REBECCAS.—A visiting band of the Order of Rebecas, composed of 24 ladies, came to Durham Monday, from Mt Forest and instituted a branch here. A general good time was spent in the Odd Fellow's Hall.

FIRST PICNIC.—Tuesday a number of the young people here got into carryalls and went off in a dreamy delightful afternoon to see how Hayward's Falls had stood the winter, and the moon, we presume, did duty on the way home.

HOGS MOVING.—Mr. T. W. Searf, one of our enterprising stockmen, has had an especially good season in the sale of his Yorkshires. He has disposed of 13, mostly around home, and at good prices. Mr. Jno. Cornish, Jr, took two of them to Lumsden.

AN EXPERT JUDGE.—Is this year to be on hand at the S. Grey Fall Show and will take the judging of the stock classes. The date chosen is Monday and Tuesday, Sept. 21 & 22. This new feature will impart a fresh interest to our already fine exhibition.

NEIGHBORLY.—Mr. Angus Cameron and family move this week into the house just vacated by Mr. T. Swallow. A number of his fellow workmen met a few days ago at his garden and put it in good shape for the season. His arm is doing finely and he will soon be able for his duties.

Mens soft front Shirts and White Shirts, at Grant's.

CIVIC IMPROVEMENTS.—Some good work has been done this spring in tree planting, but there is great room for more. The council another year would be wise in having a well matured system inaugurated, whereby, by the payment to them of a certain sum per tree, they would see placed on the streets, living trees and replace any that died in the future. Good men chosen as planters, they could secure a uniformity in the trees, not possible, where each chooses as he pleases. Fences are gradually coming down, flowers are appearing on the lawns, and it is to be hoped the cow by-law will be honestly observed and no rude shock given to those who put their trust in it.

VERY SAD.—Mrs. John Burgess went to Stratford Hospital some weeks ago to undergo treatment for an abscess of some kind. An operation took place last Friday and was successful too, but the shock had proved too much for her and she died on Sunday evening. The remains were brought home on Monday afternoon to her husband's residence and the funeral took place on Tuesday at the Saugeen Cemetery. She was 36 years of age, and much sympathy is felt for the bereaved husband and relatives. Rev. Mr. Farquharson conducted the services at house and grave. Among those from a distance were the deceased's brothers Joseph and Thos Robinson, Cargill, and Jacob, of Peterboro; also her brother-in-law, Mr. Teasdale-Crawford and sisters Mrs. Teasdale; Mrs. Ridley, Bay City, Mich.; Mrs. Tackett, Detroit, and Miss Esther Robinson, Cargill.

SCOTCH CLYDE.—Messrs Chas. McKinnon and Alex. Grierson deserve credit for their enterprise in purchasing "Lord Lochinvar," said to be the best Clyde'sdale horse that has ever been in these parts, from Mr. Wm. Colquhoun, of Mitchell. Mr. Colquhoun imported Lord Lochinvar, No. 10797, from Scotland on the 26th of February, 1903. This is a thorough bred imported horse, weighs 2000 lbs. Farmers, look to your interests and see this fine horse before using. For particulars see the proprietors and posters next week.

By an act of the Legislature Hanover is now a unit, the Bruce and Grey parts being united. There were great rejoicings last week, and we extend congratulations to our sister town which elects to stay in Grey County.

FORESTERS' FUNERAL.—We stop the press to say that the funeral of the late James Hay, who died in the Hospital at Winnipeg, will take place on Saturday, from his father's residence, Dromore, to Amos cemetery. The funeral will be conducted by the I. O. F. See Dromore correspondence, page 8.

FAMINE IN CANADA.—But it is of the startling kind known as a famine of labor. The prosperity of this country at present is phenomenal, and the cry from farmer, manufacturer, and railroad builder is "more men wanted." The vast natural resources of this country is continually drafting men into independent positions. Long may it continue.

