Town Topics

1714. Durham's Population. Gain of over 300 in 2 years. Soon we'll reach for the 2000 mark. ROOMS TO RENT.—Apply to Thos. Smith.

Money to Loan at 4 1/2 per cent. MACKAY & DUNN, Durham. The mid-season's latest ideas in Millinery, both hats and trimmings at Jas. Ireland's.

Ben Nevis Camp, S. of S., meets on Friday of this week. A full attendance requested.

PIE AND BOX SOCIAL.—will be held in S. S. No. 10, Bentinck, (Clark's School) Friday, May 8, at 8 o'clock. Admission 10 cents. Ladies with pies free.

This week sees a shipment of the newest styles in Men's and Boys' Clothing, installed in the Clothing Dept., at Jas. Ireland's. You'd better see them too.

A candidate for the mayoralty of Collingwood was defeated by an editor and thereupon stopped advertising. He is now advertising his business for sale.—Ex.

ONLY 50 CTS.—We will send the REVIEW to friends not now on our Subscription list, to Jan 1, 1904 for 50 cts. This is any place in Canada, United States, Great Britain and Ireland.

LEG BROKEN.—Master Alex Turnbull, 7 yrs old son of John Turnbull, Latona, while looking at some scuffling among bigger lads at school, was knocked down and in the melee got his leg broken above the ankle. Dr. Smith set the injured limb and he is progressing nicely.

8 ROTARIES ROLLING.—Seven of the rotaries have been going for some time but this week all the eight monsters are licking up coal dust and discharging cement clinkers. The daily output is hampered for want of cars, but still large quantities are being shipped and orders are rolling in for more.

RE CROSSINGS.—We hope the Council will reconsider its action on Monday night and grant to residents of the Upper Town a crossing at the old historic spot in front of Burnett's. It is reasonably near half way between Chester St and Durham Rd., is necessary in bad weather, and would be more used than some others in town. Another one is badly needed somewhere near or opposite Clark's Implement shop. A few weeks ago the street about there was impassable for pedestrians.

SOME BIG SALES.—Mr A. S. Hunter this spring has sold 43 head of pure-bred cattle, two of them shorthorns and forty-one Herefords. Nearly all of these have gone west to Brandon and Calgary and he has more young stock still to go, and then his herd will not be depleted. As a breeder of Herefords Mr Hunter leads the Dominion. Having the biggest cement works in the Dominion, the leading emporium for Herefords, and soon to have the leading Cream Separator Industry, we think ourselves no small potatoes.

ONE OF THE PIONEERS.—At the ripe age of 81 years, Mr Thos. O'Donnell, one of the earliest settlers of Glenelg, passed away on Tuesday of this week. A fall about two weeks ago, caused by or causing a kind of paralysis hastened his end. He leaves as chief mourners, his son John and daughter Maggie at home. Another son Thos. is in Carrington, N. D., and three daughters, married, are also in the west. His wife died 9 years ago. Deceased came from Tipperary, Ireland, and settled in Glenelg in 1849, a few miles east of Durham, and lived there until 5 years ago, when he sold out and moved to town. He was reckoned a man of strict integrity and valued as a neighbor and friend. He was a faithful member of the R. C. Church and will be buried according to its rites.

CAN'T HIDE DURHAM.—The Walkerton Telescope says: "On a bright day the smoke from the Durham cement factory can be seen quite distinctly from any of the hills around Walkerton." The Priceville correspondent of the Flesherton Advance says: "Often upon calm mornings, when looking from the Saugen valley westward, up over Castle hill and St. Columba's spire, over Castle cloud slowly moving in the distance. When this was first observed, some people thought Durham town to be on fire, but presently remembered that 9 or 10 smoke stacks of the National Portland Cement Co.'s works must be the crator where it was emitted, just 10 miles down the river." Now if we can only call forth comment from Mt. Forest on the South and the village of Owen Sound to the north, the circle will be complete. But "wait till you see us next year."

The best values in town in umbrellas and parasols at Jas. Ireland's.

Pure Manitoba Flour from Ogilvie's Mill, Manitoba, for sale, at A. S. Hunter's.

