JORDAN & BURNETT.

Sole Agents for Mt. Forest Laundry, Gammage's Cut Flowers, and Nasmiths Bread & Cake.

PHONE 11.

PRICEVILLE.

The fine and cool weather of the last few weeks afforded opportunity for to get the seeding well on by this time, as some are done-while others are only making a start. Fall wheat has a poor appearance on account of so much frost lately and a good shower of warm rain would revive it greatly.

Duncan McDonald and John McLean, South Line, left for Duluth last week.
 Christena A McDonald left this week for her aunt's Mrs Jas Black's, Oak River, Manitoba, where she intends to stay all summer.

Mrs Malcolm Cameron will be going to Toronto this week for to keep house with her boys there during summer.

Gaelic will be preached in the Presbyterian church here twice a month, 1st and 3rd Sundays in each month all summer, commencing next Sunday.

Rev Mr Matheson will be going to the Assembly on Jan 1st which meets at Victoria, B. C. this year.

Tom says that the woman who gave him a cent instead of a quarter the night of the Annual tea-meeting held in the Presbyterian church lately, wasn't cheating him but the Lord and that she will be credited with the cent with what its worth.

Our schools are again opened after Easter and the attendance fairly good in both rooms.

Mrs Malcolm McMillan, S. Line, is laid up from the effects of bleeding from the nose, which troubles her at intervals. Dr Dixon is in attendance.

Thos Fisher, South Line, is laid up from the most of the Spring with inflammation of the eyes. He is somewhat on the mend now and hope to hear of him attending to his work soon again.

John McIntyre, who spent the winter with friends on South Line, left for his home in Bruce last week.

Red Jim and Dan McInnes are both engaged with John McPhail putting in the spring crop.

Mrs Chas McDonald had Alex McLean for a week moving a house she bought from Ned Harrison to her own place, a distance of about a quarter of a mile.

We were pleased to see Mrs Dugald McCormick in church last Sunday for the first time since her recent sickness.

Roger McEachern has the framers this week at his barn and will have the raising in a week or so.

PRICEVILLE CHURCH SERVICES.

The services of St Columba church, Priceville, are arranged as follows for the summer:

English every Sabbath morning except when the Gaelic communions are held, and Gaelic on the first and third Sabbath of each month at 10.45 a. m. When Gaelic is preached the English services are at 11.45 a. m., but on other occasions always at 11 a. m.

It is not probable that any one can be secured who will be able to preach Gaelic, during the Pastor's absence at the meeting of Assembly, in that case the services will be at 11 o'clock.

Communion services will be held on the third and fourth Sabbaths in May.

ZION.

Once more this district has been plunged into grief, and a shadow of sympathy, grief and love hangs over the whole neighborhood. For on Saturday last the 25th inst, the last remains of Mrs Richard Jack were laid to rest in the cemetery at Zion. Our departed friend and her husband were both born and lived till manhood and womanhood in Roxburghshire, Scotland, and many are the tales of love they tell of their young days in the land of the heather. They were married in Scotland, and came to the United States at the time of the war. The laws of uncle Sam however did not suit our young friends so they moved on and settled on Lot 5, Con. 8, Glenelg, in the early 60's, and ever since through thick and thin, good and bad times, storm and sunshine, they were to be found with a kind word, a friendly smile, a helpful deed, a strong arm and a bounteous heart to help any one who was in need. For the first few years times were hard, money scarce and comforts few to our couple, but better days came, and for the last years of life, the river of life has flowed smooth and calm to our friends. We believe that with the exception of one month or so our worthy couple have never been parted, so we can readily feel the grief and sorrow that our friend Mr Jack will feel. The deceased has been a member of the Methodist Church at Zion for a great number of years and her testimony and advice will be missed by all the people of that place of meeting.

During life Mrs Jack and family have enjoyed the best of health, none of them having had any serious illness at any time, and it can truthfully be said that she departed as she had lived, just laying down the burden of life and going to be with Jesus to dwell in one of the many mansions that are prepared for the faithful.

A husband and seven children are left to mourn the loss they have sustained. The children being Mrs Neil McKechnie, Durham, Mrs Ruthertford, Durham, Mrs H. Williams, Edge Hill, and Miss Sarah at home, also Thomas on the next Lot, No. 6, Con. 8, Wm. at home and Sam, who is a moulder at Bradford.

A very large number of people attended the funeral, it was conducted by her pastor Rev. Wray R. Smith, who joins with the district in their sympathy for the sorrowing family in their bereavement.