The London News says: "For blowing out the brains of a boy in Elgin County, a man was given a year in jail. For stealing ten cents from a boy in Wentworth county a man was given a year in jail. And in London the man who swore he killed old Joseph Sifton got off scot free! What kind of justice is this? Who is to blame for it? Have we got down to such a grade that we regard the theft of ten cents and the spilling of human blood as crimes of equal caliber?"

REEVES FOR COUNTY COUNCIL.—An important measure is before the Legislature giving permission to local municipalities to have the old system back again in a modified form if a majority of the councils so desire. This must be passed before October 1st in the year preceding the election of Co. Councilors, and when properly published and attested by the Co. Clerk, no County election takes place, but the Reeves and Mayors elected constitute the council. We venture to think this will prove popular.

The Clothing you buy at Ireland's has that "made-for-me" look at "Ready-to-wear" prices.

BETTER TRAIN SERVICE.—A petition numerously signed is being sent to G. T. Manager Hays calling his attention to the wretched service we have got of late and asking for improvement. Not only is irregularity complained of, but bitter complaints are being made at the practice of leaving the passenger coach half a mile from town while a run is made to the Cement works to leave cars. The hour or more given by the time-table is too seldom available, and in one case a traveller who could have done his business in an hour simply kept his seat when he found he had only 15 minutes. The petition will we hope bring relief.

THE LATE JAMES MILLIGAN.—Early Tuesday morning, Mr. James Milligan one of the pioneers of S. Bentinck, and the oldest man of the neighborhood, passed to the great beyond, at the patriarchal age of 80. About 4 weeks ago he fell and the slight injuries he received proved the means of, humanly speaking hastening the end. Mr. Milligan came from Dumfriesshire, Scotland, about 50 years ago, and after spending two years in Paris, moved to the "bush" in Bentinck and took up the farm on which he died. His wife died 15 yrs ago, and of their family there remains one son John, and three daughters, Mrs Geo. Turnbull, Mrs Geo. Henderson and Mrs Thos. McDonald. Thos, died a few years ago, and the first wife of Mr Charter Smith, was a daughter. Deceased was always one of the strong moral forces in the community. He was strongly attached to Presbyterianism, and was one of the organizers of Hampden Presbyterian congregation of which he and the late John Young were the first elders. His funeral takes place to-day Thursday to the Saugeen cemetery.

A GREAT CELEBRATION

Monday, May 25th

Provision has been made for and large posters are out announcing a gala day on May 25, the proclaimed King's Birthday and Victoria Day in one. The sports will consist of Lacrosse matches—Walkerton v Durham and Hanover v Durham. Football, Holstein v. Varney. Calithumpian procession, Band music, &c., &c. In the evening the famous comedy drama, "The Scout of the Philippines" will be presented in the Town Hall. More next week.

Over 20 buildings are in course of erection, erected, or about to be in Durham this spring. Before the summer is over there will be many more.

The Gamey case is on this week again, but the sparkle has gone out of it for the public conscience is shocked at the brazen perjury some one is guilty of. "Where did the money come from" is the question on all sides, and it is fondly hoped the result of the commission will be to prove some one unfit to sit in the Legislature.

BROUGHT TO DURHAM.—To-day, Wednesday, the remains of Mrs. Marshall Rombough are being brought to town for burial beside her father. She was a daughter of the late John Barker and, besides her husband, leaves one little girl as chief mourner. We have no details as yet but Mr R's friends will accord him sincere sympathy.

TRAIN OFF TRACK.—Last Friday morning, a few miles this side of Palmerston, "something" went wrong and tender and several cars were thrown off the track but happily no one was seriously hurt, Conductor Lavelle alone receiving some injury. Three cars of cement went into the ditch, but, being in cotton bags, no great harm would result, beyond loss of time. A traveller the night previous in our hearing remarked that the road was unsafe and was the roughest he had rode on for a long time. It seems to be generally admitted that the traffic, very largely added to by the enormous cement output, is more than the present roadbed is fitted for. If so it is up to the G. T. R. authorities to have it put right at once for traffic is bound to increase. Dr. Gun was on the train, on his way to Guelph to attend the operation on Mrs. Burgess, but was prevented by the accident from getting there.
