some days ago by fall-  
ing from a scaffold in the barn. Mr  
Morice himself is in poor health this  
spring.

SO SHOULD DURHAM.—Mount Forest  
has held a meeting of property owners  
to consider the advisability of building  
a large number of houses for renting  
purposes. Houses are very scarce in  
the town.

CAR SHORTAGE.—The Cement Co.  
have trouble in getting cars enough to  
ship their product, as they could send  
out 8 or 10 cars a day if they got them.  
A full rush of work is on with orders to  
keep going for months ahead.

LACROSSE.—The first draft of the lea-  
gues of the Intermediate series places  
Durham in District No 3, along with  
Owen Sound, Mt. Forest and Arthur.  
Hahover is out altogether. The Dis-  
trict Secy. is Geo. L. Allen, Mt. Forest.  
The Senior Series this year has at pre-  
sent only six clubs.

The King's Birthday is this year to be  
held on May 25th while in Britain  
June 25th is the day. Last year Britain  
held it on May 30, putting Military  
celebrations on the true day, Nov. 9. The  
poor man wont know where he is at  
but if he choose to travel he could have  
3 or 4 birthdays in one year.

A GOOD PASS.—We omitted to men-  
tion last week the good standing attained  
by Mr Thos. Binnie in his final ex-  
amination at the Dairy School, Guelph.  
He is well up in the general proficiency  
list, and excellent in several classes of  
practical work such as—Separators,  
Milk testing, Cheese department, Chem-  
istry and Dairy Lectures. Tom, we  
expect will settle down to be one of our  
intelligent and prosperous farmers.

Mr. Alexander McGillivray is now the  
postmaster at Chatsworth, he having  
received the appointment on Wednes-  
day, since which time he has been re-  
ceiving the congratulations of many  
friends. The new official has had post-  
office experience, and when the building  
adjoining his residence has undergone  
necessary interior alterations, Chats-  
worth will have a creditable office and  
will no doubt secure an excellent service.  
—Banner.

### SERIOUS ACCIDENT.

Saturday morning last, Mr. Angus  
Cameron, foreman of the Grinding and  
Shipping department of the Cement  
works met with an accident which  
leaves him maimed for life. A belt was  
being placed on a pulley of a motor,  
a rope being used in some way to assist,  
this got entangled with the wheel and  
went slashing round. Mr Cameron  
thought he could remove it and made a  
grab but unfortunately in a moment he  
was caught. He was drawn in to the ma-  
chine, and his left hand torn from his  
arm above the wrist: but for the timely  
help of Mr Whittaker he might have  
lost his life. Dr McDonald was at once  
summoned, and the injured man who  
bore it bravely, was taken home. Dr  
Jamieson was coming home on after-  
noon train so arrangements were made  
to have the necessary operation on his  
arrival. Without delay Drs Jamieson,  
McDonald and Gun met at the residence  
to find that Miss Armstrong, employed  
at once by the Cement Co., had most  
admirable arrangements made for the  
operation, in accordance with the anti-  
septic treatment of wounds. Dr Jamieson  
administered chloroform, and it was  
soon apparent from the crushed and  
torn state of the elbow joint that ampu-  
tation had to take place above it. This  
was effectively done Dr McDonald,  
chiefly, assisted by Dr Gun, doing the  
surgical part, while Dr Jamieson ap-  
plied the anaesthetic and took his share  
in diagnosis. Mr Cameron came  
through it very well, and at time of  
writing is progressing favorably. The  
whole town is deeply sympathetic with  
Mr and Mrs Cameron in the cruel ac-  
cident. We hope he may make a good  
recovery, and have no doubt he will find  
avenues of usefulness, even though sing-  
le-handed. Mr and Mrs Cameron have  
a family of 3 boys, the youngest twins  
over a year old. Mr Farr, the Cement  
Manager, was in Palmerston, but came  
home at once, and showed great kind-

### THE BY-LAW CARRIED.

Almost Unanimous.

Durham Takes Another Boom Ahead.

Monday last marks another advance  
in our good town for by the passing of  
the by-law to establish a Cream Separ-  
ator Factory, another industry is secured  
and it has been shown once more that  
the citizens of the place have faith in it,  
and no greater factor is there than this  
same faith in contributing to advance-  
ment.

Not to make it too monotonous, there  
were found 5 in town who by their vote  
asked Durham to "go way back and  
sit down." These, it seems, we have al-  
ways with us but thank goodness their  
number can be expressed by one figure.  
They have a right to their opinion and  
their townsmen will do them good in  
spite of themselves.

There was a good vote polled, many  
ladies contributing to the result. The  
figures by wards are given below:

	North Ward	East W.	West W.	Total
For	78	96	173	347
Against	0	2	3	5
Majority For,				342
Minimum required,				223
Votes over the minimum,				119

The result is very satisfactory, and  
from the activity shown so far by Coun-  
cil, citizens, and Mr. Brogmal, repre-  
senting the Cream Separator Company,  
we have no doubt before the snow flies  
next winter we shall have another in-  
dustry in our town furnishing steady  
employment to a large number.

To accommodate these and others at  
present inadequately accommodated  
will require many new residences, and  
those with means could find few surer  
investments.

NOTES.

The veteran "Laird of Edge Hill"  
drove out and voted for the By-law.

Well done North Ward, not a single  
vote against, and you farthest from the  
industry.

There was no excitement but a lively  
interest sufficient to keep the blood a  
little warmer.

Durham will now get the cream of  
things, having a Cream Separator in-  
dustry.

DEATH OF "TOM" HUNTER.—Mr.  
Arch. Hunter, of Allan Park, received  
the sad news last week of the death of  
"Tom" Hunter, the seventeen-year-old  
son of the late Edward Hunter, a for-  
mer blacksmith at Allan Park. The  
death took place at Marquette, Michi-  
gan, on April 4th after a couple of days'  
illness with inflammation of the lungs.  
Six years or so ago Mr. Hunter and his  
son, a promising young fellow, travelled  
across the border, both physically  
strong, to try life in another sphere  
and now the remains of father and son  
lie side by side in a cemetery at Michi-  
gan, Michigan. What a lesson of the  
uncertainty of life, and the frailty  
human existence!—Post.

CANADIAN INVASION OF THE STATES.  
—Mr. Wm. Young has left with us a  
copy of the "Alone Farmer" sent by  
his sister from that town in New York  
State, which shows that on May 25th  
next a peaceful invasion will take place  
and a fine holiday mixture of military  
parade and athletic sports will be  
carried out. The paper says "The town  
should be well decorated in the Ameri-  
can and British colors. The 43rd comes  
from Ottawa 450 strong, with band,  
officers' horses and cannon and the day  
will be one of sports and merriment.  
Military headquarters will be at the  
armory and dinners will be served the  
Canadian troops by the ladies of the  
Baptist and Methodist churches. Our  
townspeople and the 27th Separate Co.,  
entertain the military visitors free of  
expense. It will be a notable reunion  
of two great peoples bound together by  
the same customs and aspirations."