We are pleased to report all through seeding in this district. Early isn't it.

Mr John Orchard and sister were visiting friends, the Greenwoods on Sunday. John is fixing up his farm near Priceville. Wonder who will be the lucky one.

BOOTHVILLE.

Dry weather and good roads in this part.

The farmers are getting on well with their work. April is an unusual month to finish seeding in. J Campbell finished a week ago. Alex McQueen and his man S McMurdo will finish to-day, Tuesday, discing and harrowing some of it 5 times and sowing a stretch of 76 acres in 103 days. The Wilson's are near through with their spring work.

Jack Hill visited his parents here over Sunday. J is engaged with J and W Haw, Proton, to make brick. So great is the demand for their brick that last year they were not able to supply the demand for it.

Willie Kinsman has purchased a slick little driver. It will go at a dangerous speed.

Dan McCannel has supplied himself with good spring implements a new Peter Hamilton seed drill bought of A McArthur, a cultivator of Sharp, Durham. D is well satisfied with his deals.

D & A wants a separator that will separate the milk from the cows. If an agent with this kind of a separator will call they will get a ready sale. Clark or McKinnon would do.

Miss Lydia Ferguson, of Balsam Valley, visited Miss Annie McCannel last Thursday.

Miss Flora Clark spent a day recently visiting her Glenelg friends.

Miss Selia McLean spent an afternoon last week with Mrs J McQueen.

On Sunday afternoon, while returning from a walk Mr Charles McQueen was attacked by weakness and cold chills. He was accompanied by son-in-law James Marshall or he would have difficulty in reaching home. We are sorry to see the rapid inroads these frequent attacks are making on Mr McQueen's robust constitution. At the time of writing he is much better.

The prayer meeting on Thursday night at Mr Donald McCannel's conducted by Rev Mr Matheson was largely attended. The singing by the school children led by Mary Wilson was much appreciated.

We are sorry to say that Mr James Gardiner's little son is dangerously ill with bronchitis.

Arch Calder and Miss Tena McDonald spent Sunday evening at Mr A McLean's.

HOPEVILLE.

Rev. Mr. Allison returned home after a few weeks visiting his friends.

We hear there is a little pull between Proton and Dundalk councils as to which council should provide for one John Douglas who formerly lived in Proton but latterly in Dundalk. Now our Township Fathers consider that question over and they are talking up telephones and railroads. A special meeting is to be held this week.

Mr W J Glenister, contractor, has commenced his first brick house for this season. He has taken on his son Jas.

Mr. I. W. McArdle of Markdale has been home twice lately to see his parents. On the last trip he brought Dr. Ego to see his mother who is a little under the weather.

Our other sick people around here are better. Mr A H Burnett is able to go to Dundalk and attend to his business. Mrs Searlett is able to be around again and so are the Harvey family. This tells well for Dr Sneath who was attending them.

A western editor, in describing a bride, said she "was dressed in white trimmed with satin," she must have looked like the devil.

Pure-Bred Clydesdale Stallion MacGregor's Last

The undersigned has bought from Mr. O. Sorby, Guelph, the above named stallion out of his last importation, and will offer him for a limited service for the season of 1903. Will stand at his own stable.
 LOT 4, CON. 14, EGREMONT.
 each day except Thursday afternoon of each week, when he will be at Klempp's Hotel, Holstein.
 MacGregor's Last, (1149), imported 1897; foaled July, 1900; is a beautiful bay, large and symmetrical, possessing size, quality and action, and, as his name denotes, he is the last youngest of the set of the famous MacGregor (1875). His dam is the prize-winning mare, "Sweet Fox, (1292), and sired by the Cawdor Cup winner, Prince of Caruchan (1811) by the famous old Prince of Wales (675). His 2d dam, Sweet Lavender (1980), was also a winner at many of the largest shows in Scotland and has for her sire the renowned Danmyle (222). In looking over MacGregor's Last's pedigree it will be easily seen that he is an exceptionally well-bred animal himself and dam and grand dam are all by champion stallions and possessing a strong degree of Danmyle and Prince of Wales blood, which has gone to make all the best sires of the present day. It would be impossible here to enumerate all the prizes they and their products have won. Any intending to improve their stock should patronize this exceptionally good young horse. Pedigree in full can be seen on application to owner.
 TERMS, \$12.
 PETER MUTCH.
 P. S.—This horse was carefully selected for me by my brother, Geo. Mutch, of Lumsden, N. W. T.

Everybody Enjoys
