Men Who Move the World. The world may be divided into

two classes. The first is composed of the great mass of men without strong ambitions, without strong principles, without either the need or power to think out things for themselves. They are content to live, as it were, from hand to mouth -in so far as they are virtuous, doing their duties; in so far as they are vicious, avoiding them, with no laquiry into the deeper reasons things, and the fundamental differ- the No. 4 Binder which I purchasence between virtue and vice. The second class is a comparatively small one, though its limits cannot be defined with any great exactness. It consists of men with minds and wills so active that they cannot take things thus quietly. There are two questions, one of which they will ask, and very o'ten both of them. What meaning can be wrung out of life? and how can we ourselves wring out this meaning? These are the men who, in a greater or less degree, approach the ideals of sanctity, of heroism, or of genius. These are the salt of the earth, the little leaven, hid in a barrel of meal These are the Pauls of the world, and the Voltaires, also the Loyolas and the Benthams. The Etiquette of Divorces.

Is it not time that a little book on the etiquette to be observed by divorced persons was published? "How to be Easy though Divorced" might serve as a title indicating the helpful character of the work. A few reflections in the Boston Journal will perhaps give the author of such a manual a few hints. "It seems to us that a divorced husband should treat his divorced wife when he meets her at a social gathering with the distinguished consideration that he should pay any woman. He should not presume on any former intimacy. Thus he should not wink at her knowingly or poke her slyly in the ribs. Nor should he in Cotton Root Compound.
