The Knotter is a very important feature of the Binder. If it is com-

plex it will probably give trouble. The simple Knotter is the one to be chosen. The simplest Knotter we know of is the Massey-Harris. Simplicity is to be desired in all

Another important feature of the Massey-Harris Knotter is that it is so constructed that any wear which may occur in course of time can be readily taken up. No other Knotter equals it in this particular.

The Massey-Harris Knotter is great twine saver, too. It uses but little twine in tying the knot.

The Elevator Chain on the Massey-Harris runs a simple course, with all the sprockets on which it travels

LEGAL STATUS OF WOMEN.

Legislation Gives Sex Many Privileges Their Mothers Did Not Enjoy.

Advocates of the emancipation of women from the legal thralldom to which they have been subject ever since the beginning of the wo.1. have reason to congratulate themselves upon the progress made in recent years. This tardy but gradual and increasing recognition of the legal status of woman has evoked much legislation in regard to the domestic will make them soft, white and relations, the result of which has fleecy. been to practically abolish the theory of entity of man and wife, so long a popular fletion in legal terminology and practice. The philosopher Hume states that "between married persons the cement of friendship is by the laws supposed so strong as to abolish all division | funeral? of possessions, and has often in reality the force assigned to it." In his criticism of this statement Huxley speaks in the more moderate spirit when he says, "Family affection in the eighteenth century may have been stronger than in the nineteenth, but Hume's bachelor inexperience can surely alone explain his strange account of the suppositions of the marriage law of that day and their effects. The law certainly abolished all New York, undoubtedly has no equal division of possessions, but it did so by making the husband sole propri- in the passenger traffic. Under the old Roman law there

were three modes of marriages-confarreatio, a sacramental rite, only permitted to patricians, where the ceremony consisted of the two parties eating a wafer together; coemptio, where a man purchased a wife in market, and usus, in which case he possessed her, and time formed the bond-legally stated as "possession under the statute of limita-