Mr. Kenny, Edge Hill, wants to know where a two-year-old colt is. Last seen near Dornoch. See advt.

EYE SPECIALIST.—T. P. Smith, Elora, eye specialist, will be at the Middaugh House on May 20. One day only.

Straw hats for men, everything from the large working hat to the nobbyest sailors and finest Brazilian straws for best wear at Jas. Ireland's.

STRIKES.—Great strikes are on in Montreal and Toronto, demoralizing trade. As will be seen in our Market reports farmers and drovers are urged not to send cattle forward till settlement is made.

Canada will have a fresh issue of stamps on Dominion Day bearing the image of King Edward. The supply of old stamps bearing the lineaments of the Queen will be disposed of before the new stamps are issued.

THE LACROSSE SITUATION.—By some hitch Durham is out of the Intermediate class this year, but will have a junior team associated for league matches with O. Sound and Dundalk. Walkerton plays here on May 25th and a good game may be expected.

REVIEW TO GREAT BRITAIN AND IRELAND.—Postage is now the same on papers to the old land as in Canada. For 50 cts we will send the REVIEW to Jan 1, 1904 to new subscribers from Land's End to John O'Groats House. Use this special offer to send to your friends.

Assessor Jacklyn reports Bentinck's population to be 3121; ratepayers, 809; assessment \$1,091,550; acres fall wheat, 3488; 7700 cows, 4510 sheep, 3543 hogs and 1813 horses. Only 7000 acres of woodland remain and 21341 acres of swamp, nearly 40000 acres being cleared.—Post.

THAT BABY.—We innocently added a note to a birth notice of a baby girl born, as we were informed, Easter morning.—"Call it Lily," having Easter Lilies in mind. The Confed. improves on this and advises "Esther Lily." The Chronicle points out that the baby was born the evening before, and taking his word for it, since it was the eve of Easter, we move to call it "Eve" or "Eva" hoping the Confed man will second the motion.

CHANGED HANDS.—Both the Lower Town hotels changed hands on Monday. Mr. Ries gives way to Mr. Allan McDougall, who had 8 or 9 years' experience in Williamsford. Mr. Hahn, after several years in Durham is succeeded by Mr. Stockwell, who has had experience in St. Thomas. The two retiring bonifaces have the good will and good wishes of many friends for their future, and the newcomers have been warmly welcomed. We trust they may find Durham to their liking, and take a worthy part in its development.

If the Dominion Government does not take some action in the matter of restricting the manufacture and sale of cigarettes, it will not be because public opinion is not in favor of such a course. The rapid rate at which the consumption of cigarettes has been growing in this country is surprising, and clearly indicates that something should be done to suppress the evil and save the boys. In the United States since 1890 the manufacture of cigarettes has decreased. It fell 25 millions in 1900 and 55 millions more in 1901, but in Canada there has been a steady increase every year for many years. In 1900 we consumed 110 millions; in 1901, 121 millions; in 1902, 134 millions, which is an increase, over 1901, of 13 millions.

CONCRETE BEST FOR BRIDGES.—Nearly everyone is pretty well convinced that concrete is the best material for the construction of sidewalks, culverts and some other things. Elgin is the only county in the whole province which has demonstrated by actual experience, the superiority of cement flooring for bridges. The first cost is somewhat in excess of wood, but this is more than compensated for by the durability of the cement. There are two cement bridges within the corporation of St. Thomas, upon which there is a very heavy traffic. The cement has stood the test of frost and rain and wear, and it is considered in every respect more desirable than wood. Waterloo county council have decided, after investigation, to have cement flooring placed on a bridge at New Hamburg. The contract price is \$770. We notice that the sidewalk on the Teeswater bridge here is wearing very thin again. It would possibly be wise for Bruce county council to consider the use of concrete for replacing bridge coverings that are constantly wearing out.—News.

Town Council.

Met in regular meeting on Monday evening. All the members present. Mayor McIntyre in the chair.

The minutes were read and adopted. Clerk Vollett formally announced to the Council the result of the voting on the by-law.

