Glenelg has fifteen concessions, north of the Durham road and four south, also 3 concessions along the west of the township, surveyed with the Garafraxa Road as a base. Thus the township, rather awkwardly, has 3 each of 1st, 2nd and 3rd concessions and two 4th concessions, which are distinguished by N. D. R., S. D. R., E. G. It would take pretty lively deer to climb some of the mountains near the town line Artemesia and it is a miracle how some of the poor people that are depending on a livelihood from some of the places along those roads manage to make a living. True we find some excellent lots in Glenelg, but these are few and far between.
