bill. but the money cost is perhaps not

important matter than the cost in mon-

ey, but one that is seemingly very light-

ly considered, if considered at all. But

the calculation shows that the old say-

ing that "Tobacco is King" is well

plished with the worse than useless cost

Many of the ablest men in the medical profession in this country and in

other parts of the world are devotees of

Our Lady Nicotine, and are not in the

mind as to the injury to health caused

by taking smoke into the lungs, whe her

the fumes of cigar, pipe or cigarette.

Moderate indulgence in the use of the

dreamy weed is not likely to shorten life,

unless in exceptional cases of ' the tobac-

custom of inhaling the vapors of Sir

Walter Raleigh's favorite plant works

The breathing apparatus is not adapt-

indulging of the deleterious practice of

DAIRY COWS.

about Separators. Let us look this

week at a few points of "The Dairy

Cow. The Dairy Cow is more for giv-

ing breeds "-in other words she is a

better milker, and rightly so, for she

is kept for her milk, and in order to

give more milk, she should be of the

The dairy breeds are not so 'blocky'

The neck should be fine and not

fleshy. It should join smoothly to the

rough; they should come to a point

on top and spread gradually as they

The back should be straight, as a

straight back with broad loins is indi-

cative of strength, and this is required

in a good dairy cow. The ribs should

be long, well arched and broad, giv-

portant part of a dairy cow should be

large and well balanced. It should

come well up behind and far forward.

The udder should be well marked

with veins which indicates that it is

not fleshy. It should be firmly attach-