The following accounts were ordered paid:

Fred Seigner, Hardware for fire hall \$2.77; R. Torry, 4 months salary, chief fire Brigade, \$8.33; Ed. Kress, work and material Town Hall, \$7.33; Colin McDougall, papering, painting, Glass and glazing \$52.40; Wm. Moore, work on George and Queen Streets \$48.65; George Meikle, do., \$9.37; James Falkingham, do., \$8.12; Thos. Smith, do., \$5.75; Chas. Brown, do., \$9.55; Chas. Vollett, printing ac., \$25.57; John Smith, D. R. O., Constable, Rent Poll Booth \$7; Joseph Burnett, D. R. O., Constable, \$5; Clifton Elvidge, D. R. O., Constable, Rent Poll Booth, \$7; W. B. Vollett, salary for April \$22.84; postage and express \$6; R. O. \$6; Stove \$1; Thos. Flanagan, wood to Town Hall \$7.50; B. F. Warner, work \$1; T. R. Whelan, salary to May the 1st as constable \$18; Elvidge, part salary as assessor \$40; total \$291.68.

The act of the Royal Artificial Stone Paving Co., was held over.

McKechnie—J. H. Brown.—That the clerk be instructed to notify assignee of the Mocker estate to have the storehouse on said property removed from Garafraza St., such portion as is on the street. Car.

Sharp—Hunter.—That the board of works are hereby instructed to build a granolithic crossing opposite Mrs. James Burnett's store Upper Town. Lost.

The yeas and nays being called for by Sharp:

Yeas: J. McKechnie, J. H. Brown, J. L. Browne. Nays: A. S. Hunter, Wm. Sharp.

J. McKechnie—J. H. Brown.—That the Mayor be instructed to get legal opinion re those in arrears of taxes for granolithic sidewalk. Carried.

Lay the Dust.

A petition signed by a large number of lower town ratepayers was presented asking aid from the council to procure a street watering apparatus. A long list of the business men was read showing contributions in sums of \$1.00 to \$5.00, amounting in all to \$191.

After discussion the Clerk was instructed to correspond with firms supplying sprinklers with a view to securing one. This will certainly supply a long felt want in the dusty days of summer and is a sort of civic necessity.

More Sidewalks.—Petitions of property owners for the council to provide them sidewalks on the frontage system, were presented. One of these starts from Moody's corner, westward turns the corner at Charter Smith's, west along S side of George St., past Crawford's and Geo. Hepburn's and then north College St. in front of the new residences erected by E. Kress, to Blackburn's corner. The other is by residents of Bruce St. from Redford's residence north.

Council adjourned to meet Monday May the 11th for further business. WM. B. VOLLETT, Clerk.

The Durham Manufacturing Co., has made a vigorous start on the new premises near the station. The ground is staked out, Mr. Geo. McKay and a gang of men are busy making cement blocks right on the ground, and a well is being dug. Mr. Broomall evidently is a hustler.

IN THE BOER WAR.—Mr. Wm. Scatler, N. Dak., renewing for the REVIEW, "welcome as an old friend," says little about himself but gives just a little about his brother, who has had some experience. "Brother Jack was with us all winter, but left a short time ago for Alberta. He served 27 months in the Boer War and got through without a scratch. He got two medals and 5 bars (a bar for each state he fought in.) He served 10 months with the mounted rifles and enjoyed it." At time of writing Mrs. Scatler was in poor health. We learn from another source that her sister Miss Maggie Scott goes west this week.

CARD OF THANKS.

At the regular meeting of Grey Lodge No. 100, I. O. F., held on May 4, a vote of thanks was tendered to Rev. Mr. Farquharson for his very excellent address to them on the 51st anniversary of the founding of the order. Also for the very appropriate use of the collection made to him by the Oddfellows. JOSEPH BURNETT, Secy.

COLT LOST.

Strayed from lot 32, 3rd con., Glenelg, on April 19th, a two year old Bay Mare Colt, small white star on forehead, one hind and one front foot each part white, with dark mane and tail. Finder will be rewarded by returning to WM. KENNY, Edge Hill P. O.
